1. COURSE DESCRIPTION:

This course is intended to introduce students to philosophy from a historical and problem-centered perspective. We will cover a sampling of several different problems that have been prevalent in Western Philosophy and stress the views of particulars philosophers on these issues. I encourage people to communicate with me freely by making office visits and using email.

2. DESCRIPTION OF APPROACH:

The course will have a good amount of lecturing with notes. Also, there will be an emphasis on class discussion and active learning whereby students are expected to generate questions and offer critical evaluations of the various positions that are explored. Such in-class activity is of prime importance to developing critical thinking skills about philosophical issues. This is because such skills require practice thinking and speaking about the issues.

3. OBJECTIVES

Fundamental Objectives
- Learning to analyze and critically evaluate ideas, arguments, and points of view.
- Learning fundamental principles, generalizations, or theories.

Specific Objectives
- Learn basic philosophical theories on a range of issues.
- Learn to speak and write coherently about these issues.
- Learn the difference between having an opinion and having an opinion that one can make a case in support of.

4. REQUIREMENTS:

Three Exams (Test #1: 30%, Test #2: 30%, Final 40%): All multiple choice. Final is cumulative.

5. SPECIFIC COURSE POLICIES

ABSENCES: In accordance with University regulations, I take roll every period. You are allowed 3 unexcused absences w/o penalty. You must attend class 75% the time or you will receive a failing grade. If you decide to stop attending class, please remember to drop the course or you will receive an F.
LATENESS or EARLY DEPARTURES: For those who are habitually late or leave early, I reserve the right to start taking ¼ point off his or her final grade for each time late.

MAKE-UPS: If one is necessary, it is likely to be longer and more difficult than the regular test. You must have a good reason for missing a test; having another test the same day, for example, does not count as a good reason. If you do miss a test, see me as soon as possible. Your excuse must be written out and appropriately documented. ANY EXCUSE THAT CANNOT BE VERIFIED WILL RESULT IN A GRADE OF ZERO FOR THAT EXAM. If you do have a valid excuse, then we should make the arrangements for you to take a make-up AS SOON AS POSSIBLE.

ACADEMIC DISHONESTY: Anyone caught plagiarizing or cheating on exams will receive an F for the course.

CLASSROOM CONDUCT: Everyone in the classroom is expected to be respectful of others. Heated discussions are often exciting and good, but the expression of disagreements should not stray too far from a constructive purpose. The professor reserves the right to ask a student to leave that class period. NO USE OF THE INTERNET DURING CLASS.

VISITORS IN THE CLASSROOM: Unannounced visitors to class must present a current, official SHSU identification card to be permitted into the classroom. They must not present a disruption to the class by their attendance. If the visitor is not a registered student, it is at the instructor’s discretion whether or not the visitor will be allowed to remain in the classroom.

This policy is not intended to discourage the occasional visiting of classes by responsible persons. Obviously, however, the visiting of a particular class should be occasional and not regular, and it should in no way constitute interference with registered members of the class or the educational process.

REGISTERING FOR CLASS: I cannot add anyone to the course, for any reason whatsoever, after the deadline for adding. This policy holds even if you were dropped due to financial aid reasons.

Q-DROPS: A Q-Drop is one made after the 12th day of classes but before the last day for dropping without receiving an F. There is now a limit of 5 Q-Drops for each student’s undergraduate career at SHSU. This policy began Fall 2004. Q-Drops from other institutions and Q-Drops that occurred before Fall 2004 are not counted toward the limit of 5. Students who have reached their limit can petition the Dean to for another Q-Drop. If refused, they must stay registered for the course.

INSTRUCTOR EVALUATIONS: Students will be asked to complete a course/instructor evaluation form toward the end of the semester. Starting in the Spring 2005 semester we will be officially using a new system of evaluation call ‘IDEA’.
