**Notes/Comments:**

- EDUC 1300 is required for First Time in College (FTIC) students only. If not FTIC, HIST 1302 will fulfill this degree requirement. All students must complete two core History courses prior to earning the bachelor's degree at SHSU.
- PHED 1164 is required for completion of AS degree, not a requirement for graduation at SHSU. MATH 2413 (1420) satisfies Core Curriculum requirement for Component Area II (Mathematics) and one semester credit hour of Core Curriculum requirement for Component Area IX (Component Area Option), and the Degree Specific requirement.
- Students may be placed in MATH 2413 through placement testing OR by completing all MATH prerequisites (MATH 1314, 1316 & 2412). Student should consult with advisor regarding placement testing.
- Linear Math (MATH 2318) will be completed at SHSU (MATH 3377) to satisfy advanced MATH course requirements. Upon completion, the student will reverse transfer and be awarded the Associate of Science degree by LSC. Students must complete a [Reverse Transfer Graduation Application](#).
- 8 hours of science satisfies the Core Curriculum requirement for Component Area III (Life and Physical Science). An additional 8 hours of science satisfies the science component of the Degree Specific requirements.
