PSYCHOLOGY

The Psychology Program introduces you to the science and profession of psychology.

Psychology is a broad discipline covering much of the area between biology and sociology.

Courses dealing with both biological and social aspects of behavior are found in the curriculum.

**WHAT
SHOULD
I
TAKE?**

Psychology minors are required to take PSY 131, plus 3 hours from each of the remaining three course blocks, and 6 hours psychology electives.

PSYCHOLOGY 131

Introduction to Psychology

Course Description

This course is designed to be a broad survey of the field of psychology covering such topics as learning, perception, personality, development, psychopathology, etc.

It covers both the theoretical basis and the empirical content of these areas.
