Admission Types

A student applying for admission for graduate studies at SHSU may be considered for six types of admission. Details of the possible admission types follow. The final admission decision rests with the respective academic dean.

REGULAR ADMISSION

Regular admission may be granted to a degree-seeking student who meets all of the University and program specific admission requirements. The minimum University requirements to be considered for regular admission follow. Meeting stated minimum admission requirements does not constitute automatic admission to a graduate program at Sam Houston State University. Any inquiries regarding program specific admission requirements should be directed to the graduate advisor (access advisors at www.shsu.edu/graduate/programs) or the dean of the appropriate college in which the department is housed.

- A minimum undergraduate GPA from the baccalaureate-granting institution of 2.5 (on a 4.0 point scale) or an advanced hours GPA of at least 2.8 from courses taken at the baccalaureate degree-granting institution. The minimum GPA may be waived for programs utilizing a sliding scale for admission consideration incorporating both the graduating undergraduate GPA and the admission test score.
- Submission of the appropriate admission test required for the graduate program.
- Fulfillment of program specific admission requirements as indicated by the department or college for the pursuit of graduate study.
- International students must submit an official TOEFL score of at least 79 on the internet-based exam, 213 on the computer-based exam, or 550 on the paper-based exam.

CONDITIONAL ADMISSION

Conditional admission may be granted to a degree-seeking student who has not yet submitted ALL of the required admission materials to allow an admission decision to be made but is being allowed to enroll in classes pending receipt of the missing material(s). Conditional admission is valid for ONLY ONE SEMESTER. A subsequent admission decision will be made upon receipt of the missing admission material. Conditional admission does NOT guarantee regular admission upon receipt of the missing material, regardless of the student’s performance in classes taken during the one semester of conditional admission. Some programs do not grant conditional admission. International students are not eligible for conditional admission. At the discretion of the appropriate academic dean, a conditionally admitted student may be limited to fewer than the normal maximum semester load of 12 graduate credit hours.

PROBATIONARY ADMISSION

Probationary admission may be granted, at the discretion of the appropriate academic dean, to a degree-seeking student who has submitted all of the required admission materials to allow for an admission decision to be made BUT does not qualify for regular admission. Probationary admission allows a student to enroll in courses to demonstrate his/her ability to do graduate work. A student may complete a maximum of 12 graduate semester credit hours with probationary admission. A student with probationary status may be limited to fewer than 12 graduate credit hours by the appropriate academic dean. To petition for regular admission a student must earn a grade of “B” or better in each course completed under probationary admission type. A program may set a higher standard. The final decision rests with the appropriate academic dean. A maximum of 12 credit hours completed in probationary status may be applied to a graduate
program, but the department concerned may choose not to accept some credit hours taken prior to regular admission. International students are not eligible for probationary admission. **Probationary admission does NOT guarantee regular admission upon completion of the requisite coursework.**

**PREPARATORY ADMISSION**

Preparatory admission may be granted to a degree-seeking student who has NOT qualified for regular admission AND needs to complete one or more prerequisite (stem) courses. The student is being allowed to enroll in prerequisite (stem) courses. At the discretion of the appropriate academic dean, a student granted preparatory admission may be limited to a specified number of credit hours and to remain in good standing be subject to a minimum GPA requirement in the prerequisite (stem) courses. **Preparatory admission does NOT guarantee regular admission upon completion of the stem courses,** regardless of the student's performance in the preparatory (stem) courses taken. International students are not eligible for Preparatory Admission.

**NON-DEGREE ADMISSION**

Non-degree admission may be granted to a student who does not intend to pursue a graduate degree from SHSU but who wishes to take courses for professional advancement, licensure, certification, or self-edification purposes, and who holds a baccalaureate degree or higher from a regionally accredited institution. An applicant for non-degree admission must submit the following documents to the Office of Graduate Studies: the general application for admission, an application fee, and an official copy of the transcript from the school which awarded the highest degree. A non-degree student who later applies for regular admission to seek a graduate degree may apply a maximum of 12 credit hours of coursework taken in non-degree status toward a graduate program at the discretion of the appropriate academic dean. International students are not eligible for non-degree admission.

**GRADUATE TRANSIENT ADMISSION**

Transient admission may be granted to a student who is accepted in good standing at a regionally accredited graduate school and who wishes to enroll for one semester at Sam Houston State University. An applicant requesting this status must submit the following to the Office of Graduate Studies: the general application for admission, an application fee, and certification of graduate standing in a regionally accredited institution. Some departments may require additional information for transient admission; therefore, applicants should contact the appropriate academic department. A student admitted with this admission type who later wishes to seek a degree at Sam Houston State University must submit a formal application for admission. A maximum of 12 credit hours taken as a graduate transient may be applied to a graduate degree program at the discretion of the appropriate academic dean.

**Admission Classifications**

A student admitted into a graduate or post-baccalaureate program at SHSU may be considered for three distinct classifications. Details of the possible classifications follow.

**POST-BACCALAUREATE**

Post-baccalaureate classification is assigned to a student possessing a baccalaureate degree who has not been regularly or conditionally admitted into a graduate program
(master’s or doctoral) at SHSU. A student who is classified as a post-baccalaureate is typically:
• taking undergraduate classes to raise an undergraduate GPA,
• seeking certification but not seeking a degree,
• taking prerequisite courses for a degree program and does not yet meet the admission requirements for the degree program, or
• taking courses for self-edification.

MASTER’S

Master’s classification is assigned to a degree-seeking student possessing a baccalaureate degree or the equivalent and who has been regularly or conditionally admitted to an approved master’s degree program at SHSU. Master’s classification is also granted to a degree-seeking student admitted to a doctoral program who has not yet earned the required master’s degree or 30 hours toward the doctorate degree.

