Welcome to the Getting Started with Blackboard Online for SHSU Online students. Part of having a successful online experience is learning how to operate and interact in the Blackboard environment. This resource will equip you with the skills you need to succeed in your online course. It will cover how you access and navigate Blackboard, communicate with classmates and professors, collaborate with classmates using social learning tools, take tests, and check your grades.

Below are the learning objectives for this resource as well as where you will go and what you will see on your learning journey, we are excited to be on it with you.

**Learning Objectives**

After reviewing the materials of this resource, you will be able to:

- Successfully navigate the Blackboard environment
- Setup and Access your Bb Home
- Understand the basics skills to be a successful online student
- Communicate with classmates and professors online
- Collaborate with classmates using social learning tools
- Take tests and check your grades
