First time registration on the CITI training website:

Find the register button on the upper right portion of the home page, and click it to bring up the registration page.

Step 1 Choose a participating organization from the search box. All active organizations are listed. This includes the VA sites, The DoE organizations, HANC affiliates, Canadian organizations, Indian organizations, and Korean based organizations.

NOTE: Ignore/skip the Independent Learner Registration question. This does not apply to SHSU.
Step 2 requests that you enter your first and last name along with your email address. Please enter your name here as you would like it to appear on your completion report received at the end of the course.

You can use any email address to register. The account belongs to you, the learner, and if you leave the institution, you will still have access to the account if you use a non-organizational email. This means you can keep the same account and transfer credit if you affiliate with a new organization.

While not required, we do encourage entering a secondary email address. It will assist in the recovery of your account if you forget your username or password and no longer have access to your primary email address.
At Step 3 you will choose a username and password for your account. Please follow the on-screen instructions for the expected parameters of each field. **Passwords are case sensitive.**

During this step, you will also select and answer a security question. This question will be used to assist in the recovery of your account if you have forgotten your username or password. Please select a question that is applicable to you and which you can comfortably answer for the tech support team.
Step 4 asks for your country of residence.
Professionals seeking credit for CITI Program courses can make their selection for Continuing Education credits during Step 5.

[NOTE: select NO to this question; it does not apply to SHSU, since this amenity was not included in our Institutional Subscription!]

Some organizations request very specific information such as an employee ID number or campus name. Any questions regarding the fields on this page should be directed to your organization's CITI Program administrator.
