Supply the Demand

The economy is one of the hottest topics in America. If you find the discussions interesting and want to learn all of the ins and outs, study Economics at Sam Houston State University.

Our Economics Program will teach you principles, approaches, and conclusions that form the basis for developing sound policies in business, government, and your personal life. A Bachelor of Business Administration in Economics prepares you for a variety of career fields, or to continue your education with a graduate degree.

Come join us in studying the “father of all business disciplines”!

Apply for admission by August 1, 2013.
