

# **SAM HOUSTON STUDENT RECEIVES AWARD FOR SAFETY STUDY**

Senior student, Shani Gomez, is a Safety major within the Engineering and Technology Department here at SHSU. This student, supervised by Dr. Ali Aljaroudi, completed a study on janitor safety; the associated paper was recognized at the 2020 Annual International Occupational Ergonomics and Safety Conference.

This student's study also received attention from the Occupational Safety and Health Assessment (OSHA) and their Safety & Health Achievement Recognition Program (SHARP).

The International Society for Occupational Ergonomics and Safety (ISOES) is an organization that promotes ergonomics and safety through research. This society is the main sponsor for the conference that recognized our student's outstanding work. Their mission statement is as follows: "Our mission is to promote, through research, education and sound professional practice of ergonomics and safety, the creation of safer, healthier and more productive working environments around the world".

For more information pertaining to the ISOES and their annual conference please visit: <https://www.iso.es.info/>. You may also visit <https://www.osha.gov/sharp> to learn more about the OSHA and the SHARP program mentioned above.
