And never bro't to mind?  
Should auld acquaintance be forgot,  
And days of auld lang syne?

Chorus:

For auld lang syne, my dear,  
For auld lang syne;  
We'll tak' a cup o' kindness yet,

# MESSAGE FROM THE PRESIDENT

Dear Graduate,

Congratulations on behalf of the Sam Houston State University faculty, staff, and administration. You are now alumni, and we are delighted you will represent your University in your careers of choice and in your communities. No doubt you have had many opportunities here, and I am looking forward to seeing how you will use what you learned and experienced to meet the challenges and opportunities of the future.

Our University motto is emblazoned on a wall in The Yard (formerly Bearkat Plaza), but more importantly, it is visible in how you, the Bearkats we are recognizing today, live your lives. Our motto, "The measure of a Life is its Service," provides a meaningful standard by which we can evaluate ourselves as people of purpose who provide value to others. You put the motto in action when you volunteered your time and energy on and off campus in support of organizations and causes you value. You demonstrated your commitment to others when you encouraged your colleagues, friends, and family members during the strange and uncertain times of 2020 and 2021. Thank you for helping us have a successful academic year. You will always have opportunities to add value by engaging in your communities, and I am confident you will do so in ways that will make the world a better place and bring pride to your alma mater.

Many important people supported you on your educational journey. Your family members, friends, mentors, faculty and staff are applauding for you as you reach this milestone, and I celebrate you and your achievements with them.

Sincerely,

Dr. Alisa White

## SAM HOUSTON STATE UNIVERSITY ALMA MATER

Hail to Sam Houston,  
School we love best,  
Mighty in battle,  
True to the test.  
Bearkats so loyal,  
Ever we'll be.  
Orange and white will lead  
Us to victory!

Hail, Alma Mater  
Hats off to you,  
Ever you'll find us  
Loyal and true;  
Firm and undaunted,  
Ever we'll be,  
Here's to the school we love  
Here's a toast to thee.

*First verse sung at August 9, 2003 commencement by composer Allen R. Hightower III. Second verse, Anonymous.*

MEMBER THE TEXAS STATE UNIVERSITY SYSTEM

Kelly Damphousse was raised in a small fishing village in northern Canada, and became the first member of his extended family to attend college when he enrolled at Lethbridge Community College in 1980. Just after his 19th birthday, he earned an associate's degree in law enforcement in 1982 from LCC, and then began a three-year stint in the Alberta Correctional Service as a correctional officer.

His dream, though, was to become a member of the Royal Canadian Mounted Police. One of his LCC instructors had established a transfer arrangement with Sam Houston State University for his students to complete their four-year criminal justice degree. With his instructor's encouragement, Damphousse sold almost everything he had, bought a motorcycle, filled a duffle bag, and rode to Huntsville, Texas, in 1985 to continue pursuing his law enforcement dream. While at SHSU, he worked as a poster maker in the print shop, as a janitor at the Baptist Student Union, and as a resident assistant in Adams Hall. Also at Sam, he met his future wife (nee Beth Smith '87), who convinced him to stay in

the states. Following graduation in 1987, he worked as a security manager for Macy's in Atlanta and New Orleans, before Beth encouraged him to begin graduate school.

After completing his doctorate at Texas A&M University, he began his academic career at the University of Alabama at Birmingham in 1994, before joining the SHSU faculty in the College of Criminal Justice in 1995.

Damphousse moved to the University of Oklahoma in 1997, where he directed several research projects, most notably the "American Terrorism Study" and the National Institute of Justice's Arrestee Drug Abuse Monitoring project in Oklahoma City and Tulsa. As an administrator, he served as OU's Dean of the College of Arts and Sciences, and as the university's Faculty Athletics Representative to the NCAA.

In 2017, he was named the Chancellor at Arkansas State University, the state's second largest university. His "Every Red Wolf Counts" mantra has become a guiding principle for the A-State community. It focuses on widening the door to the life-changing experience of a four-year college degree for all students, and on improving the opportunities for success for A-State's students, faculty, and staff. His reputation as a collaborative and inclusive leader with expertise in collegiate athletics recently resulted in his being unanimously elected as President of the Sun Belt Conference's Board of Directors and to the NCAA Board of Directors.

He and Beth have been married for 33 years, and they have two daughters: Kayleigh Damphousse leads new student orientation at the University of Texas and Dr. Kristen Howell is a scientist at St. Jude Children's Research Hospital.

