POL 285.12, 285.14, 285.16-American Public Policy, 3 credit hours
SHSU - Spring, 2008
Tuesday and Thursday, 12:30-1:50 p.m., SHB, room 306

Instructor: Dr. Corliss Lentz
Office: AB1 315C; (936) 294-1459; E-MAIL:pol_ccl@shsu.edu
Office Hours: 8:30 a.m.-9:30; 12:15-1:45 T, Th in Huntsville

The instructor reserves the right to alter the syllabus, including dates for examinations, presentations, and the due date of materials, as needed. These changes will be announced in class and may appear in Blackboard announcements. It is the student's responsibility to become aware of the changes.

REQUIRED TEXTBOOKS:
These textbooks are needed for you to do well in the course. Please obtain them as quickly as possible and stay up on your readings.

COURSE DESCRIPTION:
Public Policy: “A General study of the roles, actions, and problems of modern governments in dealing with social issues such as education, health, housing, transportation, and welfare services.” Prerequisite: POL 261.

Course Expectations:
The course will require three examinations, a comprehensive final examination, and a short paper. You will need a scantron for every exam.

First examination 100 points
second examination 100 points
third examination 100 points
Final examination 100 points
State of the Union Paper 100 points
Total 500 points
A=450-500 points, B=400-449 points, C=350-399 points, D=300-349 points, F=299 or less

There are no opportunities for extra credit; thus, you should pay attention to doing your best on the regular credit assignments.

Make-ups for examinations, presentations or excused absences will be allowed only if documentation is provided for SHSU sponsored activities, illnesses, hospitalizations, funerals, or other emergencies. Documentation must be submitted prior to the final examination date. Make-up examinations for SHSU sponsored activities must be completed prior to the class scheduled examination.

Examinations:
There will be three in class examinations and a final exam. The exams may be a combination of short answer, multiple choice, and essay. Examinations will be graded on the quality of your argument and
references to lecture and textbook material. Failure to refer to the textbook or lecture materials will result in unsatisfactory grades. The final exam will be comprehensive in nature.

Make up examinations are conducted prior to the date of the examination. Please contact the instructor or graduate assistant ahead of time so a make up can be scheduled. In event of emergencies, make up examinations will be given, but the examination will be different than the one given at the scheduled time.

Student grades will be posted on BlackBoard. Students should save all graded items until the final grade is posted. If there is a problem with your final grade it cannot be resolved if you do not have original copies of the paper and examinations. The grade in my record will stand unless you can provide documentation that I have made an error; so, save everything!

COURSE GOALS AND OBJECTIVES:
This is a basic course in the social welfare and public assistance programs offered to the American poor. We will discuss the foundations of social welfare, including the history of social welfare programs and the definitions used. An overview of the major programs will be provided. Students will be encouraged to formulate their own agenda concerning this aspect of public policy. Objectives will include

- gaining factual knowledge (terminology, classifications, methods, trends)
- acquiring skills in working with others as a member of a team
- gaining a broader understanding and appreciation of intellectual activity
- developing a clearer understanding of, and commitment to, personal values

by understanding the policy process through the Davis text.

through group projects,

through readings and in class activities,

through readings and in class activities.

ATTENDANCE:
Attendance will be taken at each class meeting. If you miss class it is your responsibility to become aware of changes in the course syllabus, including any changes in dates for examinations and presentations, and for acquiring class notes. Students who have 6 or more unexcused absences will fail the course.

ACADEMIC DISHONESTY:
Cheating on the exams or the paper will result in administrative sanctions including being reported to the Dean of Students, failing the course, or academic expulsion.

All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials.

This instructor takes academic dishonesty very seriously and will penalize students who engage in it. SHSU defines “cheating” as
“1) copying from another student’s test paper, laboratory report, other report, or computer files, data listings, and/or programs.
2) Using, during a test, materials not authorized by the person giving the test.
3) collaborating, without authorization, with another student during an examination or in preparing academic work.
4) knowingly, and without authorization, using, buying, selling, stealing, transporting, soliciting, copying, or possessing, in whole or in part, the contents of an unadministered test.
7) Purchasing, or otherwise acquiring and submitting as one’s own work any research paper or other writing assignment prepared by an individual or firm.
5.312 "Plagiarism” means the appropriation of another’s work or idea and the unacknowledged incorporation of that work or idea into one’s own work offered for credit.”

Students engaged in any of the above dishonest activities will receive a grade of 0 on the examination or paper in question and be sent to the Dean of Students. Other academic sanctions including expulsion from the university are possible.

**COURSE COMPONENTS:**
1. A **short essay paper** will be required covering President G. W. Bush’s **State of the Union** speech.

