

SELECTED TALKS

- January 2007 *“Coadunation of Generalized Crowns.”*
Mathematics Joint Meetings, New Orleans, LA.
- November 2006 *“Encouraging Women in Mathematics and Science.”*
2006 Conference of the Alliance of Universities for Democracy, Katowice, Poland.
- April 2005 *“Gröbner Basics”*
Colloquium Series, Department of Mathematics and Statistics,
- April 2005 *“Coadunation of Generalized Partially Ordered Sets”*
Infinite Possibilities Conference, Spelman College, Atlanta, GA.
- May 2004 *“Minority of Minorities: My Experience as a Pacific Islander Mathematician”*
Appreciation Week for Professional Women in Sciences, Radford University, Radford, VA.
- April 2004 *“Determinantal Ideals of Catalecticant Matrices.”*
Third Duke Mathematical Journal Conference, Duke University, Durham, NC.
- March 2004 *“Learning from the Masters: Galois’ Theory and Solvability.”*
Mathematics Colloquium, Lafayette College, Easton, PA.
- October 2002 *“The Order Dimension of Crown Extensions”*
Department of Mathematics, University of California at Berkeley.
- May 2002 *“The Order Dimension of Crown Extensions”*
Department of Mathematical Sciences, New Mexico State University.
- September 2001 *“Order Dimension in a Combinatorial Analysis of Decision Systems”*
Conference of the Society for the Advancement of Chicanos and Native Americans
in Science (SACNAS) held in Phoenix, AZ.
- Fall 2001 *“An Introduction to Dimension Theory,”*
Department of Mathematical Sciences, New Mexico State University.
- October 2000 *“Combinatorial Analysis of the Dynamics of Decision and Information System”*
SACNAS Conference held in Atlanta, GA.
- July 2000 *“Combinatorial Analysis of the Dynamics of Decision and Information Systems”*
SIAM Conference, Rio Grande, PR.
- Spring 2000 *“Galois Theory: An Historical Approach”*
Department of Mathematical Sciences, New Mexico State University.
- Fall 1999 *“Scarf Complexes of Monomial Resolutions”*
Department of Mathematical Sciences, New Mexico State University.