DOCTORAL

Doctoral classification is assigned to a degree-seeking student who has been regularly or conditionally admitted to an approved doctoral degree program at SHSU and who has completed a master’s degree (recognized as the equivalent of one year’s full-time work) toward the doctoral degree the student is seeking or at least 30 graduate hours of work toward the proposed doctorate degree.

Subsequent Application

Admission to graduate studies remains valid for one long semester only, unless the student, during this period, engages in active graduate work. A student must submit a new application requesting admission into a different degree program or if he/she does not attend during a fall or spring semester. One of two forms, the Graduate Studies Application for Reinstatement or the Graduate Studies Application for Admission, must be submitted. In either case, the application fee does not need to be paid a second time.

The Graduate Studies Application for Reinstatement is used if:
• the student wishes to continue in the same degree program, and
• the student’s absence from the program has been for less than three years.

The Graduate Studies Application for Admission is used if:
• the student wishes to change degree/major sought, degree-seeking status, or certification-seeking status, or
• the student’s absence from the program has been for three years or more.

A Graduate Studies Application for Reinstatement and a Graduate Studies Application for Admission may be obtained through the Graduate Studies home page at www.shsu.edu/graduate. For more information, please call 936-294-1971.

Dual Enrollment

An undergraduate student may be enrolled in graduate coursework for graduate credit if the student:
• is in the graduating semester; and
• has applied for graduation; and
• has submitted an application for graduate study for the semester following his/her graduation; and
• meets the appropriate entrance examination requirements; and
• has at least a 3.0 GPA for the last three semesters of coursework.

The student must complete undergraduate work and obtain the bachelor’s degree during the first semester or summer session of dual enrollment.

Upon admission to graduate studies, an undergraduate student may enroll in a graduate course for graduate credit only with the written approval of the appropriate academic dean.

The combined undergraduate and graduate course load shall not exceed fifteen semester hours in a fall or spring semester or nine semester hours in a summer semester. Neither a graduate nor undergraduate course may simultaneously count toward a graduate and undergraduate degree.

Second Master’s Degree
(Refer to Academic Policy Statement 801215)

A student may seek a second master’s degree at Sam Houston State University, provided the field of concentration differs from the field of concentration for the first master’s degree.

Upon the written recommendation of the appropriate departmental chair(s) and academic dean, the following maximum number of hours may be applied to the second master’s degree:

Registration
Graduate Advising

Before the initial registration, the student should consult with the graduate advisor representing the field of his/her major interest. Academic advisement is encouraged prior to each registration. All students should confer with graduate advisors on a regular basis, monitor their own academic progress, and review the study plan on a continuous basis. A list of graduate advisors and e-mail addresses is available on the Graduate Studies webpage at www.shsu.edu/graduate/programs/.

Registration

Once accepted to Sam Houston State University, students may register for classes during the scheduled registration periods. Registration schedules may be found in the Schedule of Classes at www.shsu.edu/schedule/.

During scheduled periods of registration, students may register via the internet. Internet registration may be accessed by selecting the SamInfo link on SHSU’s homepage (www.shsu.edu) and then Registration. Students will need their Sam ID number and PIN (Personal Identification Number) in order to access the registration menu. For further information please contact the Office of the Registrar at (936) 294-1528.

Graduate Courses

A graduate course is an advanced course requiring critical analysis and study. Typically, courses with numbers of 500- or 600-level are master’s-level courses and 700-level or higher are doctoral-level courses. To provide a greater range of academic course offerings, some graduate programs allow students to take a limited number of approved 400-level courses for graduate credit. In order to receive graduate credit for an undergraduate-level course, the student must receive prior approval from the department chair and the dean of the college and complete additional requirements as outlined by the professor. Please see the specific degree programs within this catalog for more details on taking 400-level courses for graduate credit.

Course Load

Normal Load. The normal load for a full-time graduate student is nine to twelve hours per fall or spring semester and six hours in the summer. Students enrolled in master’s and doctoral degree programs should enroll in a minimum of nine graduate hours in both the fall and spring semesters and six hours in the summer to be considered a full-time graduate student.

Master’s degree students desiring to enroll in more than twelve graduate hours in any one semester must obtain approval from the dean of the college in which they are enrolled. Doctoral students desiring to enroll in more than nine graduate hours in any one semester must obtain approval from the dean of the college in which they are enrolled.

It is important to note that the University requirements for full-time status and requirements of various financial aid programs may differ. It is recommended that students consult with the University Student Financial Aid Office to determine how assistantships and fellowships may impact financial aid.
Course Load for Graduate Assistants. Graduate students employed by the University at least half-time as assistant instructors, research assistants, or teaching assistants should enroll in a minimum of six graduate hours per semester to be considered a full-time graduate student. The maximum course enrollment load for graduate assistants on one-half time employment is nine hours per fall or spring semester or six hours during the summer. Graduate assistants on less than a half-time assistantship may have the maximum course load authorization increased proportionately by the appropriate department/school chair. For more information on the employment of graduate assistants refer to Academic Policy Statement 890303 at www.shsu.edu/~vaf_www/aps/890303.html.

Change of Schedule
(Adding and Dropping Courses)
To add or drop courses, visit the registration website through the University fast links. Enrollment periods are stated in the Schedule of Classes which can be found online by selecting Class Schedule on the University Fast Links from the homepage (www.shsu.edu). No schedule changes may be made after the deadline specified in the Academic Calendar.

After changing a schedule students are encourage to verify the class schedule by following instructions found on the Registrar’s web page.

After the initial payment of tuition, those students who make schedule changes resulting in enrollment for additional semester credit hours are responsible for payment of additional tuition and fees. Additional costs incurred for classes added after established payment dates are due on the day they are added. Failure to meet these payment deadlines will result in the classes being dropped from the student’s schedule or resignation of the student from the University by the Business Office.

