PROXY PORTAL – How-To Guide for Students

Proxy Portal allows Sam Houston State University students to grant parents, guardians, coaches, or potential employers’ access to specific parts of their records online, pertaining to financial aid and/or registration.

By setting up Proxy Portal access, the student is granting the designated person access to view this information online at their convenience. Access can be updated or revoked at the discretion of the student.

Adding a Proxy:

1. Log in to My Sam

2. Click on Campus Resources
3. Scroll down to the Office of the Registrar Tab and select Proxy Portal

4. Select Proxy Portal and click Add New

NOTE: If you have not set up Duo Security, you will need to do so before you can access Proxy Management. You can find more information about duo security here: https://www.shsu.edu/dept/it@sam/technology-tutorials/duo/how-to-enroll.html
5. Enter required information for your proxy and the dates you would like them to have access to your information.
6. Check each box next to the information you would like your proxy to have access to view.
   a. Pages available will depend on what relationship you select for your proxy.
   b. Click Submit

Your Proxy will now receive three different emails:
   a. One email will be titled Sam Houston Proxy Confirmation Token and have a code to use in the one-time use link from the Confirm New Sam Houston Proxy Identity email.
   b. One email will be titled Confirm New Sam Houston Proxy Identity and will have a one-time link to be used with the code from the Sam Houston Proxy Confirmation Token email.
   c. One email will be titled Sam Houston Proxy Relationship Updated and will state what type of proxy you have been granted as well as the permanent link to access the student’s information after setting up your account.
      i. It is recommended that you save this link for future use.

NOTE: Some email hosts will deactivate the links necessary to set up an account and/or send the email to junk. If your proxy is unable to find the email that was sent if the link does not work, enter a different email address for your proxy.
Updating Proxy Access:
