### 753 Sam Houston State University

---

Sam Houston State University (SHSU) was established in 1879 to train teachers. Through education, these graduates helped to fundamentally change the socio-economic trajectory of Texas – elevating individual skill levels and income, improving overall health, and strengthening civic engagement. Over the past 139 years, the university's academic offerings have expanded significantly, however the unwavering dedication to intellectual development and service to humanity combined with a commitment to improving the well-being of the state will always remain the same.

Across seven colleges, SHSU offers 91 bachelor's degree programs, more than 60 master's degree programs and 10 doctoral programs, including the nation's first Ph.D. in Forensic Science. Sam Houston State is classified as a "Doctoral Research University" by the Carnegie Commission on Higher Education and has been recognized by U.S. News and World Report as being among the best in the country for online graduate programs. In addition, the Carnegie Commission on Higher Education classified SHSU as a "Community Engaged" university. This honor, bestowed to only 311 public institutions nationwide, acknowledges the university's significant commitment to serving the community.

#### Growth Fueled by Success-Oriented Programs

We know successful students build successful universities. Sam Houston State's focus has always been on providing an accessible, value-based college education that is responsive to the changing needs of students and the workplace. In response to the university's commitment to developing and implementing new ways to deliver student-centric higher education, enrollment increased 13% over the past five years to 20,938 in Fall 2017, ranking SHSU as the 12th largest public university in Texas. In FY17, SHSU awarded 4,729 degrees/graduate certificates, which represents a 20 percent increase since 2015.

Historically, approximately half of the university's enrollment is first generation and over 70 percent is classified "At Risk," yet student debt is below the national average. Years of experience meeting the unique needs of these students has culminated in innovative success initiatives and exemplary practices at SHSU, which now serve as a model for other universities.

- The award-winning and nationally-ranked Student Advising & Mentoring Center (SAM Center) provides a number of success-oriented services including, study skills, academic tracking and intervention as well as targeted programs designed to help improve the performance of underprepared students. Effective advising and mentoring also helps students navigate their way to a degree, increasing the probability of graduating with marketable skills and attributes.
- Establishing Leadership In and Through Education (ELITE) invests in the success of a student population facing greater obstacles to achieving their dreams of a college education. Through ELITE, African-American and Hispanic males, who are first-time freshmen, meet weekly in small groups run by peer mentors covering topics such as study skills, resource management and networking. Members are encouraged to continue their involvement with the program on a volunteer basis through the remainder of their college careers. The data shows emphatically the ELITE program can help students rise above the challenges associated with a background of limited academic and social preparation. Retention and graduation rates, as well as grade point average, for participants have significantly outpaced those for the overall minority population.

The university's ELITE program has been recognized for two consecutive years in Excelencia in Education's "What Works for Latino Student Success in Higher Education," America's largest inventory of proven practices for accelerating degree completion among Latinos.

- The First-Year Experience program, a comprehensive and coordinated approach to that all important first year of college, provides services dedicated to facilitating a student's successful transition to university life, and, ultimately, to graduation.

**Administrator's Statement**

10/17/2018 8:22:04AM

86th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**753 Sam Houston State University**

---

- The Academic Success Center provides support with reading, writing, math and other supplemental instruction. The mission of the center is to assist and empower students to succeed academically, persist through graduation, prepare for graduate and professional endeavors, and develop an appreciation for lifelong learning.

**Best at Educating the Texas Workforce**

Many academic programs have been developed with industry input in order to provide the level of classroom and hands-on experience needed to produce workforce-ready graduates. One example is the entire strategic plan of programs for the College of Health Sciences which was developed based on industry input so that these programs fill unique workforce needs for healthcare professionals, especially primary care. The quality of these academic programs combined with superior student success services underpins SHSU's consistent ranking in the top 10 percent of universities in the state to place students in the workforce within 12 months of graduation.

**Leveraging Operational Efficiency and Educational Value**

The value of a Sam Houston education is exemplified not only by the quality of instruction and level of student success but also by the comparable costs associated with attaining a degree. In order to build value, the university has instituted controls and processes that maximize the resources used to educate and service students. Administrative costs as a percentage of operating budget have been significantly reduced the ratio of employees to 100 students is remains below the state average. Continuous improvements in operational efficiency were achieved while maintaining the second highest faculty-to-student ratio in the state.

An adequate level of State investment is essential to providing a high quality educational opportunity while maintaining affordability . SHSU is thankful for the support and leadership provided by the members of the Texas legislature and the additional investments in infrastructure and operations . Funding approval in the 84th Legislative Session provided the capital for construction of a much-needed Life Sciences Building and expansion of a clinical learning and simulation center for the School of Nursing. These projects will benefit generations of students and support continued growth in healthcare and STEM programs to meet the workforce needs in the state. Construction on both these much-needed instructional facilities was completed Summer of 2018 for the Fall semester.

In preparation for responding to the 10 percent general revenue-related base reduction schedule, the institution evaluated all general revenue funding and deemed every appropriated general revenue dollar critical to our core mission of teaching, research, and public service. Because of limited alternatives, the institution is forced to propose reductions spread across all general revenue funded initiatives. It is imperative to note that proposed reductions would negatively and painfully impact our core operations and delivery of services to students.

**EXCEPTIONAL ITEM REQUEST**

Student Success Initiatives - Advancing 60x30TX

Amount: \$4,000,000

**DESCRIPTION/JUSTIFICATION**

The 60x30TX strategic plan represents the next leap forward for higher education and SHSU is proud to be a contributing partner in this collaborative effort and to provide leadership in the development of innovative programs and teaching methodologies focused on educating the Texas workforce for the 21st century. Even with the university's proven record of accomplishment, the goal of sixty percent attainment by 2030, will provide a number of challenges including the ability to adequately meet

**Administrator's Statement**

86th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**753 Sam Houston State University**

---

the expanding needs for assistance and support from a larger base of underprepared students.

SHSU requests operating funds for Student Success Initiatives that include services and programs that will build on an already strong foundation and advance the 60x30TX goals addressing completion, marketable skills and student debt. Funding will allow the university to expand activities currently supported by grants, designated tuition and dedicated fees. The university's programs such as First Year Experience, the nationally recognized Student Advising & Mentoring Center, the Academic Success Center, Career Services, ELITE (Establishing Leadership In and Through Education) program, and McNair Scholars have demonstrated significant correlation to academic success, job placement and degree completion.

Academic support services directly correlate with retention, academic success, and graduation rates across undergraduate populations. Sam Houston State University has established a strong foundation of academic support for all students and has demonstrated great success in supporting at-risk students and those enrolled in high-risk courses through referrals to mentoring programs, tutoring, and success initiatives. State funding for these activities provides a sustainable and predictable framework for continuing and expanding a wide variety of services that further the 60X30TX goals.