Off-Campus Courses
Students may register for off-campus courses during the regular registration periods as listed in the current Schedule of Classes. Courses taught by SHSU at a location away from the main campus carry residence credit. Off-campus procedures for resignations and schedule changes (adds or drops) are the same as for students attending classes on campus. See the current Schedule of Classes for a complete listing of courses and locations.

Sam Houston State University has approval from the Texas Higher Education Coordinating Board to offer various degree programs at The University Center in The Woodlands, Texas. Courses completed as part of these programs carry residence credit.

Correspondence Courses
Correspondence courses are not offered at the graduate level, nor can any correspondence course taken at any level or at any institution count toward a graduate degree at Sam Houston State University.

Correct Addresses
It is necessary to have on file with the University a correct residency address. A student who changes an address after completing registration should immediately update their address by logging on to SamWeb and selecting Address Change under Student Records. Tuition and Fees
TUITION AND FEES

Residence Classification for Tuition Purposes

The Texas Legislature and the Texas Higher Education Coordinating Board establish the rules and regulations for determining residence classification. Texas residency for tuition purposes is generally obtained by residing and/or being gainfully employed in Texas for 12 consecutive months immediately prior to enrollment in any college or university, by being a dependent of a Texas resident (individual who is claimed as a dependent for federal income tax purposes by the individual’s parent or legal guardian at the time of registration and for the tax year preceding the year in which the individual registers), or by being classified as a Texas Resident for the first five of the six years immediately preceding registration (not living out of the state more than 12 months immediately prior to registration).

A nonresident student may qualify to pay in-state tuition by meeting the requirements of a tuition waiver. Current tuition waiver options include but are not limited to: 1) the student or his/her spouse or parent is a member of the U.S. Armed Forces and is stationed in Texas; 2) the student or his/her spouse or parent is employed at least half-time by an institution of higher education in Texas as a teacher or professor; 3) the student or his/her spouse or parent has a teaching or research assistantship at any Texas institution of higher education on at least a half-time basis; 4) the student holds a competitive scholarship awarded by the University of at least $1,000 for the academic year or summer; or 5) the student or student’s family has been transferred to Texas by a company in keeping with the state’s Economic Development and Diversification Program.

By state law, the student has the responsibility of registering under the proper residence classification. If a student has knowledge of an error in his/her residence classification for tuition purposes, it is the student’s responsibility to notify the Residence Classification Officer immediately. For more information concerning the rules and regulations for determining Texas residence classification, please contact the Residence Classification Officer, Sam Houston State University, Box 2418, Huntsville, Texas 77341-2418, or call (936) 294-3783 or 294-1828.

Included in the amounts above are Tuition, Designated Tuition, Graduate Tuition, Student Service Fee, Student Center Fee, Computer Use Fee, Library Fee, Recreational Sports Fee, International Education Fee, Advising Center Fee, Medical Fee and Records Fee.

Program related fees are examples of fees not included in the above estimates. The reader is directed to review Explanation of Fees in this catalog. Additional information is available at www.shsu.edu/schedule.
Explanation of Fees

Tuition and Designated Tuition: Resident students pay $50 tuition per semester credit hour during fiscal year 2007-08; and $50 tuition per semester credit hour during fiscal year 2008-09. Nonresident and foreign students currently pay $328 tuition per semester credit hour during fiscal year 2007-08 and $328 tuition per semester credit hour during fiscal year 2008-09. The Texas Higher Education Coordinating Board calculates each year the nonresident and foreign tuition. The designated tuition is $89 per semester credit hour for fiscal year 2007-08 and $89 per semester credit hour for fiscal year 2008-09. Students enrolled in the same course for the third or more time will be charged the non-resident tuition rate for the hours associated with the course even if the student normally qualifies for in-state tuition.

Graduate Tuition: A graduate tuition differential of $50 per semester credit hour will be assessed for fiscal years 2007-08 and 2008-09.

Student Service Fee: The student service fee is $23 per semester credit hour for fiscal years 2007-08 and 2008-09 (not exceeding $207 per each fall and spring semester and $115 per summer session). The fee covers services at the University Health Center, Intramural Program, Student Life Support Programs, and Extramural Programs. The fee provides admission to athletic events at Sam Houston State University under the auspices of the Department of Athletics.

Student Center Fee: The student center fee is $60 per semester ($30 per summer session) for fiscal year 2007-08 and fiscal year 2008-09 and is used to fund Lowman Student Center programs and activities.

Medical Fee: A Medical Fee of $33 is charged per student for each fall and spring semester and $16.50 per student for a summer session in accordance with the provisions of V.T.C.A. Education Code, Section 54.5089. This fee is assessed and collected to update clinical services, to make additional medications available for pharmacy services, and to increase health education.

Computer Use Fee: The computer use fee is $15 per semester credit hour for fiscal years 2007-08 and 2008-09 and is issued for the training of students, faculty and staff, and for providing support services for operation, maintenance, and replacement of computer hardware and software.

Recreational Sports Fee: The recreational sports fee is $75 per each fall and spring semester ($37.50 per summer session) for fiscal years 2007-08 and 2008-09. It is used to purchase equipment and/or construct, operate, and maintain recreational sports facilities and programs.

International Education Fee: The international education fee is $1 per semester or summer session and will be used only to assist students participating in international student exchange or study abroad programs.

Library Fee: The library fee is $35 per each fall and spring semester and $17.50 per summer session for fiscal years 2007-08 and 2008-09. The Newton Gresham Library uses this fund to purchase books, electronic databases, and journal subscriptions.

Advising Center Fee: The Advising Center fee is $50 for each fall and spring semester and $25 for each summer term (session). The fee is used to fund the Student Advising and Mentoring Center (SAM Center).
TUITION AND FEES  51

Records Fee: The records fee is $12 per each fall and spring semester ($6 per summer session) for fiscal years 2007-08 and 2008-09. It is used to provide official transcripts to enrolled students and eliminates the add/drop fee and late registration fee. The enrolled student may receive five official transcripts per semester and five official transcripts over the course of a year following a confirmed degree from SHSU.

