Purpose:
The purpose of RDG 031 is to facilitate student development of reading strategies and study skills to be successful in their academic endeavors at the university level.

Course Objectives:
RDG 031 is designed to help students:
• Essential Objective - Learn to analyze and critically evaluate ideas, arguments, and points of view while reading
• Important Objective – Gain factual knowledge: vocabulary, main idea, inference, point of view, and critical thinking strategies to become a better reader
• Important Objective - Learn to apply course material to improve critical thinking, problem solving, and decision making before, during and after reading
**Academic Integrity:** All students are expected to engage in all academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in the academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action. The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion and the abuse of resource materials.

**Attendance:**

One major factor of being successful in your university studies is class attendance. Students are expected to be on time for class and stay until the end of class. Per the Sam Houston State University Undergraduate Catalogue, students are allowed three hours of absences during the semester. If you are absent more than three hours allowed by the university, your grade will be dropped five points on your final grade for each hour of absence above three hours.

If you are tardy to class or leave class early three times, you will receive one absence. (Ex. Being late twice and leaving early once will count as one absence.) If you miss more than 20 minutes of one class, whether arriving late or leaving early, you will be charged with one absence. You will receive a zero for all work missed in your absence.

If you know you will be absent, turn your homework early, and it will be graded. Late homework will not be accepted unless you have an unexpected absence. All homework missed due to absences must be turned in at the beginning of class on the day you return.

If a test is given on a day you miss class, you must make up the test during the same week as the test was given. For example, if you miss a test on Monday or Wednesday, you must make up the test by Friday of the same week. You must schedule a time with me to come to the Reading Center to make up the test. No make up tests will be given during class time.

**If you are absent:**

Although daily assignments are on your syllabus, you should call someone about items that were assigned in class that are not on the syllabus. If you do miss a class, you are responsible for getting the homework for the next class period. To do so, call or email a classmate. Write down the names, phone numbers, and email addresses of two people in this class.

Classmate 1 ________________________________ Ph. _______________ Email ________________________

Although daily assignments are on your syllabus, you should call someone about items that were assigned in class that are not on the syllabus. Come to class prepared, and you will be the beneficiary of your hard work and dedication.

**SHSU Religious Holidays Absence Policy**

Section 51.911(b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

**SHSU Disabilities Policy**

SHSU adheres to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations for students with disabilities. If you have a disability that may adversely affect your work in this class, then I encourage you to register with the SHSU Counseling Center during the first week of the semester. Once you have registered, please talk with me about how I can best help you. All disclosures of disabilities will be kept strictly confidential.

**NOTE:** No accommodations can be made until you have completed the necessary paperwork at the Counseling Center.
NOTE: Per the Texas Success Initiative (TSI) guidelines, the chart below lists the requirements that you must complete to pass RDG 031.

**NOTE**

Our class is a place where everyone deserves the opportunity to learn. The learning environment is most beneficial for you and your classmates when mutual respect is displayed by all students and the instructor. To receive the most benefit from class, all students should honor these few requests.

1. Turn off cell phones. Phones should not ring and there should be no text messaging.
2. Refrain from engaging in side conversations.
3. Refrain from making negative remarks.
4. Come to class prepared and ready to participate.
5. Have a positive learning attitude.

Self-control is one key to success at the university level. I know you will strive for excellence. Working together, we will all learn.