**TRB REQUESTS**

Allied Health Building

Construct & Equip	\$70,000,000
Cost of Debt Service/Year	5,950,000

**DESCRIPTION/JUSTIFICATION**

SHSU focuses on critical Texas workforce needs, which includes shortages of adequately prepared health professionals particularly in rural areas. Existing and planned Allied Health programs can help meet this demand.

Funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Bilingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs and associated support areas, administrative suite and faculty offices.

Centralizing allied health programs in a location in close proximity to the medical school facility will facilitate the development of complimentary programs. Further, it will allow for productive collaborations between Forensic Science and Medical School programs focused on cross-disciplinary program development and research.

Updated by: SHSU President's Office, July 2018

**SAM HOUSTON STATE UNIVERSITY**  
Description of Functional Unit and FTE Supervision

**TITLE:** President

**NATURE & PURPOSE OF POSITION:** The President is the Chief Executive Officer of Sam Houston State University and is responsible for the development, maintenance and utilization of the University's resources in such a manner that its goals, and objectives are achieved in the most effective and efficient manner, and in accordance with the desired philosophy as determined by the Board of Regents.

FTE Supervision: 8

**TITLE:** Provost and Vice President for Academic Affairs

**NATURE & PURPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of academic Colleges of Sciences, Health Sciences, Business Administration, Criminal Justice, Education, Humanities and Social Sciences, and Fine Arts and Mass Communication and all other academic service areas.

FTE Supervision: 14

**TITLE:** Vice President for Finance and Operations

**NATURE & PURPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of all financial operations and physical facilities of the University, as well as, human resources, custodial and grounds, procurement and public safety services.

FTE Supervision: 5

**TITLE:** Vice President for University Advancement

**NATURE & PURPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of university development, fund raising, marketing, museum, alumni relations, and public relations.

FTE Supervision: 5

**TITLE:** Vice President for Enrollment Management

**NATURE & PUPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of career services, financial aid, registrar, undergraduate admissions, and visitor center.

FTE Supervision: 3

**TITLE:** Vice President for Student Services

**NATURE & PUPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of Lowman Student Center, recreational sports, Bearkat OneCard, counseling services, health services, student activities, and residence life.

FTE Supervision: 9

**TITLE:** Vice President for Information Technology

**NATURE & PUPOSE OF POSITION:** To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of information technology in the areas of infrastructure, support services, enterprise services, and client services.

FTE Supervision: 6

**TITLE:** Director of Athletics

**NATURE & PUPOSE OF POSITION:** Responsible for all activities, operations, and policies of the Athletic Department. Represents the Athletic Department on conference, state, and national level.

FTE Supervision: 17

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium. Funds also support the executive administrative business and fiscal management, development, Criminal Justice Center, scholarships, and campus security.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirements, and audit finding also have an effect. Additional information for this strategy is available in Schedule 9, Special Item Information.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This is a budget balance account that provides resources used in providing a land laboratory which is utilized to provide instructional and research support for the agricultural science students and faculty and to provide public service demonstrations and activities for educational and industrial groups. External funds are received to fund various research and demonstration projects.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

An ongoing cooperative agreement with the United States Department of Agriculture and the Children's Nutrition Research Center, Houston has in the past been extended and expanded in scope. Other external research funds are utilized by faculty and students to conduct individual projects. Cooperative field days and research are conducted with local, state, and national agricultural agencies on an as needed basis.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

This strategy is impacted by hazardous waste deposit regulations, property increase premiums, cost of classroom and laboratory furnishings and cost associated with safe management of physical plant. Cost of building materials, repairs, and alterations also impact this strategy. Cost of supplies and services as well as state authorized salary increases impact this strategy. This strategy is also affected by changes in cost of utilities, weather, after hours functions requiring conditioned buildings, and conditioned space increases.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Sam Center and its satellite office will provide all Sam Houston State University students with an easy access to faculty advisors and academic support services. This center's staff will help recruit and retain students and improve their academic performance. Additional information for this strategy is available in Schedule 9, Non-Formula Support.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The university currently provides both the general studies and mandatory advisement programs as well as academic support services for all students that will be enhanced and expanded through this appropriation.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The growth of new and existing Allied Health programs at SHSU is supported by a rapidly expanding population and economic base in The Woodlands area that will require a sufficient and significant supply of health providers and services to support such expansion. Since Allied Health programs predominantly require clinical teaching venues, the University requires assistance to renovate traditional teaching space into clinical settings and properly instrument the clinical laboratories.

A planned extension of the School of Nursing offerings into The Woodlands medical community (RN->BSN program) is being completed in two phases, each incorporating renovations of The Woodlands Center and new instrumentation. Phase 1 is 75% complete (\$1.8 million in SHSU funds) and Phase 2 will be completed the following year. SHSU requests \$500,000 to complete Phase 1 of Nursing expansion (complete instrumentation) and \$2.5 million for Phase 2 (renovation of space, equipment, and instrumentation). Funding in subsequent years will be used to repurpose, equip, and instrument additional clinical space to support three new programs (Health Sciences, Athletic Training, Public Health) approved Fall 2014 and additional programs that will be added. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

LEMIT develops and provides courses in law enforcement leadership and management as authorized by HB 977 (HB 977, 73rd Leg., S.S., Subchapter D, Chapter 96, Education Code. Also section 5, sec. 415.082 (a), Government Code.) and HB 1881. HB 1881 mandated New Chief training, HB 1588 mandated Constable training and SB 1074 mandated Racial Profiling training be provided by LEMIT with no additional funds.

Implementation of this strategy will address the mission of the institute and fulfill the mandate of HB 977 by providing current and future law enforcement professionals with the opportunity to acquire and develop the knowledge, concepts, and skills necessary to deliver effective law enforcement services. HB 1881 directs LEMIT to provide executive development programs to all Texas Police Chiefs in Texas on a recurring basis.

LEMIT will undertake an expansion of its research initiative to evaluate and assess eyewitness identification issues and recommend any adaptation of the model policy disseminated to Texas law enforcement in 2012.

LEMIT will introduce an officer wellness initiative on addressing post critical stress debriefing and post-traumatic stress disorder (PTSD) in new programming venue.

LEMIT will continue the development of advanced simulation training such as challenges dealing with the media, terroristic actions, and additional operational management of critical incident response events.

The Bill Blackwood Law Enforcement Management Institute of Texas is essentially the only Texas provider of advanced management training available to state and local law enforcement professionals.