Matriculation Fee: A matriculation fee of $15 is charged if a student resigns before the 1st class day of the semester or summer session.

Miscellaneous Fees (not included in the previously listed Tuition and Fees Schedules):

Audit Fee (per course) $50
Distance Learning (per course and in addition to tuition and fees) $303
(Student Service, Student Center, and Recreational Sports fees are waived if only on-line courses are taken and the Distance Learning fee is charged).
Laboratory Course Fee (per course) $8
Music Fee for Individual Instruction (per course with suffix of “X”):
1 semester credit hour $30
2 semester credit hours $60
3 semester credit hours $75
4 semester credit hours $75

University Center Fee: Classes provided at The University Center in The Woodlands will have an additional fee of $50 per credit hour for FY 2007-08 and $50 per credit hour for FY 2008-09.

General Property Deposit. Each student is required to make a General Property Deposit of $10 which will remain with the University through his/her career here except as noted below. All charges for property losses, damages, and breakages in libraries or laboratories must be settled promptly. However, any unpaid current charges will be deducted from the deposit before a refund is made.

Refund of General Property Deposit. The General Property Deposit, less charges, will be returned to the student at the end of his/her career as a student. However, any General Property Deposit which remains without call for refund for a period of four years from the date of last attendance at this university shall be forfeited. The deposit will then become a part of, and operative to, the permanent use and purpose of the University Student Deposit Fund.

Payments

The Texas Legislature has authorized collection of tuition and fees during a fall or spring semester by one of two methods: payment in full or in an installment plan (one-half payment of the tuition and fees at registration and separate one-quarter payments due prior to the sixth and eleventh class weeks). By state code, some fees can not be paid by installment and are due in the initial payment. Parking permits and late registration fees are examples of charges which must be paid in full and are not eligible for installment payment. There is a processing fee for administration of the installment payment plan. Failure to make timely installment payments will cause accrual of late charges. Installment payment plans are not available during the summer sessions; payment is due in full at registration.
Payments made for registration purposes may be made by cash, cashier’s check, personal check, money order, or credit card (VISA or MasterCard only). All checks and money orders are accepted subject to final payment. Students may access account balances online. For additional information, see www.shsu.edu/saminfo/financial-menu.html. To make credit card payments online, visit www.shsu.edu/saminfo/credit.cgi.

Payments may be mailed to the Cashier’s Office, Sam Houston State University, Box 2273, Huntsville, TX 77341-2273 or paid in person in the Cashier’s Office, Estill Building, Suite 103, 1903 University Avenue, Huntsville, TX 77341.

Payment Deadlines
To avoid loss of classes, students should refer to the payment deadlines listed in the online Schedule of Classes. Students who do not make a payment by the specified payment deadline will have schedules deleted; such students must then repeat the registration process for re-enrollment.

A student who fails to make full payment of tuition and fees, excluding that portion of the registration fee that may be temporarily deferred, but payable later in the scheduled payments as part of an installment payment agreement, and including any incidental fees by the due date, may be prohibited from registering for classes until payment is made. A student who fails to make full payment prior to the end of the semester may be denied credit for work completed that semester.

Financial Responsibility
Students are expected to meet financial obligations to the University within the designated time allowed. Payment deadlines are listed in the academic calendar and available through the Cashier’s Office. Students will not be admitted to classes until their financial obligations are met.

Failure to pay the amount owed in full, including appropriate penalty and late fee charges, prior to registration for a future semester or prior to the last class day for the current semester or summer session can result in any or all of the following sanctions: 1) withholding of future registration privileges; 2) withholding award of degree; and 3) withholding of an official transcript.

Students who pay fees with a returned check may suffer the above sanctions as well as those shown in the Returned Check Policy section of this catalog.

Student Accounts. Students may contact the Office of Student Accounts to discuss the status of their University financial records (e.g., payments made or owed, due dates for payments). For more information, call (936) 294-1089 or visit www.shsu.edu/saminfo/financial-menu.html.

Any financial aid, tuition waivers, grants or deferments will be used to reduce the amount owed by the student, with the remaining balance eligible for the installment payment plan. There is no installment payment plan during the summer sessions; payment in full is due at registration. The Texas Legislature has reserved the right to discontinue the installment payment plan.

Collections for Nonpayment
Nonpayment by the end of the semester may result in transfer of the student’s account to a contracted collection agency and assessment of a collection fee of at least 25 percent of the outstanding balance. The University may also choose to litigate an account on advice of University legal counsel. Should an account be litigated, the student
will be responsible for all litigation expenses including attorney's fees and court costs. Accounts that are referred to a contracted collection agency may also be reported to credit bureaus.

**Returned Check Policy**
A returned check, written by the student or on behalf of the student by another party, is defined as one returned to the University rightfully unpaid due to no fault of the bank or the University. **The University reserves the right to refuse personal checks of any student who previously has had checks returned.**

Each returned check is subject to a $25 check processing fee. Students have 10 days from the date on which notice is sent from the Business Office in which to pay the returned check and the returned check processing fee or inform the Business Office of their intent. Thereafter, the student may be resigned from the University. It should not be assumed the University will resign the student. A student who discontinues going to class without officially resigning from school will be subject to the grade of "F." Students who have been resigned are eligible for reinstatement upon redemption of such check or checks, plus the returned check processing fee and the payment of a reinstatement charge of $50. A student who fails to make payment prior to the first day of final exams may not receive credit for the work done that semester and will not be allowed to register for future semesters until the delinquent amount is paid. In addition, unpaid returned checks may be turned over to other agencies for prosecution and collection.

