OFFICE OF THE COUNTY ENGINEER

1001 Preston, 5th Floor
Houston, Texas 77002
(713) 755-5370

ANNOUNCEMENT SUMMER INTERN OPPORTUNITY

The Harris County Engineering Department is seeking motivated summer interns in the fields of Engineering (emphasis on Civil Engineering), Architecture, Landscape Architecture, Construction Management and Drafting/Design.

Candidates majoring in Engineering (emphasis on Civil Engineering), Architecture, Landscape Architecture and Construction Management should have completed a minimum of three years of study and be in or entering their Senior year in the respective discipline from an accredited university. The candidate must have completed a minimum of twelve (12) credit hours (4 courses) in courses relative to their chosen major.

Candidates majoring in Drafting/Design should be eligible for the final year of a degree program from an accredited college or university. The candidate must have completed a minimum of three (3) courses relative to their drafting/design program.

Interns will work alongside experienced professionals, responsible for providing infrastructure solutions to the third largest County in the United States. The salary will be \$3,000.00 per month for three months. Interested students should provide a resume indicating classes taken, software competency, and other associated skills or experiences. Additionally, a letter should be included outlining why they chose their respective field, what they would like to do upon graduation, and why they would like to work for Harris County. Any additional information, such as previous military service, should be included along with contact information.

*Packages are to be mailed to the address below no later than **March 8, 2019.***