# ACADEMIC REGALIA

The academic costume worn at official functions today originated in the Middle Ages, when a warm gown and hood were useful to university scholars and clerics in unheated buildings. Through the years, the growth in the number of universities caused confusion about the proper regalia so a Code on Academic Costume was established. Today, The American Council on Education reviews and updates these traditions.

The four-sided mortarboard is recommended for both men and women. The cap is always black and should match the material of the robe.

Gowns are generally black. The bachelor's gown is simple, with long pointed sleeves. The master's gown will have either long sleeves with narrow wrist opening or long sleeves with the hand emerging from the sleeve at elbow length. The doctor's gown is fullest in cut with velvet panels down the front and around the neck, as well as three velvet bars on the bell-shaped sleeves.

Length of the hood represents degree level: the master's hood is three and one-half feet long and the doctor's hood is four feet long. The velvet trim on the edge of the hood is three inches wide for the master's degree and five inches wide for the doctor's degree. The color indicates the field of study. A color or pattern between the trim indicates the university awarding the degree.

# UNIVERSITY MACE

The University Mace is symbolic of the authority of the Board of Regents, The Texas State University System, and the Office of the President of Sam Houston State University. The senior tenured faculty member carries it during academic convocations. It was first used at summer commencement on August 20, 1988.

The mace was designed and hand crafted by the late Charles R. Jedlicka, Associate Professor of Industrial Technology. The crown is a circular casting bearing the name of the University and date of establishment, 1879. The circle features the lone star, the state emblem, in the center. Names of past University presidents with their dates of service are engraved on the brass collar below the crown.

The walnut staff is bound in brass and has a hexagonal head with inlays of pecan for the state tree, recessed brass medallions cast with designs for General Sam Houston, Austin Hall, Old Main, Bearcats, and the completion date of the mace. The holder base or stall is six-sided to match the mace head.

# BACCALAUREATE GRADUATION WITH SPECIAL RECOGNITION

To reflect their achievement, graduates who have earned undergraduate academic excellence receive a gold cord at graduation plus an appropriate notation on their academic transcript. The gold cord indicates one of the following academic achievements: Summa Cum Laude, Magna Cum Laude, Cum Laude, With Academic Distinction, Alpha Chi, and Honors Program.

Degrees conferred Cum Laude, Magna Cum Laude, and Summa Cum Laude reflect an outstanding grade point average with a minimum of 32 semester hours earned in residence (resident classroom instruction). The distinction and corresponding grade point averages are: Cum Laude 3.50 - 3.66; Magna Cum Laude 3.67 - 3.85; Summa Cum Laude 3.86 - 4.00.

The Department Academic Distinction Program is an individualized learning experience that provides qualified students with a comprehensive introduction to meaningful research under the guidance of a designated faculty advisor.

Alpha Chi, a national honor society organized to recognize and promote scholastic excellence, is open to all university seniors who accepted membership and have achieved a 3.6 or higher

grade point average on all college-level course work. Participation in the Honors College is based on a competitive selection process and provides outstanding academic opportunities and distinct undergraduate college experiences. Upon successful completion of the requirements of the Honors College—24 semester hours of Honors courses and two special seminars—the student's academic transcript will indicate graduation "With Honors" and the student may wear an Honors medallion with academic regalia. To be designated as having graduated "With Highest Honors," the student must also successfully complete a special senior project involving original research and/or an effort of creative expression.

*NOTE: Semester credit hours earned in correspondence courses are not considered "resident classroom instruction" hours and are not used in determining the minimum semester credit hour requirement for academic honors: Cum Laude, Magna Cum Laude, Summa Cum Laude, Dean's List, and President's Honor Roll. However, the semester credit hours and grade points earned for correspondence courses are included in the calculation of the overall grade point average.*

## VETERANS AND MILITARY MEMBERS

Sam Houston State University is proud to recognize graduating Veterans and military members with a specially designed veterans stole. The orange stole features camouflage tips bearing the SH logo on the right and the American flag with

Veteran designation on the left. On behalf of the entire Sam Houston State University community, President Alisa White and the SHSU Administrative Officers extend their deepest gratitude and congratulations to these distinguished graduates.

## DR. RONALD E. SHIELDS, DEAN

On behalf of the College of Arts and Media, I offer a hearty congratulations on your accomplishments as a new graduate of Sam Houston State University. As graduates you have practiced and sharpened your intellect and expanded your understandings of the arts or media in a global context. You are ready for your future and we challenge you to find and live your passions.

This graduation ceremony marks a clear transition in your life as you continue your journey towards your life goals—every ending becomes a beginning. We urge you to take time today to pause and send thanks to your supportive family and friends, faculty and staff, those individuals who “went the extra mile” to help you balance your student workload and life responsibilities.