Students will be given the opportunity to be heard regarding any special circumstances. Such circumstances will be given full and fair consideration, and exceptions to the returned check policy may be granted by the Director of the Business Office or a delegated employee, based on the evidence presented.

**Tuition and Fees Refund Policy**
A student enrolled at Sam Houston State University may receive financial refund of tuition and fees as outlined in the following schedules.

Refunds and credits from one department will be applied to any other outstanding balances in other departments. Any remaining refund will be distributed per the student's Bearkat OneCard preferences. The University may refund tuition and fees paid by a sponsor, donor or scholarship to the source rather than directly to the student who has withdrawn if the funds were made available to the University.

Refund policies were established by Senate Bill No. 604 of the 65th Legislature and adopted by the Board of Regents, The Texas State University System, in August of 1977 and by the applicable federal regulations dealing with first semester financial aid students.

**Dropping Courses**
A student who submits a request to drop one or more courses in any given semester or summer session but remains enrolled in at least one course may be eligible for refunds. The refund schedule for dropping courses follows.
Tuition and Fees

Fall and Spring Semesters

| First 12 class days | 100% |
| After 12th class day | none |

Summer Sessions

| First 4 class days | 100% |
| After 4th class day | none |

NOTE: Class days are university class days, not the number of days an individual class meets. Class days are to be counted from the first class meeting of on-campus daytime courses as indicated in the Academic Calendar.

Resignations/Withdrawals

A student who officially withdraws from all courses at Sam Houston State University in a given semester or summer session may be eligible for a refund of tuition and the specified fees, based upon the courses in which the student is enrolled on the official date of withdrawal. Refunds are made in accordance with the following schedules.

State Statutory Refund Schedule of Tuition and Fees

Fall and Spring Semesters Refund Schedule

| Before the 1st class day | 100% (Less $15 Matriculation Fee) |
| 1st class day through 5th class day | 80% |
| 6th class day through 10th class day | 70% |
| 11th class day through 15th class day | 50% |
| 16th class day through 20th class day | 25% |
| Thereafter | No refund |

Summer Session Refund Schedule

| Before the 1st class day | 100% (Less $15 Matriculation Fee) |
| 1st class day through 3rd class day | 80% |
| 4th class day through 6th class day | 50% |
| Thereafter | No refund |

NOTE: Class days are university class days, not the number of days an individual class meets. Class days are to be counted from the first class meeting of on-campus daytime courses as indicated in the Academic Calendar.

Students who receive Title IV aid and resign on or before completing 60% of the semester will be required to repay the percentage of unearned financial aid according to the federal “Return to Title IV Aid” formula derived from the 1998 Reauthorization of the Higher Education Act. The percentage of aid to be repaid to Student Financial Aid programs is equal to the number of calendar days remaining in the semester divided by the number of calendar days in the semester.

Refunds are to be returned to lenders or program accounts in the following statutorily specified order provided the student has received funds from the account:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Perkins Loans
4. Federal PLUS Loans
5. Other federal, state, private or institutional sources of aid
6. The student

The previous schedule assumes that all fees have been paid in full. A different schedule applies to the installment payment plan participants — the primary difference in the schedule being the requirement for the University to compute the refund based on the assumption that the full amount of tuition and fees has been collected. Therefore, it is possible, and probable, that a student in the installment plan could owe more in tuition and fees than already collected by the University. These extra amounts, if any, would be due and payable before the student would be allowed to resign from the University.

Student Financial Aid

The Office of Financial Aid at Sam Houston State University is available to assist students in achieving educational goals even when personal or family finances are limited. While the student is primarily responsible for financing an education, the University recognizes its role in making a maximum effort to acquire additional funds for qualified students through a variety of aid programs.

Detailed information on all assistance programs, eligibility requirements, student budgets, priority dates, and the method of aid processing is available online at www.shsu.edu/fao/. Additionally, a student may request the information by inquiring in person at the Estill Bldg., Room 201, or by writing to the Office of Student Financial Aid, Sam Houston State University, Huntsville TX 77341-2328, or by phoning (936) 294-1724.

Specified financial aid programs which the University Financial Aid Office administers are as follows:

Grants
Texas Public Educational Grant (TPEG)
Texas Public Education Leverage Educational Assistance Partnership Grant (LEAP)

Employment
Federal College Work Study Program
Texas College Work Study Program

Loans
Short-term Loans (STL)
Emergency Tuition and Fees Loan (ETFL)
Federal Perkins Loan
Federal Stafford Student Loan Programs
College Access Loan (CAL) - Only for Texas residents and students paying state tuition.

Scholarships
SHSU scholarship recipients are not selected by the Financial Aid Office (FAO). However, all scholarship awards, SHSU and/or outside donor awards, must be coordinated by the FAO, in order to assure compliance with State and Federal Regulations.

Various academic departments offer scholarships to students majoring in that particular discipline. Any student interested in a specific departmental scholarship may request further information from the chair of that department or refer to “Scholarship Information” online at www.shsu.edu/fao for specific details about scholarship criteria and deadlines.
Veterans Assistance Office
The veteran assistance staff in the Registrar’s Office can assist in the processing of claims for the Montgomery GI Bill (MGIB), Chapter 30 – Veteran Status, Chapter 31 – Vocational Rehabilitation and Chapter 1606 – Reservist. Students who were Texas residents at the time of their entry into active duty and who have exhausted their MGIB educational benefits should inquire about eligibility for benefits under the Texas Hazlewood Act.

Graduate Assistantships
Graduate programs offer a limited number of graduate assistantships. Full-time assistantships require a 20-hour per week workload. Students earning an assistantship receive a monthly stipend and other benefits, which may include qualifying for in-state tuition. For additional information about the availability of assistantships, please contact the appropriate graduate program coordinator. See Employment of Graduate Assistants, Academic Policy Statement 890303 at www.shsu.edu/~vaf_www/aps/890303.html.

