Curse Information

Lab Time: 1:00-3:50 PM, Monday and Wednesday
Lab Location: Lab 111, CFS (Chemistry and Forensic Science Building).

Instructor

Name: Dr. Chi Chung Yu (Jorn Yu)
Office: CFS 221 F, phone: 936-294-4412, e-mail: jornyu@shsu.edu

Textbook: Chemistry 118 Laboratory Manual

Teaching Assistant: Angela Rippley, e-mail: adr004@shsu.edu

Course Description: Laboratory for CHM 138. Prerequisite: Prior credit for or concurrent enrollment in CHM 138. Credit 1

Prior to the Lab

Eye protection is required in all labs during every experiment. You must have a pair of Department approved safety goggles. Safety goggles can be purchased from the Chemistry Club (Room 310, in the Chemistry and Forensic Science Building) or home improvement stores like Home Depot. Failure to wear approved eye wear will result in expulsion from the lab and forfeiture of the lab points for that day. Also, 20% of the day’s laboratory grade may be deducted for each time you are reminded to properly wear your safety goggles. No open toe shoes or shorts allowed in laboratory. If you do not follow these guidelines, you will be required to leave the lab and will receive a zero for that lab.

Schedule of Experiments

<table>
<thead>
<tr>
<th>Lab Day</th>
<th>Experiment #</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>June 4</td>
<td>Exp#1</td>
<td>Check In, Safety Rules and Policies, Basic Laboratory Techniques &amp; Metric Units</td>
</tr>
<tr>
<td>June 9</td>
<td>Exp#2</td>
<td>Physical Properties and Chemical Changes</td>
</tr>
<tr>
<td>June 11</td>
<td>Exp#4</td>
<td>Chemical Reactions of Copper</td>
</tr>
<tr>
<td>June 16</td>
<td>Exp#7</td>
<td>Formula Stoichiometry of Copper(I) Sulfide</td>
</tr>
<tr>
<td>June 18</td>
<td>Exp#8</td>
<td>Percentage by Mass on an Unknown Mixture</td>
</tr>
<tr>
<td>June 23</td>
<td>Exp#11</td>
<td>Acid-base Titrations</td>
</tr>
<tr>
<td>June 25</td>
<td>Lab Final</td>
<td>Clean up, Check Out</td>
</tr>
</tbody>
</table>
Absences

You are expected to attend all labs. Due to the reduced number of laboratory times in the summer sessions, there is no allowance for absences. Any absence will be recorded as a zero for that lab session.

Tardiness

The nature of a laboratory class requires that you arrive on time. Quizzes are given at the beginning of the Laboratory session followed by instructions from the TA or Instructor which you will need to successfully complete the laboratory activity. There are no make-ups for quizzes or laboratories. Any missed lab activity will be recorded as zero.

Testing in This Course

You should read the laboratory procedure to be performed and look at the questions you will be asked to answer. It will be very helpful to consult your lecture textbook for more information. It is also important to review the previous laboratory experiments as they will be the topic for quizzes and the final.

Except for the first lab, all quizzes will be at the beginning of the lab period. If you are late and miss the quiz, you will receive a zero for the quiz. No quiz for the first day of lab.

Grading in This Course

The grade for this course will be based on completion of the labs, lab worksheets, quizzes and the final. Below is the break down of scores.

Completion of the labs and worksheets: 10 for each lab x 6 labs = 60
Quizzes: 4 for each quiz x 5 labs = 20
Final Exam: 20

Total 100

Grade scale:
90 – 100 A
80 – 89 B
70 – 79 C
60 – 69 D
Below 60 F
