

Australia

PHYS 1311: Introductory Astronomy
PHYS 1312: Stars and Galaxies
PHYS 1111: Lab for Intro Astronomy
PHYS 1112: Lab for Star and Galaxies

Summer I, 2012
May 14 – June 8

Dr. Renee James
phy_crj@shsu.edu

Course Information:

Eight hours of core science credit and the experience of a lifetime!
See the Grand Canyon, witness a solar eclipse, experience winter during summer, stand at the edge of a giant meteor crater, learn the constellations of both the Northern and the Southern hemisphere skies, and maybe even see kangaroos hopping along next to a giant radio telescope!
Students can choose from any or all of the courses. Lab and lecture do not need to be taken together. All relevant course information will be loaded onto the iPad so no books will be required.

Program Highlights

4 days “on the ground” classes at SHSU starting May 14, 2012. Depart for Arizona on Friday, May 18, 2012. Then depart for Australia on May 27. Return to Texas on June 8, 2012.
