History

Sam Houston State University, located in Huntsville, Texas, is a member of The Texas State University System. The school was created by the Texas Legislature in 1879 as Sam Houston Normal Institute to educate teachers for the public schools of Texas. The baccalaureate degree was first awarded in 1919.

In 1923, the institution's name was changed to Sam Houston State Teachers College. Two years later, the college was admitted to membership in the Southern Association of Colleges and Schools (SACS) as an accredited institution of higher learning. A graduate degree was authorized in 1936, and the curriculum was expanded to emphasize preparation in a variety of fields.

Following World War II, an increase in students and faculty as well as a wide range of faculty-research activities provided impetus for the continued emergence of a multi-purpose institution. In recognition of these developments, the institution's name was changed by the Texas Legislature to Sam Houston State College in 1965. The number of graduate degrees conferred increased significantly in the late 1960s; and the Texas Legislature, recognizing the changes that had taken place, changed the name of the institution to Sam Houston State University in 1969.

In the 1970s, the University was granted permission to offer its first doctorate, a PhD in criminal justice. This program grew to be one of the largest and most recognized doctoral programs in the country. In the 1980s and 1990s, the University completed a number of academic, athletic, and support facilities. With the improvement of faculty and facilities, the University set a vision to become one of the best regional universities in the country.

During the last five years of the twentieth century, the University expanded its reach by offering programs online, at The Woodlands in a multi-institutional teaching center, and various other off-campus sites. Beginning in 2000, the University expanded its building program and committed resources to develop and maintain nationally-recognized academic support programs. Sam Houston State University increased the number of doctoral programs, including programs in education and psychology, and experienced a tremendous surge in enrollment and name recognition.

Currently, Sam Houston State University is organized academically into eight colleges: Business Administration, Criminal Justice, Education, Fine Arts and Mass Communication, Health Sciences, Humanities and Social Sciences, and Sciences and Engineering Technology, and the proposed Osteopathic Medicine. Students are offered an extensive range of bachelor's and master's degrees, as well as doctorates in selected areas. The faculty and the University are recognized regionally, nationally, and internationally.

Faculty Handbook

The Faculty Handbook is an official Sam Houston State University (SHSU) publication designed to provide guidelines and explanations to the faculty concerning policies and procedures under which the University operates. Faculty may refer to the channels of administration, the various administrative offices and the committees described in this handbook for further information and guidance.

There is an expectation that each faculty member will become acquainted with and conform to all the policies and procedures, *Rules and Regulations* of the Board of Regents of the Texas State University System, and all other official publications relating to their appointment and to the accomplishment of their work and positions as faculty members of Sam Houston State University.

The policies in this handbook are current at the time of its publication; however all University policies and rules are subject to change without prior notice. Additionally the Board of Regents will adopt changes to its *Rules and Regulations* and that will alter some of the policies stated herein. All effort has been made to address conflicts, but in the unlikely event of any conflict between the Faculty Handbook and the Board of Regents' *Rules and Regulations*, the Board of Regents' *Rules and Regulations* have precedence.

Required Policies	Faculty may opt to link to www.shsu.edu/syllabus Academic Dishonesty Americans with Disabilities Act Absences for Religious Holy Days Visitors in the Classroom

In addition to the above, individual colleges may have additional requirements. Faculty may opt to include additional information such as study tips, instructor evaluations, information about academic support

services, availability of tutoring, and classroom rules of conduct. All syllabi must be placed on Blackboard. Any revisions to the syllabus must be communicated to the students and a revised copy placed on Blackboard.

Textbook Adoption

When selecting a textbook for a course, there should be a reasonably close correlation between the contents of the textbook, the catalog description of the course, and the learning objectives listed on the syllabus. Care in the decision making process for textbook selection should also include examination of the expense of the text materials, with an eye to selecting the text that balances content with a lower sticker price for our students.

Barnes & Noble, SHSU's bookstore provider, has implemented *FacultyEnlight* to make the textbook selection and ordering process easier. To learn more about this software, click [here](#).

Curriculum Development and Evaluation

Curriculum development typically is initiated by faculty at the departmental level and subsequently progresses through college and University reviews for internal recommendations and approval. Issues of academic need and content, quality and effectiveness are addressed at each stage in the curriculum development process.

Once the department and college have completed their review of a new course or new program, the [Curriculum Committee](#) reviews submissions to determine if information provided for new courses and/or new programs is complete, to analyze proposed additions and changes in course titles to avoid possible overlap or duplication, and to work toward potential problem solutions before the matters are discussed by the [Academic Affairs Council](#). Committee members must be knowledgeable of their college's curriculum submissions and able to respond to most questions that arise. Conflicts between the final recommendations of the Academic Affairs Council and reports originally submitted by the deans, will be resolved individually between the Provost and Vice President of Academic Affairs and the appropriate dean.

The Curriculum Report which bears the endorsement of the Provost and Vice President for Academic Affairs shall be prepared in proper format and will be presented to the President by the Provost and Vice President for Academic Affairs for inclusion in The Texas State University System's Board of Regents Meeting agenda, as detailed in The Texas State University System's, [Board of Regents' Rules and Regulations](#), Chapter III, Subsection 5.1, "Curriculum Procedures."

