All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials.
CLASSROOM RULES OF CONDUCT
Students will refrain from behavior in the classroom that disrupts the learning process and, thus, impedes the mission of the university. Cellular telephones and pagers must be turned off before class begins. Students are prohibited from eating in class, using tobacco products, making offensive remarks, reading newspapers or other materials not related to the course, sleeping, talking at inappropriate times, wearing inappropriate clothing, or engaging in any other form of distraction. Inappropriate behavior in the classroom shall result in a directive to leave class. Students who are especially disruptive also may be reported to the Dean of Students for disciplinary action in accordance with university policy.

VISITORS IN THE CLASSROOM
Unannounced visitors to class must present a current, official SHSU identification card to be permitted in the classroom. They must not present a disruption to the class by their attendance. If a visitor is not a registered student, it is the instructor’s discretion whether or not the visitor will be allowed to remain in the classroom.

SPECIAL MEETINGS
Several special meetings will be held to accomplish the course objectives and to prepare students for the TExES. These meetings may include field trips and may be held at times other than regularly scheduled class meetings. Students MUST attend these special activities, and failure to do so will result in a class absence being assessed.

ATTIRE
Students are considered to be professionals, and as such, will be required to present and conduct themselves as such. Gentlemen are required to wear long pants/slacks, dress shirt and a tie on a daily basis (coats are also preferred). Hats and/or caps may not be worn. Ladies shall wear a dress, business suit, skirt and blouse, or long pants/slacks and blouse on a daily basis. The instructor will inform the class of activities requiring different attire.

STUDENTS WITH DISABILITIES
Students with a disability that affects their academic performance are expected to arrange for a conference with the instructor in order that appropriate strategies can be considered to ensure that participation and achievement opportunities are not impaired. A student seeking accommodations should contact the Counseling Center and Services for Students with Disabilities (SSD) at the very beginning of the semester.

RELIGIOUS HOLIDAYS
An institution of higher education shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. A student who plans to miss a class or required activity to observe a religious holy day should inform the instructor of all such days in writing not later than the 15th calendar day after the first day of the semester.
