Course Description: This course addresses issues and challenges of particular interest to women in educational leadership positions. It is designed to encourage prospective women administrators by enhancing leadership, interpersonal, and motivational skills. Course outcomes and activities are based on Texas Principal Standards and NCATE Standards.

Four Main Types of Assignments:

Type One (Part A): Weekly Writing Prompt – assignment criteria will be sent by email each week (on Monday) and your response to the prompt must be posted to our discussion board by Friday of that week (by midnight) in order to avoid a ten point late penalty. Word count will vary from week to week. Note: There will be a few weeks we will not have a writing prompt.

Type One (Part B): Read all other student posts (after the due date has passed) and select an essay (other than your own) that you determine the most inspiring. Post a paragraph on the reason you selected this specific essay (50 word minimum). To be posted within a week of the due date for that specific essay in order to avoid a ten point late penalty.

Type Two (Part A): Weekly Article Review – locate an article you determine would be of benefit to our base of knowledge in relation to leadership issues (leadership, interpersonal and/or motivational skills which are directly or indirectly related to women in educational leadership). Include within your post an overview of the article and the reason you deem it beneficial to our knowledge base (one hundred word minimum - include article reference). Regarding the article selections – there should be no repeat article reviews – check to make sure that no other student has posted a review of your article on any other week – you may post ahead in order to have the opportunity to claim the article before another student posts that same article. Post by the deadline on our calendar to avoid a ten point late penalty.

Type Two (Part B): Read all other student posts (after the due date has passed) and select an article (other than your own) that you determine has the potential to expand your way of thinking. Locate the article, read, reflect, and post how this article transformed your thinking (fifty word minimum). If the article was not transformative seek out another article. Post under the heading “Transformative Effect” – to be posted within a week of the due date of that specific article overview in order to avoid a ten point late penalty.

Assignment Type Three: Present to your team a book (in a written format) that is a minimum of 500 words (related directly or indirectly to women in educational leadership issues). Include an overview of the book and the reasoning for this book being a viable option for the team to consider in the development of a major team project. As a team, based on the books each team member presented, determine the book you will use in the
development of a major team project (criteria will be given via email further into the semester). Note: Each team member - in addition to presenting the book to their team (in written format) - will post to the discussion board so the entire class will benefit from the sources located for this assignment.
