COURSE DESCRIPTION: BIO 134 Contemporary Biology. [BIOL 1308]
Presentation for the non-science major of biological concepts and topical subjects related to science methods,
embryological development, reproduction, genetics, evolution, human organ systems, disease, and environmental biology.
Ethical considerations of reproduction and birth control, genetic engineering, environmental pollution and population control will be included. Credit in BIO 134 as a laboratory science is contingent upon completion of BIO 114. Credit in this course cannot be applied to either a major or minor in the sciences. Fall, Spring, Summer. Credit 3.

COURSE STRUCTURE:
1. **Lecture** will cover the basics of biology.
2. **Attendance** is not mandatory, but you will benefit greatly by attending. I will cover information that is not in your book that you will be responsible for knowing. See below for missed assignments policy.
3. **Lecture Exams** will provide you with a gauge of your progress.
4. **Reading** the assigned chapters and all handouts is necessary for the class.
5. **TAKE NOTES!** I am not obligated to post my lecture slides. IT IS YOUR RESPONSIBILITY TO TAKE NOTES!
6. **Missed Tests:** Excusing a student is at the discretion of the faculty (see below, "Class Attendance"). I do not give make-up exams because the lowest exam score and the bonus assignment will not count against the student. Any student arriving after the first student has completed the exam and turned it in will not be allowed to take the exam.

COURSE RESOURCES:
Required Texts:
- **TITLE** Essential Biology with Physiology, Second Edition
- **AUTHOR** Campbell, Reece and Simon

Additional Media
- **BLACKBOARD** The Bonus Assignment will be submitted electronically via BlackBoard. The syllabus will be posted on Blackboard, as well as abbreviated versions of lecture, at my discretion. Again, IT IS YOUR RESPONSIBILITY TO TAKE NOTES!

EVALUATION METHODS:
Your grade will be derived from four lecture exams (including the final) and 20 point Bonus Question. Details follow:

GRADING:

<table>

So you can possibly earn 450 points out of 400 points!
1. **Lecture Exams:** There are a total of 4 lecture exams and the cumulative final exam. All exams are comprehensive in that you must understand and be able to build on concepts presented in previous lectures. The final exam is cumulative and will cover all material presented in previous exams. Your lowest exam grade of the 4 lecture exams will be dropped. Any student arriving after the first student has completed the exam and turned it in will not be allowed to take the exam. **I do not give make-up exams because you have the opportunity to drop your lowest exam grade.**

2. **Bonus Assignment:** There will be one 50 point bonus question assigned at some point during the semester period. We will discuss details in the day of the assignment. If you are not in lecture that day, **I WILL NOT POST THE ASSIGNMENT ON BLACKBOARD!** If you miss that day, you will miss the opportunity to make 50 bonus points.

3. I reserve the right to assign in lecture pop-quizzes that count as points towards the final score at any time.

4. There will be NO ADDITIONAL extra credit, under any circumstance or for any reason.

SAM POLICY

Academic Honesty: All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The university and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials.

Visitors in the classroom: Only registered students may attend class. Exceptions can be made on a case-by-case basis by the professor. In all cases, visitors must not present a disruption to the class by their attendance. Students wishing to audit a class must apply to do so through the Registrar’s Office.

Students with Disabilities: It is the policy of the university that no otherwise qualified disabled student shall, solely by reason of his/her handicap, be excluded from participation in, or denied benefits of, or be subject to discrimination under any academic or Student Life program or activity. Disabled students may request help with academically related problems stemming from individual disabilities by contacting their instructor, school/department chair, or by contacting the university Chair of the Committee for Continuing Assistance for Disabled Students/ Director of Counseling Center (located in Lee Drain Annex, phone 936-294-1720). A student with a disability is encouraged to register with the university Counseling Center, as well as contacting their instructor about assistance needs. Accommodation cannot be made until the student has initiated the request with the Counseling Center. Every semester that the student desires accommodations, it is the student’s responsibility to complete a Classroom Accommodation Request Form at the Counseling Center and follow the stated procedure in notifying faculty. Accommodations for disabled students are decided upon documentation and need on a case-by-case basis by the Counseling Center. All requests are handled with confidentiality according to university procedures.

Religious Holy Days Policy: Section 51.911(b) of the Texas Education Code requires that the university excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. University Policy 86100 provides procedures to be followed by the student and instructor. A student desiring to absent himself/herself from a scheduled class in order to observe (a) religious holy day(s) shall present to each instructor involved a written statement concerning the religious holy day(s). This request must be made in the first 15 days of the semester or the first 7 days of a summer session in which the absence(s) will occur. The instructor will complete a form notifying the student of a reasonable timeframe in which the missed assignments and/or examinations are to be completed.
