STUDENT ABSENCES ON RELIGIOUS HOLY DAYS POLICY
Section 51.911(b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

University policy 861001 provides the procedures to be followed by the student and instructor. A student desiring to absent himself/herself from a scheduled class in order to observe (a) religious holy day(s) shall present to each instructor involved a written statement concerning the religious holy day(s). This request must be made in the first fifteen days of the semester or the first seven days of a summer session in which the absence(s) will occur. The instructor will complete a form notifying the student of a reasonable timeframe in which the missed assignments and/or examinations are to be completed.

STUDENTS WITH DISABILITIES POLICY
It is the policy of Sam Houston State University that no otherwise qualified individual with disabilities shall, solely by reason of his/her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any academic or Student Life program or activity. Students with disabilities may request help with academically related problems stemming from individual disabilities from their instructors, school/department chair, or by contacting the Chair of the Committee for Continuing Assistance for Disabled Students and Director of the Counseling Center, Lee Drain Annex, or by calling (936) 294-1720.

AMERICANS WITH DISABILITIES ACT
SHSU adheres to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations for students with disabilities. Students with disabilities that may affect adversely their work in this class should register with the SHSU Counseling Center and talk with their University supervisor and classroom mentor teachers about how they can help. All disclosures of disabilities will be kept strictly confidential. NOTE: no accommodation can be made until registration with the Counseling Center is complete.

STUDENT RESPONSIBLE FOR DROPPING CLASS
You need to be aware of the dates for dropping this course for refund, dropping without a grade, etc. Do not assume you will be dropped by the professor if you do not come to class. You need to withdraw officially from this class.

_all of the departmental policies apply for this class. In addition, the policies noted below are in effect._

- Late work is not accepted. It is the responsibility of the student to make sure work arrives at the Blackboard site by midnight on the assigned due dates. Hardware and/or software failure is not a reason for late work.

- Attendance is MANDATORY for our first meeting. No exceptions will be granted. If you miss the class, you must drop the class or you fail the course.

- Plagiarism is not tolerated. Please avoid using wording similar to that of reviews, Amazon.com summaries, book flaps, etc.

- All assignments are to be submitted via BLACKBOARD. I will accept NO hard copies unless the assignment is done in class. Please ensure that you send assignments in time. Do not send assignments via email. All work is due by midnight on the assigned date.

- Special notes about Blackboard:
  - I will not acknowledge receipt of assignments. Blackboard sends you a receipt when assignments are sent correctly.
  - I will send out emails when I grade work. It is then the responsibility of the student to check grades at Blackboard and communicate any concerns to the instructor immediately.
  - Important announcements will be posted at Blackboard and emailed through Blackboard. It is the responsibility of the student to check email routinely.
  - If students encounter difficulties, they need to contact Computer Services (936-294-1950) and not the instructor.