Academic Common Market
Fifteen Southern states including Texas participate in the Academic Common Market, an interstate agreement for sharing uncommon academic programs. Residents of these states who are accepted for admission into selected out-of-state programs can enroll on an in-state tuition basis. There are two requirements:
1. Acceptance in a program to which your state has made arrangements to send its students;
2. Proof that the student is a legal resident of that state.

Additional information may be obtained at the Academic Common Market website at www.cep.unt.edu/ACM.html or from the Office of the Associate Vice President for Academic Affairs, Box 2087, Sam Houston State University, Huntsville, TX 77341-2087; (936) 294-1006.
Degree Requirements and Academic Guidelines
Graduate programs are typically classified as either research or professional oriented programs. Research programs have a major research component. At the master’s level, the research component may be included in a series of courses, a research product, and/or a thesis. At the doctoral level, the research product is a dissertation. Professional programs at the master’s level may include an internship and/or a practicum in lieu of a research product.

Graduate studies tend to be more focused, provide greater depth of study within the chosen field, foster independent learning, and promote knowledge of the literature. All of the graduate programs at Sam Houston State University require an assessment of knowledge retention toward the end of the academic program. The assessment may be incorporated as a comprehensive exam, in written and/or oral format, and/or a comprehensive capstone course.

Regardless of the type of program, the academic expectations placed on graduate students far exceed those experienced at the undergraduate level. While pursuit of knowledge is the major goal of graduate studies, graduate students are expected to achieve and remain in academic good standing. At Sam Houston State University, a graduate student must maintain an overall grade point average of at least 3.0 on all graduate coursework attempted. Review “Scholastic Expectations” within this section for further details.

NOTES: (1) Each student is responsible for contacting the appropriate graduate advisor for the specific program requirement deadlines. A student is required to complete graduate work within a six-year period, measured from the date of initial enrollment for graduate credit in a particular degree program.
DEGREE REQUIREMENTS AND ACADEMIC GUIDELINES

(2) Students must be enrolled in at least one course (one credit hour or more) in both the semester of graduation and the semester in which the comprehensive requirements are met. Completing a course for which a grade of IP was given in a previous semester does not constitute enrollment.

Degree Plan
A degree plan details the curriculum for the specific academic program and is developed for each graduate student. All courses on the approved degree plan must be completed with a satisfactory grade to meet the requirements for the degree. Changes in an approved degree plan may be made by petition to the graduate advisor and approved by the appropriate academic dean.

A student is required to complete graduate work within a six-year period, measured from the date of initial enrollment for graduate credit in a particular degree program. The period of time a student is on an approved leave of absence will be counted as time accumulated toward that six-year deadline for completion of the degree. Any extension of the six-year deadline must be approved in writing by the appropriate academic dean.

Comprehensive Examinations
All candidates for a graduate degree must pass integrative comprehensive examinations. The major department will establish whether the comprehensive examinations are written, oral, or a combination of the two. In lieu of comprehensive exams, some programs have been granted permission to use a comprehensive capstone course or portfolio submission.

The major department will organize a committee for the administration of the examinations. A grade of “high pass,” “pass,” or “fail” for each exam must be filed in the office of the appropriate academic dean. Should a student fail one or more examinations, a re-examination shall be permitted per departmental or college guidelines, as appropriate. A third examination may be permitted only with the approval of the appropriate academic dean and the department. Students should consult the major department for specific guidelines regarding comprehensive examinations. Students must be enrolled in the University the semester or summer in which the comprehensive exams are administered.

Enrollment in Thesis or Dissertation Courses
(Refer to Academic Policy Statement 930129)

A graduate student at Sam Houston State University writing a thesis or dissertation must enroll in the appropriate thesis or dissertation courses. Typically, a master’s student is required to take at least six hours of thesis courses. Depending on the specific program, a doctoral student is required to take a minimum of either nine or twelve hours of dissertation courses. Once a student enrolls in a thesis or dissertation course, the student must continuously enroll in such a course every fall, spring, and summer semester until the signed thesis/dissertation route sheet is received by the Registrar’s Office.

A student who is unable to work on the thesis or dissertation for a period of time may present to the appropriate academic dean a written request for a leave of absence of up to one year. The dean’s approval of such a request must be in writing. A student granted a leave of absence may not be enrolled in any coursework during this period. A student on a leave of absence will lose access to University services and must submit an application for reinstatement to re-enter the program.
Master’s Thesis and Doctoral Dissertation

Thesis or Dissertation Committee. A thesis or dissertation committee will be formed prior to enrollment in the first thesis/dissertation course. The committee must be composed of a chair and at least two additional members, all of whom have appropriate graduate faculty status. Selection of the chair depends on student preference and faculty availability and expertise. After a faculty member agrees to serve as chair, the student will select the other committee members with guidance from the chair. The committee must then be approved by the chair of the major department and the appropriate academic dean. Any change in the composition of the thesis or dissertation committee will be approved in the same manner.

Prospectus. In consultation with the thesis or dissertation chair, the student will select a subject of investigation and determine the availability of the required sources, facilities, materials, and equipment for the research and the writing of the thesis or dissertation. The student will prepare a prospectus which will specify the topic, detail the purpose of the proposed investigation, describe the proposed method(s) of investigation, indicate the relationship of study to relevant research and findings of scholars in the student’s area of concentration, and provide a commentary on source materials and/or facilities available for the successful completion of the research.

The prospectus shall be submitted to the thesis or dissertation committee following the timelines outlined by the departmental or college policies. Upon committee approval the signed prospectus is submitted to the appropriate academic dean for final approval. Any subsequent changes in topic or the proposed method of investigation must be approved in writing by the committee and submitted for approval to the appropriate academic dean.

Preparation. To facilitate the preparation of the thesis or dissertation, the student should refer to the Directions on Form, Preparation, and Submission of The Final Copies of Master’s Theses and Doctoral Dissertations at www.shsu.edu/graduate/current.