Target population - All law enforcement professionals throughout the State of Texas. Included in the group are sergeants and above from municipal police, sheriff's departments, independent school district police, constables, and Department of Public Safety. Specific focus is directed to developing leadership among command staff and chief administrators. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The CJ Center was established by the Texas Legislature in 1963 under House resolution No. 469. This mandate directs SHSU to establish a program of excellence in criminal justice with five objectives: 1) Provide a comprehensive professional development program for criminal justice and juvenile justice practitioners throughout Texas. 2) Provide degree programs for undergraduate and graduate students preparing for careers in criminal justice. 3) Provide technical assistance and consultation services to criminal justice agencies. 4) Promote research on problems in crime and administration of criminal justice. 5) Provide scholarships and support to Sam Houston State University in Criminal Justice to criminal justice employees to enhance the mission of the agencies.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirements, and audit findings also have an effect, as well as the constantly changing world of Internet technology. Additional information for this strategy is available in Schedule 9, Special Item Information. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Crime Victim’s Institute was transferred from the Attorney General’s Office September 2003 to Sam Houston State University by authority of SB 1245. The CVI has developed and actively pursued a research agenda on criminal victimization.

- 1) CVI will examine the current state of the Crime Victim Compensation fund from multiple perspectives, including victim advocates, policy makers and legislators.
- 2) CVI will continue to explore issues related to victim characteristics, victim-offender relationships, public awareness and use of sex-offender registries, human trafficking, and victimization of immigrants and minorities.
- 3) CVI will expand on research exploring the long-term health consequences and costs of victimization.
- 4) CVI will expand upon current project and develop new studies that will contribute policy-relevant research to assists in the efforts to prevent victimization.
- 5) CVI will work collaboratively with victim service providers and stakeholders throughout the State in these efforts and will disseminate the results of that research to enable agencies to work more effectively and efficiently.
- 6) CVI will advise on curriculum development for implementation of master’s degree in Victim’s Studies. This will have a direct impact on professional training for services for victim advocated

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Funds from this strategy are transferred to operations support for faculty salaries as well as providing for enhancement of other operational areas. These funds ensure the University's ability to recruit highly qualified faculty, assist with utility costs, to update such processes as registration, fee payment, application of financial aid to students' accounts, providing prospective students with information about the University on the Internet and traditional methods of communication.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirements, and audit finding also have an effect, as well as the constantly changing world of Internet technology. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

In order to effectively compete for federal research grants, universities of Texas must develop technological capacity that meets 21st century research objectives. The TRIES facility at SHSU is a core university facility created precisely for this purpose. In the past two years, TRIES has successfully competed for Department of Defense grants, and its researchers have demonstrated a high level of expertise and developed a solid track record for delivering results. In order to increase capacity and to better target funding opportunities with homeland security and defense applications, TRIES will need to maintain state-of-the-art visualization training capability. In addition, TRIES analytical and visualization laboratories continue to provide high level research experiences to low and moderate income undergraduate and graduate students. The requested funds demonstrate the state's continuing commitment to build infrastructure that supports advanced research as well as federal grant initiatives.

CODE	DESCRIPTION	Exp 2017	Est 2018	Bud 2019	BL 2020	BL 2021
------	-------------	----------	----------	----------	---------	---------

This State Special Item is especially valuable, because it shows the institutional and State commitment when funds are sought from outside the University. The basic infrastructure of this core research facility makes our institutional and faculty research proposals more competitive and enhances their likelihood of being funded.

Assisting the University obtain several large federal awards for environmental studies has very effectively leveraged this State Special Item funding. This item is especially valuable, because it shows the institutional and State commitment when funds are sought from outside the University. This support of basic infrastructure makes our federal proposals more competitive and enhances the likelihood of receiving federal funds. Additional information for this strategy is available in Schedule 9, Non-Formula Information.

GOAL: 6 Research Funds  
 OBJECTIVE: 3 Comprehensive Research Fund Service Categories:  
 STRATEGY: 1 Comprehensive Research Fund Service: 21 Income: A.2 Age: B.3

CODE	DESCRIPTION	Exp 2017	Est 2018	Bud 2019	BL 2020	BL 2021
------	-------------	----------	----------	----------	---------	---------

The Research Development Fund is distributed among eligible institutions based on the average amount of restricted research funds expended by each institution per year for the three preceding fiscal years. The purpose of these funds is to promote research capacity. The Research Development Fund was established by the 78th Legislature to provided funding to promote increased research capacity at eligible general academic teaching institutions. This Fund replaced the Texas Excellence Fund. The Research Development Fund is a fund held outside the State Treasury with the State Comptroller administering and investing the Fund proceeds. The amount appropriated to Sam Houston State University is determined by the Legislature each biennium period. The basis used for allotment of funds is the average amount of Restricted Research Funds expended by SHSU per year for the three preceding state fiscal years. This information will be verified and provided to the Comptroller through the Texas Higher Education Coordinating Board.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

External factors impacting this strategy are current rate of returns on investments, state of Texas economy, Legislative intent, and availability of research grant funds. Internal factors impacting this strategy are the dollar amounts of outside research grants obtained by the University.

**EXPLANATION OF BIENNIAL CHANGE (includes Rider amounts):**

**DESCRIPTION / JUSTIFICATION:**

The 60x30TX strategic plan represents the next leap forward for higher education and SHSU is proud to be a contributing partner in this collaborative effort and to provide leadership in the development of innovative programs and teaching methodologies focused on educating the Texas workforce for the 21st century. Even with the university's proven record of accomplishment, the goal of sixty percent attainment by 2030, will provide a number of challenges including the ability to adequately meet the expanding needs for assistance and support from a larger base of underprepared students.

SHSU requests operating funds for Student Success Initiatives that include services and programs that will build on an already strong foundation and advance the 60x30TX goals addressing completion, marketable skills and student debt. Funding will allow the university to expand activities currently supported by grants, designated tuition and dedicated fees. The university's programs such as First Year Experience, the nationally recognized Student Advising & Mentoring Center, the Academic Success Center, Career Services, ELITE (Establishing Leadership In and Through Education) program, and McNair Scholars have demonstrated significant correlation to academic success, job placement and degree completion.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years:• Introduce early career exploration (years one and two) that will assist in making timely career decisions so as to develop the appropriate marketable skills.