   Your paper will cover the main points of the President’s speech. Look for points that the President may make about diseases, particularly HIV/AIDS, Malaria, and Avian Flu. You should organize the paper thus:
   a. The introductory paragraph should state when the speech was delivered, by whom, and list the topics from the speech that you plan to cover. You could also list some of the topics that you won’t cover (10 points).
   b. You need at least one paragraph for each topic to describe what the President said. (50 points)
   c. You need another paragraph or two to explain your attitudes about the speech. (25 points)
   d. You need a concluding paragraph that explains what the paper was about..(15 points)
   e. Late papers are not appreciated. Your paper will lose 10 points for every day it is late. The Paper will not be accepted after Monday, Feb. 18, 2008.

   You should type the paper in Times New Roman using 12 point font. Papers should have a cover sheet and there will be a 5 point penalty for papers without them. The essay should be 3 pages, not counting the cover sheet. **If you have time, take the paper to the writing center for assistance in grammar and punctuation.**

2. **Examinations** will be a combination of essays, short answer identifications, and multiple choice questions. Several DVDs on diseases will be shown in the class. Examination questions will come from lecture, readings, and DVDs. DVDs will be put on reserve at the library after they have been shown in class.

**CONNECTIONS FOR DISEASES:**
**EBOLA and other Hemorrhagic diseases**

GENERAL POLICIES:
The following policies regard classroom demeanor.

Classroom Rules of Conduct:
The Code of Student Conduct and Discipline is found at the following link:
https://www.shsu.edu/students/guide/dean/codeofconduct.html
Section 5.2.22 defines classroom disturbances.

Students will refrain from behavior in the classroom that intentionally or unintentionally disrupts the learning process and, thus, impedes the mission of the university. **Cellular telephones, pagers, M3P players and IPods must be turned off** before class begins. **Students should put phones away and refrain from texting during the class period. If your cell phone rings or you are texting while you are in class, your phone may be confiscated.** Students are prohibited from eating in class, using tobacco products, making offensive remarks, reading newspapers, sleeping, talking at inappropriate times, wearing inappropriate clothing, or engaging in any other form of distraction. Inappropriate behavior in the classroom may result in a directive to leave class and your name removed from the day’s attendance role. Students who are especially disruptive also may be reported to the Dean of Students for disciplinary action in accordance with university policy. If you leave class prematurely your name will be removed from the day’s attendance role.

**Cell phones, pagers, M3P players or Ipods must be turned off and placed out of sight during class lectures, presentations, and examinations.**

Americans with Disabilities:
It is the policy of Sam Houston State University that individuals otherwise qualified shall not be excluded, solely by reason of their disability, from participation in any academic program of the university. Further, they shall not be denied the benefits of these programs nor shall they be subjected to discrimination. Students with
disabilities that might affect their academic performance are expected to visit with the Office of Services for Students with Disabilities located in the Counseling Center. They should then make arrangements with their individual instructors so that appropriate strategies can be considered and helpful procedures can be developed to ensure that participation and achievement opportunities are not impaired.

SHSU adheres to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations for students with disabilities. If a student has a disability that may affect adversely his/her work in this class, then the student is encouraged to register with the SHSU Counseling Center and to talk with the instructor about how best to deal with the situation. All disclosures of disabilities will be kept strictly confidential. NOTE: no accommodation can be made until the student registers with the Counseling Center.

Requests for disability accommodations must be initiated by the student. A student seeking accommodations should go to the Counseling Center and Services for Students with Disabilities (SSD) in a timely manner. This instructor requires documentation from the Counseling Center in order to provide accommodations. Once documented, discuss with the instructor the best ways that she can accommodate your needs.

Classroom Visitors:
Unannounced visitors to class must present a current, official SHSU identification card to be permitted into the classroom. They must not present a disruption to the class by their attendance. If the visitor is not a registered student, it is at the instructor's discretion whether or not the visitor will be allowed to remain in the classroom.

This policy is not intended to discourage the occasional visiting of classes by responsible persons. Obviously, however, the visiting of a particular class should be occasional and not regular, and it should in no way constitute interference with registered members of the class or the educational process. Visitors are allowed on an occasional basis as long as there is a seat in the room for the visitor. Visitors must abide by the same rules of classroom decorum as students.

Instructor Evaluations:
You may be asked to evaluate this instructor at a later date during the semester. The date will be announced when the evaluations become available.

Study Tips:
1) Take good notes in class and review them at the end of the day to fill in information that you didn’t take down. The best time to fill in your notes is when the material is fresh in your mind.

2) Make note cards for the vocabulary in the lecture, the texts, and those provided on the study guides. There are some terms that you need to know and “flash cards” are a good way to memorize the material.

3) Find a study partner or two. Reviewing the material with a study partner is an excellent way to study for an exam or review your notes.

4) Don’t wait until the night before the examination to study! Some of the terminology in the course is technical and new to you. Spend a few minutes every day reviewing the vocabulary.

COURSE OUTLINE AND READING ASSIGNMENTS:
You are responsible for reading the assignments prior to the lecture. This will help you better understand the lectures.