Procedure. Candidates should be in regular contact with committee members throughout the thesis/dissertation process. Candidates should allow committee members ample time to review draft versions of the thesis/dissertation. The candidate should submit the completed thesis or dissertation to the thesis or dissertation committee at least two weeks prior to the scheduled defense. The following steps must be completed, most in the graduating semester. A list of semester specific dates may be accessed from www.shsu.edu/graduate/current.

1. The candidate shall submit at least one full draft chapter of the thesis/dissertation to the Library for format and style review at least ten weeks prior to graduation.
2. The chair of the committee or the graduate advisor establishes a time and location for administering a verbal defense of the thesis or dissertation. The defense must be held at least six weeks prior to graduation. Attendance at the defense is open to the entire university community.
4. Upon successful completion of the defense, the candidate should obtain signatures from the thesis/dissertation committee on the title page and abstract of the thesis/dissertation and signature of thesis/dissertation chair on the route sheet. No later than four and one-half weeks prior to the end of the anticipated semester of graduation, the candidate should submit the route sheet and complete, defended and signed thesis/dissertation to the appropriate academic dean’s office.
5. Upon receipt of approval of the academic dean, the original and the required number of acceptable copies of the thesis or dissertation are taken to the Newton Gresham Library by the candidate no later than four weeks prior to the end of the
anticipated semester of graduation. Reproduction of the thesis or dissertation and binding costs are the responsibility of the candidate. The original copy will remain in the library collection.

6. After receiving the Library’s approval, the candidate should take the signed route sheet to the Office of Graduate Studies no later than three weeks prior to the end of the anticipated semester of graduation. The Office of Graduate Studies will forward the signed route sheet to the Office of the Registrar.

Graduation
Application for a Degree
Effective spring 2008, for Fall and Spring graduates, a formal application and payment of the degree/diploma fee must be made in the Registrar’s Office on or before the 12th class day of the semester in which the degree is to be confirmed. Summer graduates will be required to file a formal application and pay the degree/diploma fee prior to the semester in which the degree is to be conferred. Specific dates can be found in the Academic Calendar. A student filing a degree application after the published deadline will be assessed a late fee. A student who is completing the last semester of coursework at an institution other than SHSU must provide the Registrar with an official transcript of this coursework no later than one day prior to the graduation date. An application for a degree and further details are available online at www.shsu.edu/saminfo/registrar-menu.html.

Academic Expectations and Guidelines

Grading System
Four grades are given in graduate courses at the University:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Denotation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Academic Excellence</td>
</tr>
<tr>
<td>B</td>
<td>Acceptable Performance</td>
</tr>
<tr>
<td>C</td>
<td>Passing, yet Insufficient Performance</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
</tr>
</tbody>
</table>

The mark “IP” denotes “in progress” and is given in thesis and other courses which cannot be completed within one semester. The mark “CR” denotes “credit” and is given in one-hour workshops and may be given on transferred courses. The mark “WP” denotes “withdrew passing” and the mark “WF” denotes “withdrew failing.” Effective spring 2008 marks of “WP” and “WF” will no longer be awarded and resignations will be identified with a mark of “W.” The mark “X” denotes an incomplete course. If the student meets the prescribed requirements of the course before the end of the next academic semester after the “X” is given, the student will receive the grade earned; otherwise, the mark “X” will be automatically changed to an “F.” The mark of “Q” will be given to students who drop courses from the thirteenth class day, for a semester, or from the fifth class day, for a summer session, until the last day for dropping courses without grade of “F” as stated in the Academic Calendar. Courses with the mark of “Q” will not be counted as courses attempted and will not be included in determining grade point averages.

A graduate student who elects to drop all courses, i.e., to resign from the University, must notify the Registrar’s Office and process a Resignation Request. (See Resignations)
Academic Honesty

The Graduate Faculty of Sam Houston State University expects students to conduct academic work with integrity and honesty. Acts of academic dishonesty will not be tolerated and can result in the failure of a course and dismissal from the University.

Academic dishonesty includes, but is not limited to, cheating on a test, plagiarism, collusion (the unauthorized collaboration with another person in preparing work offered for credit), the abuse of resource materials, and misrepresentation of credentials or accomplishments.

The University’s policy on academic honesty and appeal procedures can be found in the manual entitled Student Guidelines, distributed by Division of Student Services.

Scholastic Expectations

A minimum grade point average of 3.0 (on a 4.0 scale) is required in all coursework taken for graduate credit. All grades earned in courses taken for graduate credit will be utilized in computing the grade point average. A grade earned at another institution may not be used to remove a grade deficiency earned in residence at Sam Houston State University. Semester hours of credit earned at another institution shall be recorded as received but not utilized in computing the student’s Sam Houston State University overall grade point average. Only those transferred courses from accredited institutions in which a grade of A or B was earned and which are accepted toward an official degree program may be applied toward a degree (see Transferred Credit).

Academic Probation and Suspension

In order to achieve and remain in academic good standing at Sam Houston State University, a graduate student must maintain an overall grade point average of at least 3.0 on all graduate coursework attempted.

A 3.0 overall grade point average is the absolute minimum required for graduation. A graduate student who falls below a 3.0 overall grade point average at the close of any semester or summer school during which one or more semester hours are attempted will be placed on probation. Summer school (two sessions) is considered to be a unit equivalent to a semester. If an enrolled student on probation fails to achieve a minimum 3.0 overall grade point average at the close of the next semester or summer school following the starting of the probation, the student will be suspended.

