Vision Statement for the School Counseling Program

The SHSU School Counseling Program develops accountable leaders who successfully
- advocate for equity, access, social justice, and high achievement for ALL students,
- work with all stakeholders, both inside and outside of the school system, to develop and implement responsive educational programs,
- collect and analyze data to assess needs and evaluate results,
- coordinate the developmental guidance and counseling program, and
- use research and professional development to stay current in best practices.

As accountable leaders, school counselors will continuously evaluate, transform, and implement a program which supports the personal/social, career, and academic development of students in a diverse and ever-changing world.
**Text/Readings:**

**Recommended Text:**

**Course Description:**
A survey is made of contemporary practices in school counseling and guidance. The course is an induction into the field of professional school counseling and includes a study of the history and emergence of school counseling and guidance; the new transformed role of the school counselor; a comprehensive approach to school guidance; the counselor as a developmental specialist; the counselor as facilitator and consultant; and effective counselor interventions. In addition, students will become familiar with the American School Counselor Association’s National Model and Standards for School Counseling Programs and how these standards impact the school counseling profession.

The curriculum for this course includes (1) knowledge of the literature of the discipline and (2) ongoing student engagement in research and/or appropriate professional practice and training experiences.

**IDEA Objectives:**
ESSENTIAL – gaining factual knowledge (terminology, classifications, methods, trends); developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course. IMPORTANT – learning to apply course material (to improve thinking, problem solving, and decisions); learning how to find and use resources for answering questions or solving problems.

**Standards Matrix:**

Course Format:
This online course format includes, but not limited to online Discussion Boards, experiential learning, reflections, professional development and other electronic communications methods.

Course Content:
Course overview, technology proficiency, exploration, reflection
Effective school counselor interventions
Service-learning projects, reflections and evaluation
Theories for practice of school counseling
Theories of child, adolescents and adult development
Responding to school counseling ethical situations
Assessing the needs of a school and the role of the school counselor
ASCA’s National Standards and guidance curriculum
School Consultation
Change Theory
Theories of Consultation

Course Requirements:
1. **Online Participation/Discussion Boards** (weekly post is the same as attendance; no posting, no credit).

   Blackboard must be used weekly as we are an online learning community. Reading and participating in the discussions is critical for movement to a deeper understanding of the role of the transformed school counselor to be a leader and problem solver as the complexities of changing communities and schools in urban, suburban and rural areas are discussed. Blackboard (system) will capture your participation which includes emails, discussion boards, document sharing, postings, reviewing material and printing documents in various areas, etc.

   Due dates for the **Discussion Boards** will end on Tuesday following the posting and will always cover a weekend; if you post after the end date, your grade will be lowered by one letter grade (80% of the value).

   All papers submitted will be by email and titled with your Last name followed by the class and title of the assignment. For example: **ParkerCCNE533AchievementinAm**; (25 points per week x 3 weeks; July 15, 22 and 29 ) 75 points

   Postings will be graded on how well you responded to the prompt; followed instructions; and included documentation or references as requested.
2. **Achievement in America Assignment**—Go to the web site for the Education Trust: www.edtrust.org and read the home page; (as of June 15, 2008) click on the top tab “Transforming School Counseling;” click on the left side “Reports & Publications;” click on “data presentations;” click on “Achievement in America 2001” which is a power point presentation. Prepare two to three paragraphs that you will share with the class through the Blackboard Discussion Board that reflects at least one additional reference about the achievement gap and answer the question: what school counselors can do to help close the gap? 25 points **Posting Due: by Tuesday July 15\(^{th}\), 2008.**

3. **Create a Wiki at** www.wikispaces.com to develop a site for school counselors. A wiki is a collaborative Web site that allows users to create, add to, modify, or delete the Web site content via their Web browser. Wiki spaces is being used rather than our Blackboard wiki so that you can continue to refine your work after this class ends in August. **200 points**

   **Part One-Draft**  
   **Guidance Lessons** for Elementary, Middle OR High School Counselors  
   Two to address Academic Needs  
   Two to address Social Emotion Needs  
   Two to address Career Needs  

   **Due: Wednesday, July 16**

   **Part Two-Draft**  
   Develop a **Collaborative Parent Intervention Program:** This intervention program should be collaborative and includes interaction with the parents rather than a one-way communication such as a presentation with not meaningful activity for the parents to be involved. For example, parents can work with their child to gain a better understanding of math during a “Math Fun Night.”

