Students:
It is your responsibility to secure an internship site. Below is a list of sites, listed by location, where some of our students have previously interned. This list is offered only to assist you; it does not indicate an endorsement or recommendation of the site by SHSU or our program. Please contact potential internship sites and ask appropriate questions during your interview to help determine if the site is a good fit for you in terms of the types of counseling services offered and the mission and goals of the site. You are free to intern at a site not on this list. If you find a site of interest to you not on this list, contact the Internship Coordinator who will contact the site to ensure that it meets certain criteria.

Field Practicum Sites