- Expand advisement and support services to meet the unique needs of transfer and completer students as prioritized by the 60X30 initiative. This includes pre-transfer advisement to ensure courses taken at the community college level apply to their degree at SHSU, which helps ensure transfer students complete a degree in a timelier manner and without excessive hours.
- Continue efforts to match developmental courses with college-level math classes and communicate through early advisement the impact on graduation.Ddesign academic

<b>TOTAL, METHOD OF FINANCING</b>		<b>\$5,950,000</b>	<b>\$5,950,000</b>

**DESCRIPTION / JUSTIFICATION:**

\$70,000,000 to construct and equip a facility to house Allied Health programs. The debt service needed is \$5,600,000 per year. SHSU focuses on high need areas in the Texas workforce and address the shortage of adequately prepared health professionals in the state. This funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Bilingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs with associated support areas, administrative suite and faculty offices. The debt service was calculate at a rate of 6% for 20 years.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: This space will be an important extension and collaboration of the Medical School programs, allowing for the development of complimentary programs that will leverage this program. The demand for highly trained Allied Health professionals in the State is strong and is particularly acute in rural regions, which will be served by existing and planned programs. Further, it will allow for productive collaborations between Forensic Science and Medical School programs focused on cross-disciplinary program development and research.

**B. Assessment of Fiscal Year 2016 - 2017 Efforts to Meet HUB Procurement Goals**

**Attainment:**

The agency attained or exceeded four of five, or 80%, of the applicable statewide HUB procurement goals in FY 2016.  
 The agency attained or exceeded three of five, or 60%, of the applicable statewide HUB procurement goals in FY 2017.

**Applicability:**

The "Heavy Construction" category is not applicable to agency operations in either fiscal year 2016 or fiscal year 2017 since the agency did not have any strategies or programs related to heavy construction.

**Factors Affecting Attainment:**

Factors affecting attainment in procurement categories "Building Construction" is attributable to prime and general contractors having difficulty attracting HUB subcontractors to work in Huntsville because of the booming construction activity in Houston; HUB "Special Trade" Contractors have also been difficult to attract the Huntsville market.

**"Good-Faith" Efforts:**

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 34 TAC Section 20.13(d):

During FY2016 and FY2017 Sam Houston State University sponsored six active Mentor/Protégé Program relationships with the following HUB vendors: The Burgoon Company, PDME, HBI, Team Hoke and two with LyncVerse. In addition to advertising major bids/proposals on the Electronic State Business Daily, the University also advertises on our Jagger E-Procurement platform called BearKatBuy. The University yearly hosts a very successful HUB/Vendor Fair cooperatively with the SBDC, Texas Department of Criminal Justice, Walker County, the City of Huntsville and Huntsville Independent School District. Vendors continue to comment that "It's one of the best forums" because it provides them an opportunity to market their products and/or services to multiple entities at one time and it provides them a training

Sam Houston State University has no new efficiencies or savings to report for this Legislative Appropriation Request for the 2020 - 2021 Biennium.

**Schedule 8 Summary of Requests for Capital Project Financing  
86th Regular Session, Agency Submission**

**8. Summary of Requests for Capital Project Financing**

<b>Agency Code:</b> 753	<b>Agency: Sam Houston State University</b>		<b>Prepared by: Edgar Smith</b>									
<b>Date:</b> August 3, 2018			<b>Amount Requested</b>									
Project ID #	Capital Expenditure Category	Project Description	Project Category				2020-21 Total Amount Requested	MOF Code #	MOF Requested	2020 -21 Estimated Debt Service (If Applicable)	Debt Service MOF Code #	Debt Service MOF Requested
			New Construction	Health & Safety	Deferred Maintenance	Maintenance						
1	Construction of Building and Facilities	\$70,000,000 to construct and equip a facility to house Allied Health programs. The debt service needed is \$5,950,000 per year. SHSU focuses on high need areas in the Texas workforce and address the shortage of adequately prepared health professionals in the state. This funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Bilingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs with associated support areas, administrative suite and faculty offices.	\$ 70,000,000	\$ -	\$ -	\$ -	\$ 70,000,000		Tuition Revenue Bond	\$ 11,900,000	0001	General Revenue

**Project Description**

\$70,000,000 to construct and equip a facility to house Allied Health programs. The debt service needed is \$5,600,000 per year. SHSU focuses on high need areas in the Texas workforce and address the shortage of adequately prepared health professionals in the state. This funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Bilingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs with associated support areas, administrative suite and faculty offices. The debt service was calculate at a rate of 6% for 20 years.

**Academic Enrichment Center/Advisement Center**

**(1) Year Non-Formula Support Item First Funded:** 2002  
Year Non-Formula Support Item Established: 2002  
Original Appropriation: \$150,000

**(2) Mission:**

This Special Item requests academic support for the Student Advising and Mentoring Center (SAM Center). This center's staff assists all students with holistic academic advising and case management by providing appropriate academic programs on all levels, such as intrusive advising for special populations, mentoring programs for students at academic risk, one-on-one tutoring for students enrolled in high DFW courses, as well as students who need assistance with writing and math. The Center provides a wide-range of support activities to help our students succeed. This particular allocation will help support Sam Houston's Academic Support Labs, designed to help students with writing, mathematics, and reading.

**(3) (a) Major Accomplishments to Date:**

Establishment of guidelines and consolidation of academic advising activities and personnel. Several programs are designed to help students succeed in their academic experience by providing specialized help with students having trouble with mathematics, reading, and/or writing. These programs have been influential in increasing student retention, university graduation rates, and helping underrepresented populations through such programs as the Writing Lab, including individual class visitations for workshops in writing, and the Math Lab. The Center has received national recognition for its endeavors and successes.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

In the next 2 years, we expect our retention rates to continue rise. By carefully designing academic advising and academic support programs, we expect to improve our graduation rates. The result will be improved retention and graduation rates consistent with the State's 60X30 initiative.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

---

**753 Sam Houston State University**

---

**(8) Non-General Revenue Sources of Funding:**

Each student is charged a \$66 advisement fee that is used to finance the salaries of trained faculty advisors mentors, provide workshops in advising and mentoring, make available necessary resources for aiding students in accomplishing their goals, attend state and national workshops on advising, and to properly accommodate and evaluate the effectiveness of advising and mentoring

**(9) Impact of Not Funding:**

The SAM Center will not be able to support the number of programs needed to assist students in mathematics, writing, and reading. General revenue non-formula support is critical to ongoing operations of these activities. Additional decreases in funding or elimination of funding may trigger loss of competitive grant support funding, require significant reduction in level of services provided and/or the assessment of participant/user fees as appropriate to offset associated costs.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

The non-formula support is need on a permanent basis.

**(11) Non-Formula Support Associated with Time Frame:**

There is not a specific time frame.

**(12) Benchmarks:**

This non-formula support item requires on-going support.

