**IDEA OBJECTIVES:**

*Essential:*
- Learning to *apply* course material (to improve thinking, problem solving, and decisions)
- Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course

*Important:*
- Learning to *analyze* and *critically evaluate* ideas, arguments and points of view
- Acquiring an interest in learning more by asking questions and seeking answers

**COURSE OBJECTIVES:**

Students will develop an understanding of the therapeutic applications for several approaches to systemic family therapy, including but not limited to intergenerational, behavioral, Satir's, structural, interactional/strategic and brief/narrative. Students will investigate how a therapist's approach to family therapy is influenced by her/his family of origin experiences. The curricula for this course (1) includes knowledge of the literature of the discipline and (2) ongoing student engagement in research and appropriate professional training experiences.
Standards Matrix: Upon successful completion of this course, students will be able to:

Course Requirements:

1. **Individual Presentations**: During the semester, each student will make two presentations to the class: 1) on a selected topic (typically a chapter in a book); and, 2) on a section of the Prepare/Enrich manual. Presentations are to be 12 minutes in length. The topics are listed in the Tentative Class Schedule below.

   Each presenter will be expected to give handouts supporting the presentation to the instructor and other students in the class. These will consist of a typed outline of the important concepts of the readings (2-3 pages) describing what the presenter believes are the most useful therapeutic techniques.

   The presentation itself should include the important concepts in the reading related to how the author joins, assesses, hypothesizes, intervenes in, and evaluates therapy. Also react to whether you are comfortable with the approach studied...Why or why not?

2. **Journal Article**: Read two journal articles in the *Journal of M&FT*, the *American Journal of Family Therapy* or *Family Process* and write a one page review, typewritten, for each article. The articles selected must focus on techniques and strategies of family therapy. The journal articles must be from 2000-present. List the articles on a separate page for references and correctly reference in your review. **DUE 3/18**.

3. **Couple Interview**: Interview a couple and **audio-tape** the session. Obtain the couples' permission for another student and the professor to listen to the tape. Use the Structured Initial Interview (SII) Format developed by Hiebert & Gillespie (1984) as your framework for conducting the interview. The article is listed as R2 "The initial interview" in the required readings, above.

   Write a 2 - 3 page paper summarizing the major responses of the couple, focused especially on the main thematic areas discussed by Hiebert & Gillespie (1984). Turn in the audio-tape with the paper. The tapes will be exchanged with another student who will review your tape and give you positive feedback (85% or more) on how you followed the SII format. A feedback sheet along with the tape and paper will then be turned into Dr. Bruhn for his brief review. The grade for this assignment will be given to the **feedback giver**, for the quality of the feedback on the tape. **Due 4/1**.

4. **Impact of Ethnicity on Your Approach to Family Therapy**: Using *Ethnicity and family therapy* (McGoldrick, Pearce & Giordano, 1982), *Ethnicity and family therapy, (2nd ed.*)* (McGoldrick, Giordano & Pearce, 1996) or *Ethnicity and family therapy, (3rd ed.*)* (McGoldrick, Giordano & Garcia-Preto, 2005) as a resource, identify the ethnic background that best suits you. Write a 5 page paper (double spaced, APA style with appropriate reference[s]) that describes characteristics of your personality and behavior that are like the ethnic group(s)
you have descended from. Also, describe how these characteristics interact with your preferred approach to doing marriage and family therapy.  

Due 4/29.

5. Exams. There will be three exams. The first will cover all topics and readings up to the first exam. The second will cover all topics and readings from the first to the second exam. The take-home final exam will cover all topics and readings studied after the second exam, and will be due at 7 P.M. on 5/7/08.

6. Extra credit. Students may earn extra credit by writing a research report on one approach to marriage and family therapy. This paper must adhere to APA 5th Edition standards and the Department of Educational Leadership Writing Standards and must be at least 15 pages long counting title page, body of the paper and reference page(s). See the extra credit handout for additional requirements and impact on the final grade for the course. Due 4/22.

Grades:
First Exam 20%, Second Exam 20%, Final Exam 25%, Couple Interview 10%, Impact of Ethnicity Assignment 10%, Presentations/Handout 5%, Journal Articles 5%, Class Participation 5%.
A=90 & above; B=80-90.9; C= 70-79.9; F=below 70

Manner of Presentation:
This course will be conducted as a graduate seminar. The professor will occasionally lecture, but for the most part the seminar will revolve around student and professor discussion of assigned or recommended readings and experiences, and responses to student questions. The professor will facilitate the discussion and will ask specific questions about the assigned readings. Students are expected to be highly active in the exchange of information, ideas and opinions. However, students should also be sensitive of the need to “share” the time with all of the other students. Where possible, the professor will present live or video taped work with couples or families for the class to observe and discuss.

**Student Syllabus Guidelines:** You may find online a more detailed description of the following policies. These guidelines will also provide you with a link to the specific university policy or procedure: [http://www.shsu.edu/syllabus/](http://www.shsu.edu/syllabus/)

**Academic Dishonesty:** Students are expected to maintain honesty and integrity in the academic experiences both in and out of the classroom. *See Student Syllabus Guidelines.* All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials. For a complete listing of the university policy, see: [http://www.shsu.edu/administrative/faculty/sectionb.html#dishonesty](http://www.shsu.edu/administrative/faculty/sectionb.html#dishonesty)

**Classroom Rules of Conduct:** Students are expected to assist in maintaining a classroom environment that is conducive to learning. Students are to treat faculty and students with respect. Students are to turn off all cell phones while in the classroom. Under no circumstances are cell phones or any electronic devices to be used or seen during times of examination. Students may tape record lectures provided they do not disturb other students in the process.

**Student Absences on Religious Holy Days:** Students are allowed to miss class and other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. Students remain responsible for all work. *See Student Syllabus Guidelines.*

**Students with Disabilities Policy:** It is the policy of Sam Houston State University that individuals otherwise qualified shall not be excluded, solely by reason of their disability, from participation in any academic program of the university. Further, they shall not be denied the benefits of these programs nor shall they be subjected to discrimination. Students with disabilities that might affect their academic performance should visit with the Office of Services for Students with Disabilities located in the Counseling Center. *See Student Syllabus Guidelines.*
**Visitors in the Classroom**: Only registered students may attend class. Exceptions can be made on a case-by-case basis by the professor. In all cases, visitors must not present a disruption to the class by their attendance. Students wishing to audit a class must apply to do so through the Registrar’s Office.

**Counseling Program Attendance Policy**: Regular and punctual class attendance by each student is expected. Late arrival to class will impact the participation grade. The following represents the attendance policy for all courses in the Counseling Program:

- Students are permitted to miss one class (3 hours) with no penalty, but a call (or e-mail) to the professor is expected.
- With a second absence (3 hours), a drop of one letter grade will occur unless the student writes a letter to the Counseling Faculty explaining the extenuating circumstances for BOTH absences, with doctor’s excuse or other documentation attached. The Faculty will then discuss the letter in a meeting and decide if the letter grade drop will occur or if the student is excused from that action.
- An automatic drop of a letter grade will occur for each subsequent absence.
