Delegates

Chrome River offers two types of delegation to allow users to create and approve expense reports for each other at SHSU.

- **Delegate**: Create expense reports for another user and access his or her Settings menu, Home screen and Inquiry Reports. You will receive copies of any e-mail notifications regarding rejection or adjustment of reports created for the user. However, you will not be able to approve expenses that are routed to the user.

- **Approval Delegate**: Temporarily approve expenses and pre-approvals for another user—for example, when he or she is on vacation—via email. You will not be able to access the user's Approval screen.

**Emailing receipts to your Chrome River account:**

**Preference Settings:** All selections remain as populated except Mileage Deduction allows user to enter amount for commute miles to be enabled on expense report when applicable for daily trips. Commute miles need to be deducted from mileage reimbursement if no travel to headquarters. *Mileage policy FO-TR-04*

Mileage Deduction: Simple click the pencil icon and enter the number of miles for commute from home to headquarters. Click SAVE.

Start entering the user's name to jump down the list or drag the slider to scroll through the list of potential delegates. Use can select more than one delegate to create reports.

Now that user will be able to select you from his or her own delegation list and create expenses on your behalf.

**My Approval Delegate** – User can only have **ONE** approver delegate for a designated time-period.
