

Summer Ag Science Teacher Ag Mechanics Workshop - 2009

The Department of Agricultural and Industrial Sciences at Sam Houston State University is pleased to sponsor and teach an Agricultural Mechanization Workshop in cooperation with the Texas Education Agency and TAMU-Corpus Christi. Two weeks of three to five day workshops will be available. The first week, June 15th to June 19th, will include Structures, Concrete, Compact Engines and Ag Power and Technology (Tractor Tech Team Preparation with debugging and component evaluation). The second week, June 29th to July 3rd, will include Introductory Shielded Metal Arc Welding, Gas Metal Arc Welding, Oxyfuel/plasma cutting, and Gas Tungsten Arc Welding. Please download a registration form from SHSU's Ag & Industrial Sciences webpage at: http://www.shsu.edu/~agr_www/ Participants will receive continuing education units for the professional development workshops. Enrollment will not be confirmed without submission of a registration form and fee or a registration form and documentation letter from an appropriate school administrator indicating that funds are approved.

June 15	June 16	June 17	June 18	June 19
Structures	Concrete	Compact Engines	Ag Power	Ag Power
