Serving on the Board of Directors is a prestigious role, and one that is greatly appreciated by the University. Board membership will most likely happen only once in your life and we want that three-year period to be a time when you are able to make board service a philanthropic priority.

Here at SHSU, the Board of Directors is dynamic, one that turns over by one-third each year. Therefore, we want to be clear about the total time commitment we expect of our volunteers and, equally important, the financial commitment that comes with your role. If you cannot fulfill the Board member's role (as outlined above), we will be happy to identify a SHSU volunteer role that is more appropriate for you.
