COURSE DESCRIPTION

HUMAN RELATIONS FOR VOCATIONAL TECHNICAL INDUSTRIAL TEACHERS

I E 431

Spring 2008
COLLEGE OF ARTS AND SCIENCE

Course Description

DEPARTMENT: Technology

COURSE NUMBER/TITLE: IE 431 – Human Relations for Vocational Technical Industrial Teachers

INSTRUCTOR: Dr. Nedom Muns

COURSE DESCRIPTION

This course is designed to aid vocational industrial and health occupations instructors in establishing and maintaining effective relationships with students, co-workers, other school personnel, industry, and persons in community. Principles and skills in working with people will be developed through a study of: advantages of the principles of learning, influences of heredity and environment, basic wants and needs, motivational factors, development of positive attitudes, teacher-student relationship, leadership development, and elements of effective communication. A study of techniques of identifying and arriving at probable solutions on human relations will be emphasized. This course includes a study of techniques of identifying and arriving at probable solutions for providing all students equal access to vocational program offerings.

COURSE OBJECTIVES

Upon completion of this course, the instructor will have successfully demonstrated the following competencies:

1. Practice meaningful human relations in identifying and arriving at offerings.

2. Recognize the philosophy that everyone, regardless of personal factors, has worth as a human being.

3. Identify personality traits and characteristics that affect human behavior.

4. Develop awareness of perception as a controlling influence on behavior.
5. Give examples of distorted perceptions some people have of others.

6. Describe some of the more common needs and raise some particular questions of why people behave as they do.

7. Recognize the importance of organizations in meeting individual and group goals and identify behavior patterns of people within the organization.

8. Discuss emotions, their effect upon the body and behavior and the difficulties associated with living with problems.

9. Clarify value judgments and interpret influences values have on people’s lives.

10. Recognize the importance of understanding the nature, origins, and functions of the self-concept and its influence on human behavior.

11. Develop a strong self-concept and strive for personality improvement.

12. Recognize life situations which represent a threat to adjustment and identify individual differences in adjustment.

13. Prepare for dealing effectively with usual life problems and accept the behavior of others who are reacting in their own individual way to threats in life situations.

14. Remove barriers to communications which result in misunderstanding, lack of motivation, insecurity, conflict and inability to make effective decisions.

15. Recognize differences in beliefs and attitudes among students with special needs and establish effective helping relationships.

16. Point out some of the difficulties that might arise in the form of conflicting personalities.

17. Identify effective ways to deal with personality conflicts.

18. Practice techniques of problem solving.

19. Identify leadership qualities and develop strategies and techniques essential to effective leadership roles.
20. Practice meaningful human relations through experience where people reach out to others with genuine care and understanding.

HUMAN RELATIONS FOR VOCATIONAL INSTRUCTORS shall include the following essential elements:

The student shall have the opportunity to:

1. Understand first impressions of others and interpret the judgments, both valid and invalid, that result from making first impressions.

UNIT OUTLINE:

I. Psychology in our changing world.
   A. Why study Psychology
   B. Why look to the future
   C. Life in a global community
   D. The world of communications
   E. Lifelong education
   F. Threats to our environment
   G. What about energy
   H. How are we changing
   I. Quality of life

II. Self concept and personality
   A. Self concept
   B. Self esteem
   C. Personality
      1. Traits
      2. Types
   D. How did you get to be you
      1. Heredity
      2. Environment
      3. Self-development
      4. Sexuality
   E. Self and personality
      1. ID
      2. Ego
      3. Superego
   F. Personality change

III. Motives and values
A. Behavior is complex
   1. Cause and effect
   2. Conflicts
      a. Types of conflicts
B. Human behavior theories
   1. Psychoanalytic
   2. Humanistic
   3. X and X theory
C. Types of motives
   1. Physiological
   2. Maslow Hierarchy
   3. Self actualizing
D. Motivating
   1. Others
   2. Self
   3. Control or influence
E. Values
   1. Clarifying values
   2. Kinds of values
   3. Influences on values

IV. Senses and perception
A. Level of awareness
B. Increasing awareness
C. Types of senses
   1. Sight
   2. Hearing
   3. Touch
   4. Taste
   5. Smell
D. Factors that effect perception
   1. Physical abilities
   2. Environment
   3. Past
   4. Set needs
E. Principles of perception
   1. Constancy
   2. Figure
   3. Fatality
   4. Camouflage
   5. Closure
   6. Conditioning
   7. Illusions
F. Parapsychology

