Adopted September 1, 1980
Amended August 21, 2008

4.13 Appointments. All faculty appointments, including the granting of tenure, are subject to the approval of the Chancellor and the Board. At the earliest practicable Board meeting following the Governor's approval of the State's *General Appropriations Act*, the Board shall appoint the faculty and other teaching personnel to term or annual appointments for a specified period not to exceed one year. The President shall advise each appointee in writing of the provisions and conditions of the appointment. If a faculty member has already been appointed by the Board for either a fall or spring semester, the contract may be extended for the summer or for additional special assignments during the same Fiscal Year by the President, unless the extension includes a change in academic rank or an increase in the base salary.
