

## Spring 2020 Emergency Transition to Remote Instruction Student Survey

*Note: The following is provided as survey content only. Survey formatting and appearance will differ in the student view as appropriate for the student's device (e.g., smart phone, laptop, etc.).*

---

- 1** In place of our usual IDEA course evaluations, SHSU has designed a custom survey to help understand your experience with the transition to remote instruction and learning in response to the COVID-19 required changes. Throughout this survey, the term "transition" refers to the period of remote instruction that occurred after the extended spring break.

As a student, your thoughts and opinions are important to the University. We ask that you provide your honest feedback so that SHSU can continue to grow, learn, and provide the highest quality educational experiences for its students. We thank you for your participation in this survey.
