Meetings

-Met with Dean Lyons and Director of Equity and Inclusion Epps

-Key Points from Meeting with Director Epps
  -She did state she would be interested in coming to speak to us, she was a former SGA advisor at the previous college she worked for.
  -Find ways to be more present. Examples she gave were collaborating with other organizations on initiatives, information town halls on what we are doing, potentially having new chairs positions pertaining to athletics, student resources on campus

-Key points from meeting with Dean Lyons:
  -CJ has the largest number of 100% online students, looking at ways to potentially include them.
  -He mentioned that availability of meetings with deans might be troublesome due to varying schedules. He mentioned one time that all deans are together when they meet all together with Council of academic deans which meets every other Wednesday at 9:30 so potentially finding the time before or after that would be the best time since everyone will be together
