Waiver of Liability, Assumption of Risk, and Indemnity Agreement

Please read and sign the following document.

Understanding that all Recreational Sports facilities and activities, including use of Personal Trainers, are University-sponsored, I hereby agree to abide by all University regulations as specified in the Student Code of Conduct and/or Faculty/Staff Handbook, and all rules presented by the Recreational Sports staff members, either written or verbal, for the use of their facilities. Furthermore, I understand that failure to abide by these regulations is grounds for possible restriction of my use of the Recreational Sports facilities and/or loss of all recreation privileges in addition to University disciplinary sanctions.

I also understand that Recreational Sports reserves the right to require a doctor's approval before any Personal Training services (including, but not limited to fitness testing to measure flexibility, body composition, muscular strength and endurance, and cardiorespiratory endurance) are provided. Recreational Sports also reserves the right to refuse to provide personal training services if, in its sole discretion, it believes such services may be detrimental for any reason.

In consideration for being permitted to use the services of a Recreational Sports Personal Trainer at Sam Houston State University, I hereby voluntarily agree to the following:

Waiver and Release: I, for myself, my heirs, personal representatives, administrators or assigns, do hereby RELEASE, HOLD HARMLESS, DISCHARGE, AGREE NOT TO SUE AND OTHERWISE AGREE TO INDEMNIFY SHSU, THE TEXAS STATE UNIVERSITY SYSTEM, THEIR REGENTS, OFFICERS, EMPLOYEES, AGENTS AND VOLUNTEERS from liability from any and all claims, lawsuits, and causes of action including those which result in personal injury, accidents or illnesses (including death), and property loss including, but not limited to those related to NEGLIGENCE OF ANY KIND OR NATURE WHETHER FORSEEN OR UNFORSEEN, arising from my use of the Recreational Sports Personal Trainer's services.

Assumption of Risks: I understand activities associated with the use of a Personal Trainer carries with it certain inherent risks that cannot be eliminated regardless of the care taken to avoid injuries. The specific risks vary from one activity to another, I FULLY UNDERSTAND THAT THESE RISKS, HAZARDS, AND DANGERS MAY INCLUDE minor injuries (such as bruises, sprains, floor burns) to major injuries (such as pulled muscles, broken bones and fractures), and even including death.

I have read the previous paragraphs and I know, understand, and appreciate these and other risks that are inherent in personal training activities. I hereby assert that my participation is voluntary and I EXPRESSLY AND SPECIFICALLY ASSUME ANY AND ALL RISK OF INJURY, DEATH, AND OR PROPERTY DAMAGE RESULTING FROM PARTICIPATION IN THESE ACTIVITIES. I hereby certify that I have insurance to cover any charges associated with any injuries or accidents that may occur as a result of my use of a Recreational Sports Personal Trainer.

Acknowledgement of Understanding: I have read the foregoing document and understand its contents. I understand that I am giving up substantial rights, including my right to sue. I acknowledge that I am signing the agreement freely and voluntarily, and intend by my signature to be a complete and unconditional release of all liability to the greatest extent allowed by law.

PAR-Q and YOU

(A physical activity readiness questionnaire for people aged 15-69)

Regular physical activity is fun and healthy, and increasingly more people are starting to become more active every day. Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active.

If you are planning to become much more physically active than you are now, start by answering the seven questions in the box below. If you are between the ages of 15-69, the PAR-Q will tell you if you should check with your doctor before you start. If you are over 69 years of age, and you are not used to being very active, check with your doctor.

Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: check YES or NO.

YES	NO	
<input type="checkbox"/>	<input type="checkbox"/>	1. Has your doctor ever said that you have a heart condition <u>and</u> that you should only do physical activity recommended by a doctor?
<input type="checkbox"/>	<input type="checkbox"/>	2. Do you feel pain in your chest when you do physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	3. In the past month, have you had chest pain when you were not doing physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	4. Do you lose your balance because of dizziness or do you ever lose consciousness?
<input type="checkbox"/>	<input type="checkbox"/>	5. Do you have a bone or joint problem (for example, back, knee or hip) that could be made worse by a change in your physical activity?
<input type="checkbox"/>	<input type="checkbox"/>	6. Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
<input type="checkbox"/>	<input type="checkbox"/>	7. Do you know of <u>any other reason</u> why you should not do physical activity?

If you answered YES to one or more questions:

Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness assessment. Tell your doctor about the PAR-Q and which questions you answered YES.

- You may be able to do any activity you want-as long as you start slowly and build up gradually. Or you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful to you.

If you answered NO to all questions:

You can be reasonably sure that you can:

- Start becoming much more physically active-begin slowly and build up gradually. This is the safest and easiest way to go.
- Take part in a fitness assessment. This is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively.

Delay becoming more active if:

- You are not feeling well because of a temporary illness such as a cold or a fever-wait until you feel better.
- You are or may be pregnant-talk to your doctor before you start exercising.
-

I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction.
