Faculty Information Form (FIF) Workshop

Participants will be able to strategically complete the FIF (those that are part of the fundamental structure of the IDEA system). Additionally, research regarding objectives and teaching techniques will be addressed.

Interpreting the Vast Amount of Information in IDEA Results

Participants will be able to express:
• Why adjusted scores fluctuate
• Why the converted scores are more appropriate than 1-5 scale
• How teaching techniques and objectives match
• Determine what techniques are being performed well and which could use adjustment
• How to determine if what instructor believes is happening in the course is what students perceive is happening

Each workshop is limited to 8 participants, so reserve your space ASAP