**(13) Performance Reviews:**

The University monitors these programs to ensure they support the strategic priority to educate and empower a diverse student body. This include metrics related to graduation and retention rates in addition to student success.

---

---

**753 Sam Houston State University**

---

**Allied Health Programs**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2016
Year Non-Formula Support Item Established:	2016
Original Appropriation:	\$3,000,000

**(2) Mission:**

Sam Houston is a multicultural institution whose mission is to provide excellence by continually improving quality education, scholarship, and service to its students and to appropriate regional, state, national, and international constituencies. Located just north of the Houston metropolitan area, our geographical region has witnessed significant growth. In fact, the rapidly expanding population and economic base in The Woodlands will require a sufficient and significant supply of health providers and services. To support the needs of this growth, SHSU is developing and expanding a number of programs in the field of Health Sciences such as the School of Nursing, Public Health, Athletic Training, as well as pre-professional health programs (e.g., pre-chiropractic, pre-occupational therapy, pre-physical therapy). In order to develop viable programs in these health-related areas, seed money is needed to 1.) recruit new faculty and students; 2.) develop learning environments that will support clinical teaching and research; and 3.) equip the clinical teaching areas with current clinical instrumentation. In addition, the instructional needs of clinically trained professionals demand smaller class sizes as well as special attention to appropriate supervision. In order to accomplish these goals, additional adjunct clinical faculty will need to be employed

**(3) (a) Major Accomplishments to Date:**

This funding supported the completion and instrumentation of additional simulation spaces in the The Woodlands Center to support expansion of the Nursing and RN to BSN programs. Specifically, Phase 1 in January 2015 included the completion of the simulation lab, administrative office suite, and one of the classrooms designated for skills training. Phase 2 (completed in March 2016) included a second classroom and skills lab, eight (8) faculty offices, and a student study area.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Funding in subsequent years will be used to support enrollment growth in these high demand programs. Specifically, the funding will be used to repurpose, equip, and instrument additional clinical space at The Woodlands Center as well as the main campus. Phase 3 of the construction at The Woodlands Center will include new faculty offices (in TWC 420 – see attached schematic) and storage space for the School of Nursing. Additional instruments for the nursing program at both campuses are also needed (e.g., sim babies). At the main campus in Huntsville, completion of the Athletic Training Lab, maintenance on the Sport and Human Performance Lab, upgrades for the Instructional Weight Training Room, and instruments for the Athletic Training and Exercise Physiology Labs are required to bring these programs up-to-date.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

None

---

**753 Sam Houston State University**

---

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

General revenue non-formula support is critical to ongoing delivery of academic programs. Additional decreases in funding or elimination of funding may affect institutional ability to meet ongoing demand in specific academic programs that are reliant on this support. This may require decreases in service levels that may adversely affect graduation rates and student success.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

The funding for this non-formula support is need on a permanent basic

**(11) Non-Formula Support Associated with Time Frame:**

There is not a time frame for this item.

**(12) Benchmarks:**

This non-formula support item requires on-going support.

**(13) Performance Reviews:**

The University monitors these programs to ensure they support the strategic priority to educate and empower a diverse student body. This include metrics related to graduation and retention rates in addition to student success.

---

**753 Sam Houston State University**

---

**Bill Blackwood Law Enforcement Management Institute of Texas**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1993
Year Non-Formula Support Item Established:	1993
Original Appropriation:	\$3,300,000

**(2) Mission:**

The mission of the Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT) is to provide an opportunity for current and future law enforcement administrators to acquire and develop the knowledge, concepts, and competencies necessary for them to be able to deliver effective law enforcement leadership services in a free society.

Dedicated Fund: Source of funds is based on criminal offenses.

**(3) (a) Major Accomplishments to Date:**

Since September 1993 LEMIT has worked to develop contemporary and relevant leadership development programs for policing executives. LEMIT programs deliver timely and applicable curriculum through New Chief Development Series, Texas Police Chief Leadership Series (TPCLS) to Texas Police Chiefs. Conference support to organizations and associations expand the LEMIT training reach. To date, police chiefs attending TPCLS have received professional development on legislatively mandated topics such as body camera policy and training applications. LEMIT, through TPCLS, has provided chief executives with information on the concept of procedural justice and community responsibility. LEMIT's designation to provide leadership development to Newly Elected Constables and Constables Continuing Education provides these elected officials with opportunities to address ethical and professional standards of their role in serving the community. Special Professional Development Programs are created in response to requests from law enforcement executives for basic instructor's course, field officer professional development, forensic science/crime scene investigation certifications, and first line supervisor's courses. LEMIT undertook an expansion of its research initiatives when it evaluated and assessed eye-witness identification issues. Additionally research and best practice associated with body-worn camera technology resulted in curriculum development as outlined by Senate Bill 158.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

LEMIT through its state of the art facility for policing practitioners continues development of advanced simulation training. This type of training will give participants research based immersive experience on such challenges responding to terroristic actions, operational management of critical incident response events, and media response. Currently, LEMIT leads the field in this type of immersive training delivery.

LEMIT will undertake an officer wellness initiative on addressing post critical stress debriefing and post-traumatic stress disorder (PTSD) in a new programming venue for officers. Discussion of police officer suicide will also be presented. In partnership with law enforcement agencies, LEMIT will help address these issues with an initiative named Post Critical Incident Seminar (PCIS).

LEMIT will undertake an expansion of its special programs when it develops and delivers implicit bias and de-escalation techniques to participants. Program goals are to expand the understanding of the concept of procedural justice and how it can be utilized to attain legitimacy for a police department. The aim is to further build trust between citizens and police to implement or improve community partnerships.

LEMIT professional development programs will provide instruction designed to help create a path to enhance a community policing philosophy in a police department and further strengthen partnerships toward improving police community/relationships.

---

**753 Sam Houston State University**

---

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

None

**(5) Formula Funding:**

None

**(6) Category:**

General Revenue-Dedicated  
and Fee Funded Items

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

No funding to LEMIT will effect professional development deliverables to Texas public safety personnel. LEMIT participants say the education, best-practice research, and policy development proficiency are invaluable to peace officers and their communities. With no funds, the following are a few examples of implications. First, mandatory training for Police Chiefs and Constables will not exist. Public Safety – Reduction in training opportunities. LEMIT’s professional development series are timely and relevant. This has existed for the past 30 years. LEMIT’s constituency requests it broaden leadership scope, emphasis on responsibility and developmental outcomes. Agency leadership request LEMIT build a resiliency capacity for first responders. Research – Research answers significant questions and new perspectives. Agency exploration of new practices with research-based information supports decision makers. Research gives priority to resources and projects analyze innovation to deliver tangible improvements to communities. Research opportunities would be limited. Policy Development – Guidance associated with model policy development will be obsolete. Agencies depended on LEMIT’s model policies related to eyewitness identification and racial profiling. Each piece of policy work is an opportunity to refine the field of policing. Dedicated public servants who administer these important programs could be laid off.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

The Non Formula GRD is need on a permanent basis for this program to operate.

