**Academic Dishonesty:** All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials.

**Classroom Rules of Conduct:** Students will refrain from behavior in the classroom that intentionally or unintentionally disrupts the learning process and, thus, impedes the mission of the university. Cellular telephones and pagers must be turned off before class begins. Students are prohibited from eating in class, using tobacco products, making offensive remarks, reading newspapers, sleeping, talking at inappropriate times, wearing inappropriate clothing, or engaging in any other form of distraction. Inappropriate behavior in the classroom shall result in a directive to leave class. Students who are especially disruptive also may be reported to the Dean of Students for disciplinary action in accordance with university policy.

**Visitors in the Classroom:** Unannounced visitors to class must present a current, official SHSU identification card to be permitted in the classroom. They must not present a disruption to the class by their attendance. If the visitor is not a registered student, it is at the instructor’s discretion whether or not the visitor will be allowed to remain in the classroom.

Assignments and Grades:
- **Written (40%)**: Includes daily quizzes, journaling, in-class assignments, group work, homework, in-class discussion participation, in-class presentations, service learning, and attendance. It is your responsibility to read the chapters before they are covered in class.
- **Class Participation (40%)**: Involves daily quizzes, journaling, in-class assignments, group work, homework, in-class discussion participation, in-class presentations, service learning, and attendance.
- **Tests, Midterm, Final (20%)**:

**Attendance and Early Exit Policy**
You are responsible for your success in this class, so regular attendance is important. After your third absence, your grade may be adversely affected by additional absences. For each absence over five, you may be assessed a five-point deduction from your end-of-semester grade. Two tardies or early leaving may be counted as one absence.

According to the university, excused absences are those related to religious holidays, death in the immediate family, and representing the university at a collegial function. Other than those functions related to representing the college, in order to clarify that you had an excused absence, you should take your evidence to the Dean of Students office. The Dean of Students office is your representative. Please do not bring your excuse to me or ask to be treated differently than your peers.

Note: This is a university class; it is expected that you understand and accept the responsibility of being here. If you do not come to class prepared, you may be asked to leave. If this happens, you will receive an unexcused absence and a zero for any classroom assignments related to that day.

**Late Work Policy**
Unless you have an excused absence related to the previously described Attendance Policy, your work cannot be made up. This class teaches practical skills that require physical participation. For your utmost benefit, you need to attend class daily, participate regularly, and complete your work timely. You cannot do this if you are not in class.

**Service Learning Opportunity: (October 1-6)**
Each student will volunteer 5 hours of service learning to enhance their involvement in the culture of Sam Houston State and the surrounding community. The service learning project assigned to this class for Fall 2007 relates to students working at the Rita B. Huff Animal Shelter during the week of October 1-6. There is an essay assignment related to this experience.

**Journal Entries**: You must write at least one page, double-spaced, to receive credit for each entry. Each journal should include paragraphs for the introduction, body, and conclusion. Any exceptions will be noted on the class schedule and/or in class. Keep all of your entries together in your folder/binder.

**Research Assignments**: You will write a research paper referring to your career choice. We will go over the specific instructions in class.

**Tests, Midterm, and Final Exams**: You will have a midterm and a final exam. The final exam will not be comprehensive. Both exams will have a significant writing component.
