B. COURSE DESCRIPTION

This course addresses the basic activities of educational management, theories and concepts, as well as the organization and governance of public schools. The curricula for this course (1) include knowledge of the literature of the discipline and (2) ongoing student engagement in research and/or appropriate professional practice and training experiences.

C. COURSE RATIONALE

The purpose of this course is consistent with the mission of Sam Houston State University, the College of Education and Applied Science and the Educational Leadership Program.

1. Sam Houston State University Mission: "...enable its students to become informed, thoughtful and productive citizens."
2. College of Education and Applied Science Mission: "...provides students with opportunities to develop knowledge, skills, strategies, and experiences which allow them to serve in diverse roles and function productively in society."
3. Educational Leadership Program Mission: "To prepare educational leaders for real world challenges and opportunities."

D. TEXTS

* The spiral bound copy of this manual is recommended because it is easier to use.

E. COURSE KNOWLEDGE AND SKILLS OBJECTIVES

The Educational Leadership Program at Sam Houston State University is accredited by the Texas State Board of Educator Certification (SBEC) and the National Council for the Accreditation of Teacher Education (NCATE). While completing an approved preparation program, all candidates for the school principal certificate in Texas must demonstrate general knowledge and skill competency related to the seven proficiency areas for principals established by the SBEC. Also, all candidates must demonstrate performance in the twelve program standard areas for educational leadership programs established through NCATE.
F. OBJECTIVES USED TO EVALUATE COURSE EFFECTIVENESS

The following objectives will be used by the students to evaluate the effectiveness of this course. It is important to know these objectives as we begin the course so that formative evaluation can occur throughout the course of study.

**Essential Objectives:**
1. Gaining factual knowledge (terminology, classification, methods, and trends). Focus is building a knowledge base.
2. Learning fundamental principles, generalizations, or theories. Focus is to connect facts and understand relationships.
3. Learning to apply course material (to improve thinking, problem-solving, and decisions). Focus is on applying what you have learned in this class to clarify thinking or solve problems.

**Important Objectives:**
1. Learning to analyze and critically evaluate ideas, arguments, and points of view. Focus is on higher level thinking skills.

OBJECTIVE 1: Learner-Centered Values And Ethics In Leadership
A principal is an educational leader who promotes the success of all students by acting with integrity and fairness, and in an ethical manner. At the campus level a principal understands, values and is able to:

Administrative Duties:
Model and promote the highest standard of conduct, ethical principles, and integrity in decision making, actions, and behaviors.
Implement polices and procedures that encourage all campus personnel to comply with Chapter 247 of the Texas Administrative Code, relating to the Code of Ethics and Standards Practices of Texas Educators.

OBJECTIVE 2: Learner-Centered Leadership And Campus Culture
A principal is an educational leader who promotes the success of all students and shapes campus culture by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community. At the campus level, a principal understands, values, and is able to:

Administrative Duties:
5. Utilize emerging issues, trends, demographic data, knowledge of systems, campus climate inventories, student learning data, and other information to develop a campus vision and plan to implement the vision.

OBJECTIVE 5: Learner-Centered Organizational Leadership And Management
A principal is an educational leader who promotes success of all students through leadership and management of the organization, operations, and resources for a safe, efficient, and effective learning environment. At the campus level, a principal understands, values and is able to:

Administrative Duties:
1. Implement appropriate management techniques and group processes to define roles, assign functions, delegate authority, and determine accountability for campus goal attainment.
2. Gather and organize information from a variety of sources for use in creative and effective campus decision making.
6. Apply local, state, and federal laws and policies to support sound decisions while considering implications related to all school operations and programs.
7. Acquire, allocate, and manage human, material, and financial resources according to district policies and campus priorities.

OBJECTIVE 7: Learner-Centered Instructional Leadership and Management
A principal is an educational leader, who promotes the success of all students by advocating, nurturing, and sustaining a campus culture and instructional program conducive to student learning and staff professional growth. At the campus level, a principal understands values and is able to:

Administrative Duties:
1. Facilitate the development of a campus learning organization that supports instructional improvement and change through an on-going study of relevant research and best practice.

### J. ACADEMIC PORTFOLIO

As a part of the principal program each student will develop an academic portfolio using the ELCC Standards. Portfolio development begins in ASE 532.

### K. LEARNING ACTIVITIES

I. Papers will be submitted on pertinent topics related to school administration.
II. Participation in discussion board topics will be an important aspect of the course.
III. Field work is expected and an important aspect of the course.

### L. GRADES:

All assignments are considered late if they are not posted by midnight on the due date. A ten percent grade reduction will be enacted for each day that the assignment is late.

The grade for the course will be based upon the following distribution of points:

1. **Two papers** (100 points each) 200 points
2. **Research administrative theory** 50 points
3. **Discussion Board Assignments**
   - 50 points for initial thread
   - 2 points for each responses up to two per topic
4. **Field Work***
   - Resume and Five-Year Goals (20 points)
   - School Board Meeting (20 points)
   - Critique the Principal Appraisal Process (20 points)
   - Climate/Culture Analysis (20 points)
   - Site-Based Decision Making Collaboration (20 points)

* These field work activities will be placed in your portfolio and kept throughout your entire course of study.

The letter grades will be based on total points earned by the student. I do not have the total points figured yet, but you can always determine your grade based on the scale below:

A  (90-100% of the total points possible)
B  (80-89% of the total points possible)
C  (70-89% of the total points possible)
F  (less than 70% of the total points possible)