**(11) Non-Formula Support Associated with Time Frame:**

There is not a time frame.

**(12) Benchmarks:**

This non-formula support item requires on-going support.

**Center for Business & Economic Development**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1992
Year Non-Formula Support Item Established:	1992
Original Appropriation:	\$144,358

**(2) Mission:**

To communicate with SHSU alumni and friends. To create and disseminate knowledge through the Journal of Business Strategies, a peer-reviewed journal, which is distributed internationally in hard-copy and electronically. The Center also produces a faculty research working paper series that is available electronically. To provide small business experience to SHSU students. To help, through the SBDC, small businesses in an eight county area to become established, grow, survive, and succeed by providing professional management consulting and training which result in measurable economic outcomes that emphasize job creation. Funding of this special item supports the mission of the institution primarily through a variety of public services developed by and delivered through the Gibson D. Lewis Center for Business and Economic Development. The Center is a major service arm for the University and the College of Business Administration

**(3) (a) Major Accomplishments to Date:**

The Gibson D. Lewis Center's website provides national, state, regional, and local data for businesses, governmental bodies, developers, and researchers. The Center completed several studies that measure the economic impact of activities, including the economic impact of Sam Houston State University on the regional economy. The Center published several Working Papers Series, available electronically. The Center co-sponsors with the Department of Economics & International Business a seminar series held on average once each month. The Journal of Business Strategies is published two times per year, distributing approximately 850 copies to libraries, subscribers, and other institutions. Past issues are available online.

The SBDC continues to meet or exceed its goals on an annual basis. Since the creation of the fund in 1991, over 1,500 new businesses have opened, creating more than 4,200 new jobs in the eight county service area. The SHSU office continues to operate and maintain seven small business satellites throughout service area. Training seminars are held monthly in the Center's computer lab. Since its inception, over 2,300 business training seminars have taken place with over 21,000 attendees. The SBDC electronic monthly newsletter is sent to approximately 1,700 clients and prospective clients, covering various topics of economic data relating to the immediate service area. The SBDC has assisted clients in obtaining over \$82 million dollars in financing.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**753 Sam Houston State University**

---

The Gibson D. Lewis Center for Business and Economic Development will continue to improve and update its website, providing national, state, regional and local data for businesses, governmental bodies, developers, and researchers. The Center will continue to generate Industry Impact Studies and forecast the economic impact of key economic events. The Center will continue to co-sponsor the monthly Economic Seminar Series. The Journal of Business Strategies will continue to be published on a semi-annual basis.

With the growth in the SBDC service area, more businesses will be started resulting in new jobs at a rate equal to or greater than experienced in the past. Training sessions will continue, with growth dictated by demand. Monthly newsletters will reach more clients and prospective clients.

The new location of the SBDC facilitates the assistance provided to clients as the center is now located much closer to the financial centers within the Huntsville area. The SBDC works with professors and students, providing a community outreach to help local businesses. Recent developments have allowed this type of partnership to extend to a working relationship between our Center, the Lone Star SBDC and the SHSU-The Woodlands Center. We have also developed similar collaboration with the San Jacinto College SBDC providing an opportunity to expand our outreach for business community service and assistance efforts to a larger geographic area .

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

By unrestricted donations. Funds were received from the publishing of the Journal of Business Strategies newsletter, public and private donations in and around Huntsville to the SBDC

**753 Sam Houston State University**

---

**Crime Victims' Institute**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2012
Year Non-Formula Support Item Established:	2012
Original Appropriation:	\$288,903

**(2) Mission:**

The Crime Victims' Institute (CVI) was created by the 74th Regular Session of the Texas State Legislature in 1995. As mandated by statute, the mission of the Institute is: (1) to study the impact of crime on victims of all ages, their family members, and society to promote a better understanding of victimization; (2) to improve victim services; (3) to assist victims of crime by giving them a voice; and (4) to contribute to victim-related policy-making. The Institute conducts research and in-depth analysis of victimization, with special attention to the victimization experiences of Texas residents. Further, the Institute is directed to evaluate the effectiveness of policy and programming in preventing victimization and addressing needs of victims, to assess the cost-effectiveness of existing programs and policies, and to make general recommendations for improving service delivery systems for victims in the State of Texas. In these efforts, the Institute utilizes information derived from this research to advise and assist the legislature in developing plans, programs, and policies addressing victimization and further disseminates the results of this research to other stakeholders and the public.

**(3) (a) Major Accomplishments to Date:**

Since CVI was established, research projects have assessed timely and relevant topics, including Sexual Assault, Human Trafficking, Stalking, Intimate Partner Violence and Intimate Partner Sexual Assault, Hate Crimes, Safety Planning, and the Victimization of Sexual Minorities. Research has been presented in various forms, including reports to the legislature and other State stakeholders, presentations at professional state and regional conferences, national academic meetings, and victim service provider workshops. This has provided an opportunity for CVI to contribute policy-relevant research results to a state, regional, and national dialogue about victimization. CVI also compiled a statewide Dashboard in 2016 and 2017 to summarize official statistics on victimization and victim services from state agencies to track the amount and type of victimization and response to victims by victim service agencies and the criminal justice system. CVI is involved in committees and organizations that address victim services and how those services can be improved. In particular, CVI is an active member of the Texas Victim Services Coalition. The Director of CVI is also an At-Large Member on the Executive board of the Texas Victim Services Association. CVI has recently established a research partnership with the Office of the Governor. Through this community engagement, CVI maintains open communication with victim service entities and remains abreast of issues involving victimization.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**753 Sam Houston State University**

---

CVI will continue to explore issues related to victim characteristics, victim-offender relationships, sexual assault on college campuses, the victimization of marginalized communities, and system responses to victims. CVI will expand on research exploring hate crimes, perpetrators of these offenses, consequences of victimization, and strategies for improved victim service provision and suspect apprehension. CVI will update the statewide Dashboard annually to monitor data on victimization throughout the state of Texas. The institute will prepare translational reports addressing victim-centered, trauma-informed criminal justice system responses to victims in Texas and will be collaborating with multiple police agencies to develop strategies for improved victim service system response to sexual and domestic violence. In doing so, CVI will expand on current projects and develop new studies to contribute policy-relevant research to assist the Legislature and other stakeholders in their efforts to prevent victimization. CVI will work collaboratively with victim service providers and stakeholders in Texas and disseminate research results for agencies to work more effectively and efficiently. CVI will also continue to distribute translational research to a variety of audiences through the use of Legislative Briefs, Research Reports, and brochures. The goal of these projects, reports, and presentations is to translate research into useful recommendations for policy and practice.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

