B. COURSE DESCRIPTION

This course addresses the basic activities of educational management, theories and concepts, as well as the organization and governance of public schools.

C. COURSE RATIONALE

The purpose of this course is consistent with the mission of Sam Houston State University, the College of Education and Applied Science and the Educational Leadership Program.

1. Sam Houston State University Mission: "...enable its students to become informed, thoughtful and productive citizens."
2. College of Education and Applied Science Mission: "...provides students with opportunities to develop knowledge, skills, strategies, and experiences which allow them to serve in diverse roles and function productively in society."
3. Educational Leadership Program Mission: "To prepare educational leaders for real world challenges and opportunities."

D. COURSE KNOWLEDGE AND SKILLS OBJECTIVES

The Educational Leadership Program at Sam Houston State University is accredited by the Texas State Board of Educator Certification (SBEC) and the National Council for the Accreditation of Teacher Education (NCATE). While completing an approved preparation program, all candidates for the school principal certificate in Texas must demonstrate general knowledge and skill competency related to the seven proficiency areas for principals established by the SBEC. Also, all candidates must demonstrate performance in the twelve program standard areas for educational leadership programs established through NCATE.

The curricula for this course (1) include knowledge of the literature of the discipline and (2) ongoing student engagement in research and/or appropriate professional practice and training experiences.

E. OBJECTIVES USED TO EVALUATE COURSE EFFECTIVENESS

The following objectives will be used by the students to evaluate the effectiveness of this course. It is important to know these objectives as we begin the course so that formative evaluation can occur throughout the course of study.

**Essential Objectives:**
1. Gaining factual knowledge (terminology, classification, methods, and trends). Focus is building a knowledge base.
2. Learning fundamental principles, generalizations, or theories. Focus is to connect facts and understand relationships.
3. Learning to apply course material (to improve thinking, problem-solving, and decisions). Focus is on applying what you have learned in this class to clarify thinking or solve problems.

**Important Objectives:**