   **Due: Wednesday, July 30—Complete document with all three parts**

   **Part Three**  
   Develop a **Program for Effective Intervention** (i.e. bullying, substance abuse, physical abuse, racism, sexism, relationships, etc.—topic must be approved)

   **Due: Wednesday, July 30**

   Grading Rubric for each part:  
   **Research Process:** Gathered information from journals, books, CD-ROMs, and the internet; resources are current and reliable; extracted, synthesized, and applied appropriate information;  
   **Writing:** Organized information from sources; references documented using APA citation style;  
   **Multimedia Used in Wiki:** includes a title; content information and references; graphic images are use appropriately and gathered from a variety of resources; and presentation is well organized, visually appealing, flows well

   *Note: You may work in **pairs or group of three** (limit) for a project too complicated for one person. Approval must be given before planning the project*

4. **Weekly Quizzes**; multiple choice format the end of each week. **100 points**

**TOTAL POINTS**  
400 pts.

**Points to Grade Equivalency:**

\[
\begin{align*}
A &= 360 - 400 \\
B &= 359 - 320 \\
C &= 280 - 319 \\
F &= 218 \text{ or below}
\end{align*}
\]

**Points to Grade Equivalency:**

\[
\begin{align*}
A &= 360 - 400 \\
B &= 359 - 320 \\
C &= 280 - 319 \\
F &= 218 \text{ or below}
\end{align*}
\]

**Expectations:**

The following is the attendance policy for all courses in the SHSU Counseling Program
1. Students are permitted to miss one class (3 hours) during summer classes with no penalty, but a call to the professor is expected. In the event of a second absence, a drop of one letter grade for the final course grade will occur.

2. During the long terms, students who have two absences should write a letter to the professor explaining the absences. That letter will go before the faculty committee for approval. In the event of a third absence, the final grade will be lowered.

Disability Statement:
Students with a disability that affects their academic performance are expected to arrange for a conference with the instructor in order that appropriate strategies can be considered to ensure that participation and achievement opportunities are not impaired. The physically impaired may contact the Director of the Counseling Center as chair of the Committee for Continuing Assistance for Disabled Students by telephone (extension 1720).

Academic Honesty
The Graduate Faculty of SHSU expects students to conduct their academic work with integrity and honesty. Acts of academic dishonesty will not be tolerated and can result in the failure of a course and dismissal from the university. Academic dishonesty includes, but is not limited to, cheating on a test, plagiarism, collusion (the unauthorized collaboration with another person in preparing work offered for credit), the abuse of resource materials, and misrepresentation of credentials or accomplishments as a member of the college. The University’s policy on academic honesty and appeal procedures can be found in the manual entitled Student Guidelines, distributed by the Division of Student Services. (Reference Section 5.3 of the SHSU Student Guidelines)

Commonly Asked Questions
1. Can I turn in assignments late? I expect all assignments turned on by the due date. The deductions are as follows: 1-day late starts at a “B”; 2 days late start at a “C”; etc. In the event of a very serious situation, call for a phone conference.

2. Can I redo an assignment or earn extra credits? Extra credit assignments are not available in this course. However, if in grading your work, if it is below graduate level expectations (“C” or below), I will give it back to you and ask you to revise it with the understanding that the highest grade you will receive will be a “B.”

3. Will you review my work prior to handing it in to be graded? Yes, provided I have a week in which to read it and get it back to you.
# Course Calendar

**CNE 533 Summer Session #2 2008**  
Second Summer Session: Starting date July 8, 2008, final class date is August 6.