Prerequisite Policy

In order to ensure that instructors can present the required important course material at the appropriate level, students must demonstrate adequate preparation to take these courses. Students must meet the prerequisite requirements for a course. The Sam Houston State University Prerequisite Policy is addressed in Academic Policy Statement [100428, "Prerequisite Policy."](#)

Professional Responsibilities

Academic Freedom and Responsibilities

Sam Houston State University is committed to academic freedom and is in accord with the [Rules and Regulations](#) of the Board of Regents of The Texas State University System, Chapter V, Subsection 4.7, “Rights and Responsibilities as a Teacher and Citizen.” This policy addresses specifically the academic freedom accorded a faculty member, and the responsibilities and duties required of a faculty member as both a teacher and a citizen.

To safeguard and protect the academic freedom of faculty members, Sam Houston State University adheres to the following policy of The Texas State University System as stated in the Board of Regents’ *Rules and Regulations*:

[Chapter V, Subsection 2.15: Grievances](#)

2.15 Grievances. Every employee of each Component, individually or through a representative that does not claim the right to strike, shall be entitled to present grievances to a hearing officer designated by the President concerning such employee’s wages, hours of work, or conditions of work. Such grievances shall not involve formal hearings.

Faculty Availability

A faculty member is expected to publish hours and be available for student consultation during those times. Availability may include office hours, online conferencing, consultation time at The Woodlands Center or other offsite teaching venues, as well as scheduled times for student conferences via other communication media. It is expected that these hours be reasonable and consistent with the faculty member’s teaching schedule, venue, and workload designation.

Adherence to the Class Schedule

Most faculty-student contacts are made in the classroom and in the faculty member's offices. Classes are scheduled to meet on specified days and for a specific length of time. Special holidays or other exceptions to the schedule, if not stated in the official calendar, are proclaimed in written announcements from the President or from the Provost and Vice President for Academic Affairs. Adherence to the final examination schedule and the proper completion of all duties associated with the opening and closing of a semester are required. Faculty are expected to hold all regularly scheduled class meetings.

Faculty Absences

When the faculty member cannot hold a regularly scheduled class, the department chair should be contacted. The chair can assist the faculty member to make appropriate accommodations. The Board of

Regents of The Texas State University System, in their [Rules and Regulations](#), has adopted the following policy concerning faculty absences, Chapter V, Subsection 4.82, "Absences." Specific questions related to faculty absences and definitions of terms are addressed in Human Resources Policy [B-1, "Employee Leaves"](#) and in Academic Policy Statement [800215, "Faculty Administrative Leave Program."](#)

Instructional Workload

The faculty workload policy for Sam Houston State University is designed to comply with Vernon's Texas Codes Annotated, Education Code §51.402, and will be reported to the Texas Higher Education Coordinating Board and included in the operating budget for the University. The policy and guidelines reflect the essential nature of the University as a teaching institution but allow flexibility to permit accommodation of related research activities essential to the effective operation of a multipurpose regional university. For complete coverage of the Faculty Instructional Workload Policy, refer to Academic Policy Statement [790601, "Faculty Instructional Workload Policy."](#)

Attendance Verification

While Sam Houston State University is not required by any accrediting agency to take attendance, federal guidelines demand that we must be able to verify that financial aid recipients are eligible for the financial aid that has been awarded and disbursed to them (Department of Education Federal Student Aid Handbook). This is why attendance feedback from instructors is mandatory. If we cannot verify students' academically-related participation in a class, they will lose financial aid eligibility, and the Institution will be required to pay back the financial aid.

In an effort to provide support for this process, SHSU has created a systematic ["How-To"](#) guide that outlines how and where to report attendance.

Commencement Participation

Participation in commencement exercises is an expectation of tenure-track and tenured faculty members. Please see [Academic Policy Statement 791221, "Faculty Participation in Commencement"](#) for a full explanation of this expectation.

Acceptance of Money from Students

The [Rules and Regulations](#) of the Texas State University System Chapter V, Subsection 4.85, "Acceptance of Money from Students", states: "Faculty members shall not, without approval of the President or his/her designee, collect from students any fees or charges to be expended for Component purposes or sell to students books, notes, materials or supplies. Faculty of the rank of lecturer or above, and other instructional personnel as designated by the Component President, may not accept pay from students for extra instruction or teaching or students registered in the Component. With prior written approval of the President or his or her designee, instructional employees below the rank of lecturer may accept pay from students for extra-class instruction or coaching but only in courses or sections of courses with which they have no instructional connection. The faculty handbook of the Component shall specify the procedure for approval at the Component level."

The following describes the procedure for obtaining approval for accepting pay from students for extra-class instruction or coaching for instructional employees below the rank of lecturer:

Submit to Department Chair, in writing, a request to charge students for extra-class instruction, or coaching, within the parameters set forth in the above-cited Chapter V, Subsection 4.85 of the Rules and Regulations of the Texas State University System. In the request, include:
