THE UNIVERSITY
Texas A&M University, the state’s oldest public institution of higher learning, was established in 1876 as a land grant college. Many programs are offered at undergraduate and graduate levels in nine academic colleges, including professional programs in veterinary medicine and through Texas A&M University at Galveston.
In 1983 the name was changed from the Agricultural and Mechanical College of Texas to Texas A&M University.

ACCREDITATION
Texas A&M University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools. Individual colleges and programs are accredited by appropriate professional organizations. Information about accreditation is listed in the University catalogs.

CALENDAR
The academic year of Texas A&M, for undergraduate and graduate students, consists of 15-week fall and spring semesters and the summer sessions which are two 5-week terms and a 10-week semester. The academic year for students in professional programs is divided into terms and semesters.

TRANSCRIPTS
Official transcripts are prepared by the Office of the Registrar in accordance with the policies of Texas A&M University. The Southern Association of Colleges and Schools and the American Association of Collegiate Registrars and Admissions Officers. Texas A&M University has two branch campuses, Texas A&M University at Galveston and Texas A&M University at Qatar; all official transcripts for the three locations are produced by the Office of the Registrar, Texas A&M University. Transcripts are sent only upon the request or consent of the student. Texas A&M University does not produce official copies of transcripts from other institutions. This transcript has been forwarded at the request of the student with the understanding it will not be released or transferred to any other person, agency or party. The Family Educational Rights and Privacy Act of 1974 prohibits release of this information without the student’s written consent.

ACADEMIC CREDIT
The unit of credit at Texas A&M is the semester hour. Each semester hour represents a class meeting 1 hour per week or a laboratory of 2 to 4 hours per week for 15 weeks. Regardless of the length of the semester, the same academic credit is awarded for a course, and a standard number of contact hours is maintained. Each course listing on the front of this transcript includes:
- Course title
- Subject area and course number
- Grade earned
- Credit hours and grade points earned

For undergraduate students, a summary of total hours passed, grade points earned and term GPR is displayed at the end of each semester. For graduate students, no GPR information is displayed; a graduate student GPR is calculated by the Office of Graduate Studies for each degree plan.

GRADING SYSTEM
There are five passing grades A, B, C, D and S. All calculations on this transcript are figured on the 4-point system explained below. Prior to June 1969, grading was based on a 3-point system.
