A BACHELOR'S DEGREE IN HEALTH CARE ADMINISTRATION

The Department of Health Services and Promotion at Sam Houston State University offers a Bachelor of Science in health care administration that emphasizes the conceptual and analytical skills required to manage and lead contemporary health care organizations. This multidisciplinary degree is composed of courses from health, business, economics, management, and psychology.

You will develop skills in management, health promotion, planning, and human resource administration. You will be prepared to coordinate the delivery of services to prevent disease and foster wellness in the communities you serve. Your decisions can help improve the lives of hundreds, or even thousands, of people every day.

REQUIREMENTS

Included in the 120-hour required degree plan, students must take at least 42 advanced hours at a four-year institution, 18 of which must be writing-enhanced. For graduation, students must maintain a minimum GPA of 2.0.

SCHOLARSHIPS

Students may apply for health program scholarships and non-degree specific scholarships by completing the Scholarships4Kats online application. Transfer scholarships are available for students who would like to continue their academic career at Sam Houston. SHSU provides a quality education at an affordable cost.

INTERNSHIPS

Students will participate in professional internships with local, state-wide, national, and international health services organizations.