A committee of the department or college graduate faculty will review the graduate status for any student earning two grades of “C” in any combination of graduate courses. The committee will consider the advisability of the student’s continued enrollment in the graduate program. A student who earns three grades of “C” or one grade of “F” will be terminated from graduate studies. A student who earns a third grade of “C” or a grade of “F” during the semester or summer of the anticipated graduation will be terminated from graduate studies and will not be eligible to graduate. The appropriate academic dean may place on probation, retain on probation or suspend any student deficient in grade points without regard to the regulations previously stated. Any appeal for a review of the termination of graduate status should be directed in writing to the appropriate academic dean.

Resignations

Academic Support Services

Computer Services
The University has developed a high-speed fiber optic network connecting all major campus buildings including residence halls. Attached to this network are servers for administrative functions, academic computing, and research computing. This network is also connected to the Internet, providing all students access to Internet mail, Web servers, and many more valuable network resources.

From the University web site, students can activate and begin using SHSU computer accounts upon acceptance to the University. To ensure prompt communications, the University will send official statements and documents via the students’ e-mail addresses. These accounts will remain available to students after graduation, allowing continuity for job searches and alumni interactions.

Client computers supported are PC and Macintosh workstations. Computer labs are operated by the Department of Computer Services and workstations are available 24 hours a day during the week, with extensive weekend hours. Software for campus computers is provided on all University computers connected to the campus network (SAMnet).

Wireless access for SHSU students is currently available at locations throughout campus. Students can reach the Internet while studying in the library, eating in the LSC, or sitting outside in the mall area. Current details are available online: www.shsu.edu/~ucs_www/wireless.

Students are encouraged to apply for part-time employment with Computer Services. Opportunities exist to participate in building and maintaining the computing infrastructure at the University. The Computer Services department employs more than 100 students as lab assistants, telephone operators, night time system operators, web designers, programmers, helpdesk assistants, and software/hardware technicians. These students gain valuable experience for the future and provide an essential part of the operations of the department and University. For more information visit: www.shsu.edu/~ucs_www/staff/grads.html.

These resources are available from home, campus offices and computer labs. Access to online catalogs of libraries throughout the United States, including nearby university libraries such as the University of Houston, Texas A&M University and The University of Texas is available via the Internet. Books, articles, documents, and other items which are not available locally may be requested through the OCLC interlibrary loan system, a database of over 35 million bibliographic records to the world's literature.

Sixteen librarians, twenty-six support staff, and a number of student assistants provide reference, interlibrary loan, circulation, acquisitions, and other library services to the faculty, staff and students of the University, as well as to visiting scholars and off-campus users. The University Archives, located on the fourth floor of the Library preserves the history of the campus, as well as a collection of faculty monographic publications. A multimedia lab and classroom, staffed by Computer Services, is available during regular library hours. The seventy networked workstations in this multimedia area may be used to access the periodical and information databases, as well as the library’s multimedia (CD-ROM) collection of over 500 CD-ROMs. This multimedia collection is listed in the online catalog and is available to all library users. To assist library users in utilizing library material and services, over fifty printed guides and bibliographies have been developed by library faculty and staff. Maintaining F-1 Student Visa Status
-U.S. Government Requirements for All F-1 Students-
IT IS YOUR RESPONSIBILITY TO FOLLOW THESE REQUIREMENTS OR FACE POSSIBLE REMOVAL FROM THE UNITED STATES.

Maintain a valid passport at all times, unless exempt from passport requirements. Your passport should be valid for at least 6 months into the future.

Only attend the school listed on your current and stamped I-20. To attend another school, you must transfer to that school (obtain approval on a new I-20) or receive a concurrent enrollment letter from an International Student Advisor.

Complete an I-20 transfer whenever you change schools. An I-20 transfer (not the same as transferring academic credit) must be completed within 30 days of the beginning of classes of the first semester at the new school. An I-20 transfer is not complete until an International Student Advisor from the International Office processes your new I-20 through the USCIS Database.

Be a full-time student each long semester. You must complete (not just register for) a full course load each long semester. To maintain your F-1 student visa status, undergraduate students must complete at least 12 hours and graduate students must complete at least 9 hours each long semester. Note: Some degree programs may require more hours for academic reasons. Check with your department. You are not required by USCIS to enroll in classes during the summer session, unless summer is your first semester in the U.S. If you need to drop below full-time hours, make an appointment to see an International Student Advisor BEFORE taking any action.

Apply for an extension of your I-20 thirty days before the expiration date. The extension can only be applied for at the Office of International Programs within the 30-day period before the expiration date.

Obtain a new I-20 whenever you make a change in degree levels or majors. This includes changing levels at the same school or a new one (e.g., bachelor’s to master’s degree) or beginning a new degree at the same level (e.g., master’s degree to a 2nd master’s).

Never work off-campus unless you have current authorization from an International Student Advisor and the USCIS. You must either have an employment authorization stamp from our office on page 4 of your I-20 or an employment authorization card from the INS. All off-campus employment has a beginning and ending date. Renewals must be done before resuming work. If you work even one day before or after your authorization, you are in danger of being removed from the U.S. On-campus work does not require specific authorization, but you must maintain your full-time student status to be...
authorized. On-campus work is limited to 20 hours or less per week during the fall and spring and may be full-time during the summer if you do not take summer classes.

Obtain a travel endorsement on the back of your I-20 before leaving the U.S. This will be needed if you want to reenter the U.S.

Willful failure to maintain health insurance at the required level will be considered a violation of status.

A student may apply for Optional Practical Training up to 90 days prior to graduation. (Contact the Office of International Programs to schedule an appointment and to obtain instruction.)

Maintain a current address with the Office of International Programs and the USCIS at all times while you are on the I-20 of SHSU. Therefore, update your address with the Office of International Programs every time you change addresses.

**USCIS: Change of Address (08-28-02)**

Any alien [nonimmigrant international] in the U.S. is required to report his or her address to the United States Citizenship and Immigration Services (USCIS) within ten (10) days of the change of address. You may report your change of address to the Office of International Programs. The office will make the change in the government’s online database, as well as in the SHSU database.