V. Emotions
A. Development of emotions
B. Classification of emotions
C. Effects of emotions
D. Types of emotions
   1. Fear
   2. Phobias
   3. Anger
   4. Love
   5. Hate
   6. Envy
   7. Jealousy
   8. Guilt
   9. Grief
E. Emotions and living

VI. Attitudes
A. Influences on attitudes
   1. Family
   2. Peers
   3. Role models
   4. Experiences
   5. Culture
B. Attitudes and behavior
C. Positive and negative attitudes
   1. Pessimists or optimists
   2. Prejudice
   3. Discrimination
D. Work related attitudes
   1. Loyalty
   2. Willingness to work
   3. Willingness to learn
   4. Work with others
E. Changing attitudes
   1. Personality
   2. Behavior
   3. Outside influences
F. What is your attitude

VII. Thinking and problem solving
A. The brain
   1. Brain types
   2. Development of brain
B. Intelligence
   1. IQ
C. Learning and memory
D. Contributions to memory
1. Motivation
2. Attention
3. Association
4. Repetition
5. Common sense

E. Creative thinkers
1. Questioning
2. Self confident
3. Flexibility
4. Persistence
5. Brainstorming
6. Quality circles

VIII. Stress
A. Major adjustments in life
1. Early experiences
2. Adolescence
3. Independent living
4. Marriage
5. Illness

B. Job related
1. New employee
2. Working hours
3. Job change
4. Unemployment
5. Retirement

C. Death and dying
1. Acceptance
2. Loss of a loved one

D. Copying mechanisms
1. Day dreaming
2. Rationalization
3. Regression
4. Fixation
5. Displacement
6. Projection
7. Repression
8. Denial
9. Identification
10. Compensation

IX. Skip

X. Exceptional persons
A. Disability/handicap/gifted
1. Gifted/talented
2. Mental retardation
3. Physical disabilities
4. Emotional disorders
5. Social culturally disadvantages
6. Visual
7. Speech

B. Families of children

C. Education of exceptional persons
   1. Public law 94-142
   2. Job opportunities
   3. Social attitudes
   4. Quality of life

XI. Leaderships
   A. Influencing the Behavior of Others
   B. Relation of Values of Leaderships
      1. Status leaders
      2. Leaders must serve needs
   C. Relation of Values to Followership
   D. Bringing the Leaders and Followers Together
   E. Qualities of a Good Leader
   F. Importance of Leadership
   G. Finding and Developing Leaders

XII. Understanding Our Society
   A. How Society is Organized into Groups and Classes
      1. Primary group
      2. Secondary group
   B. Neighborhoods
   C. Classes in America
      1. Upper class
      2. Middle class
      3. Working class
      4. Lower class
   D. Sex Stereotyping
   E. Social Mobility
      1. Natural abilities
      2. Talents
   F. How Social Distinctions Affect Attitudes
   G. Psychological Considerations in a Democracy
      1. Conformity
      2. Non-conformity
   H. Youth Delinquency and Discontent
      1. Lack of meaningful programs
      2. Lack of sufficient job opportunity
      3. Lack of significant role in society
I. Minority Groups
J. Social Attitudes, Government and Politics

GRADING:

A minimum of three exams and one final will be given. The final exam will have a weighted value of 1/3 on the final grade. The regular exams will have a value of 1/3 and the class assignments will have a value of 1/3 on the final grade. Exams will be written, matching, multiple choice, completion, and essay forms. Material covered in the lecture not in the textbook will be covered in the examinations.

COURSE EVALUATION:

Each student will be expected to prepare a written report on a given topic and to prepare short reports related to topics in the course material.

STUDENT DISABILITY POLICY:

Students with a disability which affects their academic performance are expected to arrange for a conference with the instructor in order that appropriate strategies can be considered to ensure that participation and achievement opportunities are not impaired.

ATTENDANCE:

All students are expected to attend each class. Students will be given handout material on each unit but should be prepared to take notes each day for future study. The students should feel free to ask any questions related to the material covered in the course.