Robert Frost reminds us that life teaches a hard lesson: We have to “learn to let go of the hands” as we move from one stage of life to the next. This graduation marks one of these times of letting go. Fortunately, the poet also reminds us that we are never forced to “let go of the heart” as we journey forward through life. With this sentiment, I urge you to keep in touch. Let us know what life brings as you explore your future and don't be afraid of new beginnings and challenges.

Remember you will always have a home at Sam Houston State University and within the classrooms and stages, rehearsal rooms, production shops, and media studios of the College of Arts and Media.

Dr. Ronald E. Shields, Dean

**DR. PHILLIP M. LYONS JR., DEAN**

Congratulations to you and yours on this important accomplishment. The faculty, staff, and thousands of fellow College of Criminal Justice alumni are enormously proud you have achieved this personal milestone. We understand how hard you had to work to get here and the significance of your degree for you and your future. Your future is brighter and we are both proud and pleased.

We are also hopeful, not only for your future, but also for our own. Because you have developed skills in critical thinking, an orientation toward life-long learning, and a commitment to service, we know that our communities and society will benefit from your contributions as you go out into the world. If you are among the vast majority of our graduates who will continue in the field of criminal justice, we know that your education and values will be applied in ways that make our communities safer and improve the quality of our lives. SHSU's College of Criminal Justice confers more degrees in the field in this state than any other institution—by far. You and your fellow Bearcats will shape the future of criminal justice in Texas and beyond like no one else.

As you open the next chapter of your lives, we wish you well and hope to see you again soon. Just as we know you will be there for us, so you should know we continue to be here for you. As you embark upon your career, know we are ready to assist in your professional development through our various institutes within the Criminal Justice Center. And if graduate school may be in your future, you should consider our nationally-ranked programs targeted toward working professionals.

Again, congratulations!

Dr. Phillip M. Lyons Jr., Dean

*The scale represents the spirit of the Latin proverb, Jus est ars boni et aequi, Justice the art of the good and fair. The oak bough with 16 leaves symbolizes strength, while the olive branch with 20 leaves represents peace. The number of leaves recalls the year, 1620, when the pilgrims signed the Mayflower Compact, the first American political document, whose purpose was to preserve order by means of the principle of rule of law.*

On behalf of the College of Health Sciences, I wish to congratulate you for this achievement and significant milestone in your academic life. Whether undergraduate or graduate degree, commencement signals the completion of a formal education. The faculty and staff are confident the knowledge, skills, habits, and attitudes refined and acquired during your time here provide a foundation to embark on a successful career or further graduate education.

The demand for health sciences' professionals increases across our local, state, and global communities. You are entrusted with promoting health, well-being, and sustainability to an increasingly diverse population. Your responsibilities are great, but you are ready!

With commencement you join the thousands of Bearkats who came before you, leaving their marks on society. The value of your education from Sam Houston State University is measured not by the degree earned, but how you leverage that degree to positively impact our world. We wish you health and success, and hope you come back to visit us in the near future!

Dr. Rodney C. Runyan, Dean

*The simple shape represents a water droplet or the flicker of a flame. When duplicated, the droplet becomes a lotus flower bud symbolizing long life and purity, while growth is demonstrated by the progression from small to large. The final mark demonstrates the connection of organic and inorganic, moving beyond natural, suggesting science, digital and data. These are all direct representations of our mission.*

**DR. CHIEN-PIN LI, DEAN**

Hearty congratulations to the newest CHSS graduates. I join the faculty, staff, students, and administration of the college in recognizing your accomplishments.

Your graduation is a testament to the adage, "the only place success comes before work is in the dictionary." Your hard work has certainly led to this milestone—the first of many future successes.

As you stand proud today, remember to thank those who stood behind you as part of your support network. Be sure to recognize their efforts and the encouragement that made the difference along the way. As you go through life, pay it forward. "The measure of a Life is its Service" isn't just a hollow phrase. Take it to heart and make it part of your daily life.

Again, congratulations on completing his chapter of your life; we're proud to have been your academic home at SHSU and wish you the best in your future endeavors.

Dr. Chien-pin Li, Dean

*The quill connotes the importance of creative endeavors while the ruler along the rooftops illustrates a concern with the scientific method. The arched lines represent communication and its wide-reaching effects, hovering over the home, which emphasizes the importance of human bonds and of the family's formative role for the individual. Overlooking all of the other symbols are four face profiles representing the celebration of the diversity that strengthens each of the disciplines within the college.*
