Administrative Accomplishments & Major Projects

Academic Program Transformation – One Student, One Oregon Leading in school-wide effort to meet rural and frontier needs for quality and access in education and healthcare through organizational change management and improvement processes across five campuses	2018 - 2019
Academic Program Transition – DNP Led six APRN programs in transition from post-Masters DNP to DNP-only program including revision of 70+ courses, creation of personnel infrastructure to support new program, and coordination of transition to new curriculum/teach-out. Completed in 18 mos.	2017 - 2019
A/V, Digital, & Physical Structure Updates Overseen multiple infrastructure projects (including funds obtainment) such as auditorium renovation (\$500K), classroom audio-visual updates for school-level standardization and life-cycle planning (\$120K), and video-conferencing solution transition (training and adoption)	2015 - 2019
Staff Meetings & Awards Created and implemented bi-monthly staff meetings and annual staff awards for SON	2016 - 2019
Strategy-deployment Created a school-wide system based on Lean principles to methodically implement and monitor deployment of strategic plan, involving over 1/3 of the SON's staff and faculty (60+ participants).	2016 - 2019
Strategic Enrollment Established cross-functional team and annual standard work designed to align administration, academic programs, marketing, and admissions to systematically set enrollment targets that are sustainable, feasible, and aligned with mission.	2016 - 2019
Establishment of Cross-Functional Teams in SON Established multiple cross-functional operations teams designed to create shared consciousness and empowered execution across the organization. Teams were focused on administrative support, operational support, marketing and recruitment, strategic enrollment, and academic program support.	2015 - 2019
Analysis for Optimization of College Units / Business Intelligence Designed proof-of-concept analytic and decision making tools that enable academic units to (1) understand real-time college-wide teaching capacity versus load; (2) evaluate academic program and individual faculty capacity and productivity; (3) appreciate actual costs and revenues and model hypothetical scenarios at various levels of aggregation; (4) forecast faculty needs based on strategic activities.	2014 - 2015
Planning & Implementation of Strategic Organizational Change	2014 - 2015

Developed organizational structure for internal consulting unit and strategic change process framework to guide alignment and optimization activities across academic, service, and auxiliary units of the University.