NONE

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

The elimination of the Crime Victims' Institute will impede the research component that provides a service to victims within the State of Texas and provides empirically-based guidance to policy-makers concerning victims of crime and effective strategies for preventing victimization. This has been particularly important for service providers and criminal justice agencies in their response to victims of crime. Victimization has widespread short- and long-term consequences for the victims, their families, and society. The work of the Institute is critical to understanding victimization and its many health, educational, employment, familial, and broad social consequences, which have implications across many institutions within the state, including health, legal, educational, and financial systems. Information derived from the research conducted by the Institute is necessary to the development of effective policies and programs designed to prevent victimization and to address the needs of victims throughout the state. General revenue non-formula support is critical to ongoing operations of these activities. Additional decreases in funding or elimination of funding may trigger loss of competitive grant support funding, require significant reduction in level of services provided and/or the assessment of participant/user fees as appropriate to offset associated costs.

**Criminal Justice Correctional Management Institute of Texas**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1994
Year Non-Formula Support Item Established:	1994
Original Appropriation:	\$1,223,937

**(2) Mission:**

The mission of the Correctional Management Institute of Texas and the Criminal Justice Center is to provide educational and professional development opportunities for current and future criminal justice and juvenile justice practitioners to acquire and develop the knowledge, concepts, and skills necessary to enhance the corrections profession. In fulfilling this mission, the Criminal Justice Center provides degree programs for undergraduate and graduate students preparing for careers in criminal justice and engages in research on problems associated with crime, criminal behavior, correctional policy, and the administration of justice. The Correctional Management Institute of Texas develops and delivers relevant professional development training for institutional and community corrections personnel and provides program evaluation and technical assistance to juvenile justice and criminal justice agencies and organizations

**(3) (a) Major Accomplishments to Date:**

The Correctional Management Institute of Texas (CMIT) provides critical leadership training to correctional professionals. Working together with the Criminal Justice Center, the Institute has developed and maintained close working relationships with the criminal justice community, becoming widely recognized as one of the key providers of professional development training for juvenile justice and criminal justice practitioners in Texas. During FY 2016 and FY 2017, the Institute, working collaboratively with a number of agencies and organizations, collectively conducted 251 training programs that served 12,941 corrections professionals and delivered more than 204,571 contact training hours.

CMIT worked in collaboration with the Community Justice Assistance Division (CJAD) of TDCJ to expand the Community Supervision Officer Certification course. Based on CJAD's curriculum, our Institute developed numerous online modules for new adult probation officers to complete prior to attending a face-to-face certification class. In FY 17, the online training went live and is providing over five additional hours of training to each Texas probation officer. Our Instruction Design team continues to update the courses and provides online support.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

CMIT, in a collaboration with the National Institute of Corrections (NIC) and our Texas agencies to include the Texas Commission on Law Enforcement (TCOLE) and the Texas Commission on Jail Standards (TCJS) will develop through a Mental Health Training Initiative, the creation of a 40 hour Mental Health Officer Course for Jails. Using NIC's current Crisis Intervention Training and the Texas Commission on Law Enforcement (TCOLE) based Mental Health Officer Course, a curriculum will be developed that meets TCOLE's course certification requirements. CMIT will work closely with the Texas Jail Association, the Sheriffs Association of Texas, other agencies, and subject matter experts to design curriculum for the optimal program to include a Trainers for Trainers course. CMIT will work with all the collaborative partners to sustain this significant training for jail professional across Texas. Course structure and evaluations will be designed in a manner consistent with current trends, relevant training needs, and include legislative content recently enacted

---

**Institute of Environmental Studies**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1991
Year Non-Formula Support Item Established:	1991
Original Appropriation:	\$200,000

**(2) Mission:**

Provide environmental research support and education to corporations, municipalities and citizens of Texas.

This item provides undergraduate and graduate students with environmental research opportunities, through the use of an analytical laboratory, and an environmental technology development laboratory. The Institute is a resource to SHSU faculty and staff and is used to demonstrate capacity in grant applications. State funds allocated to TRIES will leverage external funding sought for additional research projects. Along with this function we provide analytical services to several entities that cannot afford other commercial services.

**(3) (a) Major Accomplishments to Date:**

1) Environmental Training for teachers, in-service teachers and the general public. (2) Contributor to EPA/ACS Green Chemistry Outreach Program to include Green Chemistry concepts in college texts and other publications. (3) TRIES in collaboration with the University of Warmia and Mazury in Olsztyn, Poland organized an international conference on Environmental Best Practices. (4) TRIES successfully completed a 3 phase Department of Defense (DOD) wastewater treatment research project. Six patent applications have been filed related to this project. The project has led to product commercialization for both military and civilian wastewater applications. (5) TRIES has received funds from the U.S. Army Environmental Research and Development Center (ERDC), for the continued development of the wastewater treatment system. (6) TRIES analytical laboratory established relationships with companies in the petrochemical industry to analytical services. (7) Established a prototyping facility to enhance the development of environmental technologies. (8) Established the Institute for the Study of Invasive Species - the only early detection and rapid response group in Texas and the western Gulf coast. (9) Development of a program to train professionals in wetland delineation. (10) Provide water quality monitoring in the San Jacinto Basin through Houston Galveston Area Council (HGAC) through the Texas Commission on Environmental Quality (TCEQ) for the Clean Rivers Program

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

1) Increase industry partnerships to provide analytical services to a number of different sectors throughout the Greater Houston Area and Southeast Texas. (2) Expand services of the analytical lab by developing new SOP and seeking NELAC accreditation. (3) Develop community partnerships to provide GIS support services. (4) Work with HGAC and TCEQ to increase water quality monitoring efforts throughout San Jacinto watershed.

**Institutional Enhancement**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$2,252,592

**(2) Mission:**

Funds from this Non-Formula Support are transferred to operations support for faculty salaries as well as providing for enhancement of other operational areas. These funds ensure the University 's ability to recruit highly qualified faculty, to update such processes as registration, fee payment,application of financial aid to students 'accounts, providing prospective students with information about the University on the Internet and traditional methods of communication.

**(3) (a) Major Accomplishments to Date:**

Texas is facing critical shortages of qualified teachers especially in the area of math and science and the shortage is projected to increase. The shortage has worsened due to a state requirement that high school students complete four years of math and science under the recommended plan for graduation.

