Students who miss class will receive a 0% on in-class coursework, quizzes, and other assignments with no chance of making up the work. It is your responsibility to obtain notes, readings, and information about upcoming assignments/quiz/tests that you may have missed due to any absences. If you miss class because of illness or an injury, you are required to bring a signed doctor's note in order to not be penalized for your absence. Whether an absence is excused or unexcused is solely the judgment of the professor.

Class Behavior: Disruptive behavior will result in the student being asked to leave the classroom. A second violation and the student will be dropped. Having said that, I very much encourage class interaction and discussion as I certainly don't want to lecture non-stop for the entire class. Don't sleep in my class. If you do, I reserve the right to call attention to it. Also turn off the cell phones.

Class Material: You are responsible for reading the materials assigned in class. This can include readings from the book and handouts distributed in class. In addition, material covered by any invited guest speakers is fair game on an exam as well. Make sure you keep up with the readings, it is easy to fall behind.

Including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

University policy 861001 provides the procedures to be followed by the student and instructor. The instructor will complete a form notifying the student of a reasonable timeframe in which the missed assignments and/or examinations are to be completed.

"Students with a disability which affects their academic performance are expected to arrange for a conference with the instructor in order that appropriate strategies can be considered to ensure that participation and achievement opportunities are not impaired."
