Student Travel Awards for Professional Presentation

ABSTRACT

The purpose of the *STAPP Awards Program* is to help defray the costs of any SHSU undergraduate student for travel to conferences, meetings, exhibits, or performances where the results of their faculty-mentored research, scholarship, or creative activity will be presented. Students must be enrolled at SHSU at the time of travel.

Funding: Each student will receive \$400 for regional/state travel and \$800 for national/international travel

Award Submission Deadline- Rolling

Selection: Applications will be evaluated, prioritized, and selected based on current funds available in the program. If your application is selected for funding, per SHSU policy, all travel will be reimbursed upon completion of the appropriate travel forms and submission of receipts. It is your responsibility to work with your faculty mentor and/or departmental administrative assistant to complete all appropriate forms prior to travel and to submit receipts for allowable expenses upon your return.

Recipient Expectations: Students who receive a STAPP award are required to submit one of the following after completing their travel to ugresearch@shsu.edu: • One or more photos and a short summary of their experience to be posted on the Office of Undergraduate Research's social media accounts • A two-page, double spaced reflective report detailing their experience and what they gained from presenting their research or creative activity

Submission: Please pay careful attention to these guidelines as incomplete applications and applications that do not follow the guidelines will be rejected. We will accept STAPP Award submissions throughout the year. To submit, combine all required proposal elements into a single PDF document and submit [here](#).