In addition to educating teachers, highly qualified faculty were hired in the STEM and health sciences area. The university has recognized and implemented change which has resulted in sustained enrollment increases, high student retention rates, and increases in number of degrees awarded. For example, the Student Advising & Mentoring Center was named as a top 8 program in the U.S. by National Academic Advising Association.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Sam Houston State University will recruit highly qualified faculty in support of academic excellence, develop infrastructure that supports the intellectual transformation of students and increases the student experience.

---

**Sam Houston Museum**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1911
Year Non-Formula Support Item Established:	1911
Original Appropriation:	\$67,482

**(2) Mission:**

The Sam Houston Memorial Museum is an organized and permanent department of Sam Houston State University. It is educational in purpose, dedicated to and responsible for collection, preservation, conservation, exhibition, interpretation, and research. These efforts will extend to the historic buildings and structures, landscape, artifacts, material culture objects, books, manuscripts, and archives entrusted to its care. The Museum has two major emphases. (1) The life and times of Sam and Margaret Houston, members of the Houston family, dependents and descendants. (2) The history, culture, and development of Texas and the Southwest, especially the period 1832-1865. The entire 19-acre Museum grounds are listed in the National Register of Historic Places. Sam Houston's "Woodland Home" is a registered National Historic Landmark, a Texas Historic Landmark, and a State Archaeological Landmark. This item supports the missions of Sam Houston State University. Over 120,000 out-of-school adults, college students, and schoolchildren annually are taught Texas history and material culture. The item fosters scholarly research through maintaining an archive and library and sponsoring regular conferences and seminars. Service is provided to Huntsville and Texas by supporting the growth of travel and tourism.

**(3) (a) Major Accomplishments to Date:**

The Museum preserved four original Sam Houston buildings from imminent destruction. It constructed the Walker Education Center, replica Houston kitchen, and maintenance barn, and remodeled the Memorial Museum and Rotunda. Living history interpretive stations were installed on the grounds. Houston and early Texas artifacts and objects were collected, preserved, and exhibited. The Museum completed a program to redesign and reinstall the long-term exhibits in the Memorial Museum building. \$250,000 was received from Congressional appropriation to support this program. A support program for the Museum was founded with the General Sam Houston Folk Festival, the Raven Rangers, and the Friends of the Sam Houston Museum. The Museum achieved full reaccreditation by the American Alliance of Museums, the highest honor awarded to an American museum. Three additional historic structures, Bear Bend, Roberts Farris and Guerrant Cabins, from the mid-19th century have been restored to the grounds. The museum received a donation of \$550,000 for improvement to the lower level of the Walker Education Center. The area, W. S. Gibbs Conference Hall, now serves the university and the community. The Museum is an active participant in the Texas Forest Trail region.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**753 Sam Houston State University**

---

The two important areas of emphasis over the next two year will be in education and marketing. Specific initiatives are designed to enhance, expand, and refresh our efforts to fulfill our mission. The Sam Houston Memorial Museum's departments are exploring and implementing new ways to integrate the Museum into the campus life of the University and the public. The Museum's Education Department will revise and restructure its programing to stimulate and attract students and visitors. In addition, the Education and Collections Departments will reach out and encourage students to offer opportunities for research, internships and other areas of participation. The Exhibits Department will continue to work with university departments, faculty and students to provide opportunities at the Museum. With the focus on social media, the exhibit and marketing departments continue to enhance all current areas to expand contacts and provide up-to-date information on the Museum and attract new visitors. In the next two years, the Museum will implement an app that will be available to the university community, local community, and visitors, on and off site, with varied and expanded information and new programing. The Museum is in the initial stages of redesigning certain areas of the permanent exhibits in the main Museum building and historic homes. The Museum has received additional artifacts and information that deserve new and improved exhibits and interpretation.

**Student Success Initiatives - Advancing 60x30TX**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2020
Year Non-Formula Support Item Established:	2020
Original Appropriation:	\$8,000,000

**(2) Mission:**

The 60x30TX strategic plan represents the next leap forward for higher education and SHSU is proud to be a contributing partner in this collaborative effort and to provide leadership in the development of innovative programs and teaching methodologies focused on educating the Texas workforce for the 21st century. Even with the university's proven record of accomplishment, the goal of sixty percent attainment by 2030, will provide a number of challenges including the ability to adequately meet the expanding needs for assistance and support from a larger base of underprepared students.

SHSU requests operating funds for Student Success Initiatives that include services and programs that will build on an already strong foundation and advance the 60x30TX goals addressing completion, marketable skills and student debt. Funding will allow the university to expand activities currently supported by grants, designated tuition and dedicated fees. The university's programs such as First Year Experience, the nationally recognized Student Advising & Mentoring Center, the Academic Success Center, Career Services, ELITE (Establishing Leadership In and Through Education) program, and McNair Scholars have demonstrated significant correlation to academic success, job placement and degree completion.

**(3) (a) Major Accomplishments to Date:**

- Historically, approximately half of Sam Houston State University's enrollment is first generation and over seventy percent is classified "at risk." SHSU is a leader in the development of programs that target the needs of these unique populations, contributing to improved student outcomes.
- Sam Houston is nationally recognized for minority graduation rates that equal or exceed the rate of white students.
- AASCU recognizes SHSU as a member institution that is integrating evidence-based solutions and producing significant improvement in credentialing productivity.
- The university's ELITE program has been recognized for two consecutive years in Excelencia in Education's "What Works for Latino Student Success in Higher Education," America's largest inventory of proven practices for accelerating degree completion among Latinos.
- SHSU is among 31 institutions in the nation selected to participate in "The Frontier Set," an initiative funded by the Bill & Melinda Gates Foundation to identify strategies for improving graduation rates in low-income, first-generation and minority students.
- Sam Houston State is one of forty-four campuses nationally involved in the Re-Imaging the First Year Experience.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

- Introduce early career exploration (years one and two) that will assist in making timely career decisions so as to develop the appropriate marketable skills.
- Expand advisement and support services to meet the unique needs of transfer and completer students as prioritized by the 60X30 initiative. This includes pre-transfer advisement to ensure courses taken at the community college level apply to their degree at SHSU, which helps ensure transfer students complete a degree in a timelier manner and without excessive hours.
- Continue efforts to match developmental courses with college-level math classes and communicate through early advisement the impact on graduation.
- The Academic Success Center will design academic support services/supplemental instruction for core gateway classes that are high with D/F/Q grades.
- Connect student enrollment, academic, career development, and student success data for analysis and decision-making.
