This dates may change. You will receive an e-mail closer to the date your building is being changed.

If you have a device that is NOT managed by Computer Services, please email zacbraak@shsu.edu and inform us of this device; we will then provide more information on what steps need to be taken in order for the device to communicate properly on the SHSU network.

Note: Voice over IP phones will also be affected by the outage, however they will continue to function as before once the network is back online. The normal University Meridian phones are unaffected by this upgrade.

Computers which may be utilizing the wireless network will be affected by the outage, however once the network is back online there will be no configuration differences and you should not notice any changes.

We will place a new node sticker on your computer after the upgrade. If your computer is not functioning properly after it has a new node sticker, contact the Helpdesk at 294-1950.

Sam Houston State University is an Equal Opportunity / Affirmative Action Institution
