Web link for **Conceptual Framework**: www.shsu.edu/~ncate/concept.html

**Course Format:**  
Interaction will take place through the Blackboard course site. Communication will include group discussions, discussion board forums, blogs, and e-mail messaging. Course materials will be available through Blackboard documents.

In this course our focus will be on three Essential objectives (as assessed by the IDEA course evaluation system):
- Learning to apply course material to improve thinking, problem solving, and decisions.
- Learning how to find and use resources for answering questions or solving problems.
- Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course.

**Course Content:**

Evolution of School Libraries
Leadership and Professionalism
Standards for Evaluating School Libraries
School Library Personnel
Managing Services
Beginning the Job
Managing the Program
Managing the Facility
Managing Access to Information
Managing the Budget
Marketing
Managing Program Evaluation

Course Requirements:

1) **Professionalism/Participation.** It is expected that graduate students be active, enthusiastic, and collegial participants during the semester. In addition, it is expected that course work is completed in a timely and professional manner on the schedule posted. Points are lost if these expectations are not fulfilled.

2) **Assignments:**

   Refer to detailed guidelines in Blackboard Assignments.

   A. Leadership Connections – Program Administration Project - Perform several tasks: Explore the AASL and TLA web sites and a few recent issues of School Library Journal. Write a brief report reflecting on your findings; submit one question or comment to the Department’s discussion group (LIB_SCI); prepare and submit a homepage on the course site, including a brief introduction and your photo.

   B. Library Standards Assignment – Based on six State standards, prepare a report evaluating an existing school library.

   C. Collaborative Teaching Project – Using the Loertscher text as a guideline and working in a small group, create a lesson plan in which a classroom teacher and a school librarian collaborate.

   D. Library Facilities Report and Floor Plan – Program Administration Project - Critique the floor plan of an existing school library and prepare an updated, improved floor plan to scale based on the exemplary level of Standards and Guidelines for Texas (Texas Standards).

   E. Library Budget Request – Program Administration Project - Prepare a budget request for an existing school library using examples provided and based on the exemplary level of Texas Standards.

   F. Five-Year Long-Range Plan – Program Administration Project – Write a five-year long-range plan for an existing school library based upon the exemplary level of Texas Standards, addressing needs in four categories: facilities, personnel, equipment, and materials.

   G. School Library Media Center Assessment Essay – Evaluate an existing school library using the instrument on pages 289-290 in the Woolls textbook.

   H. Weekly Class Blog – Participate in 12 weekly discussions using Blackboard Blog Tool.

   I. Student Dispositions – Required by the Department of Library Science – Submit a self-assessment of dispositions based on the Student Dispositions (available in Syllabus Plus on Blackboard course site).

**Evaluation (indicates field-based activity):**

Because your active participation is so important, it is imperative that all assignments be submitted on due dates. All blogs and other assignments are due by midnight of the due date.

- **Late Work:** Blog entries made after midnight will not be accepted. Assignments submitted after midnight will receive late penalties. I accept late work with an appropriate penalty depending upon tardiness. No late work will be accepted after May 9th. Emergency situations affecting due dates will be considered on an individual basis. If you are ill and have a doctor’s note, fax a copy to me to avoid late penalties.

- **Rewrites:** Rewritten assignments are accepted only if the content of the first one is unacceptable. Then points from the original assignment and the rewritten assignment will be averaged.

- All assignments must be completed in order to pass this course.

Expectations:
Technology Requirements. It is expected that graduate candidates who register for this online course have the following computer skills: sending/receiving e-mail messages, attaching documents to e-mail messages, and conducting an online search. Microsoft Word is the word processing program that is necessary to complete assignments. It is necessary that students have access to a computer at home since much of the work for the course is done in the evenings and on weekends. It is expected that graduate students who register for this course feel comfortable using a computer. The course moves quickly and all students need to begin on the first official day of classes for the university. This is NOT a place to begin learning technology skills.

LIB_SCI. It is expected that you have already joined the electronic discussion group for the Department of Library Science.

Style Sheet. It is expected that you understand research conventions and have a style sheet at your disposal, such as Turabian, Chicago, MLA, or APA.

Student Syllabus Guidelines:
For detailed information about academic dishonesty, classroom rules of conduct, student absences on religious holy days, students with disabilities policy, and visitors in the classroom, go to the following university link: www.shsu.edu/syllabus/

Academic Dishonesty:
Plagiarism is serious. In this class copying another student’s work (current or past) and allowing another student to copy your work will result in a failing grade on the assignment copied.
