Sam Houston State University is proud to offer a new major in Entrepreneurship in addition to the existing Entrepreneurship minor.

The BBA in Entrepreneurship offers you the chance to blaze a new path and go where your business ownership goals lead you, while still under the direction and guidance of faculty members who are entrepreneurs themselves.
Entrepreneurship is one of Sam Houston State University’s newest degrees, and is one of the fastest-growing disciplines in colleges of business administration throughout the U.S. In today’s uncertain hiring environment, many people choose to create a job for themselves by starting their own business.

The Entrepreneurship Program prepares you to own and operate a business, which presents many employment opportunities. Entrepreneurship majors are especially appealing to retail and service companies for acceptance into their management development programs.

As an Entrepreneurship major, you can participate in the Collegiate Entrepreneurs’ Organization and Business Plan and Elevator Pitch competitions, and you have the opportunity to start a student-run business.
