4.11 Reappointment and award of tenure. Reappointment of nontenured members of the faculty to a succeeding academic year or the award of tenure shall be accomplished only upon the President’s written recommendation and the Board of Regents’ approval.

4.12 All faculty members shall keep the President or his/her designee notified of their current mailing addresses.

5. CATEGORIES AND STANDARDS OF PERFORMANCE

5.01 Recommendations for reappointment, tenure, and/or promotion should consider the following categories and standards of performance.

a. Categories of Performance

(1) Teaching: This category includes, among other things, classroom and laboratory instruction; development of new courses, laboratories, and teaching methods; publication of and/or development of electronic instructional materials; academic advising; and supervision of undergraduate and graduate students.

(2) Scholarly and/or Creative Accomplishment: For most disciplines, this category consists of research and publication. For some disciplines, however, it may include other forms of creative works and activities, such as instructional technology, poetry, painting, musical performance or composition, and sculpture.

(3) Service: This category includes service to students, colleagues, program, department, school, college, and the university; administrative and committee service; and service beyond the university to the profession, community, state and nation, including academic or professionally-related public service.

(4) Collegiality: This category addresses the faculty member’s ability to function as an effective professional in accomplishing the goals of the tenure unit and the University.
(5) Meeting of the above criteria, especially the first three, does not guarantee or confer an entitlement to tenure and/or promotion.

(6) For special evaluative criteria pertaining to faculty members who are librarians, see Academic Policy Statement 810814, “Tenets for Academic Status for Professional Librarians.”

b. Standards of Performance

To be recommended for an award of tenure and/or promotion, an applicant must document a sustained pattern of professional competence and effectiveness in each of the categories of performance listed in Section 5.01 A. In addition, the applicant should have a clearly developed, ongoing strategy for sustaining the life of the mind throughout his/her career.

(1) Associate Professor:

- sustained effective teaching and mentoring of students as documented by student evaluations and peer and chair review and/or by an exemplary record of academic advisement, supervision of student research, or thesis/dissertation direction, as appropriate for the discipline

- sustained contribution to program support, such as course and curriculum development, innovations in teaching methodology, electronic instruction development, or participation in interdisciplinary academic programs

(2) Professor

● sustained, effective teaching and mentoring of students as documented by student evaluations and peer and chair review and/or by an exemplary record of academic advisement, supervision of student research, or thesis/dissertation direction, as appropriate for the discipline since the last promotion

● leadership in program support, such as course and curriculum development, innovations in teaching methodology, electronic instruction development, participation in interdisciplinary programs, or mentoring of less-experienced faculty

● participation in professional development activities to update skills or to gain new expertise

5.02 Faculty applicants for tenure and promotion are evaluated based on accomplishments for each of the four categories of performance. The weight given to each of the four categories may be determined by department and college tenure and promotion documents; however, greater weight shall be given to teaching and creative or scholarly activities than to service or collegiality. Successful performance in any or all of such categories does not guarantee or entitle the applicant to tenure and/or promotion.
All recommendations for reappointment, tenure, and/or promotion or assessment of progress toward such shall be based on the above categories and standards. Department- and college-specific requirements relating to these categories and standards must be approved by the Provost and Vice President for Academic Affairs. Although these documents will be provided to the faculty member at the outset of employment in a tenure track position, it is the faculty member’s responsibility to know these criteria.

6. FACULTY REVIEW PORTFOLIO

6.01 For a faculty member to be considered for promotion and/or tenure, the faculty member must prepare a Faculty Review Portfolio. The Faculty Review Portfolio may contain any information or materials that the individual deems pertinent for consideration. The department/school chair and college dean may, on behalf of the University, place in the portfolio file any additional information that may be pertinent to the faculty member’s status.

6.02 For a faculty member to have an application considered for promotion and/or tenure, the Faculty Review Portfolio must contain a complete record of accomplishments that is organized under the following headings:
