

How to Register - Not College Ready in Math

This how-to register guide is for students who have TSI scores on file but are **not college ready in Math**. Students who are not college ready in Math are required to take an additional developmental Math course. Students should have their degree plan available with notes from the advisor indicating which courses the student should register for.

[Math 1314, 1324, and 1384 have linked Math NO sections](#). For example, Math 1314 section 80 is linked to Math NO14 section 01. Students must register for their Math and Developmental Math together, before registering for the rest of their courses.

1. In MySam in the Registration Tab, click **“Bearkat Registration Dashboard →”** within the **“Bearkat Registration Dashboard (Add / Drop Classes)”** box.

The screenshot shows the MySam registration dashboard. On the left is a navigation menu with 'Registration' highlighted. The main content area has three columns: 'Texas Success Initiative (TSI)', 'Bearkat Registration Dashboard (Add / Drop Classes)', and 'Complete Registration'. A blue arrow points to the 'Bearkat Registration Dashboard →' button in the middle column. A 'Click Here' label is also present near the arrow.

2. Select **"Add / Drop Classes"**

- If the **"Add/Drop Classes→"** button is grayed out, you will need to take care of any outstanding items, prior to accessing registration.

REGISTRATION

What would you like to do?

- Prepare for Registration**
View registration status, update student term data, and complete pre-registration requirements.
- Register for Classes**
Search and register for your classes. You can also view and manage your schedule.
- Plan Ahead**
Give yourself a head start by building plans. When you're ready to register, you'll be able to load these plans.
- Browse Classes**
Looking for classes? In this section you can browse classes you find interesting.
- View Registration Information**
View your past schedules and your ungraded classes.
- Browse Course Catalog**
Look up basic course information like subject, course and description.

4. Click the **dropdown** and select the **Term** you wish to register for and then click **Continue**.

5. The student will need to add their core math first. Type “MATH” or “STAT” in the **Subject** box.
- A dropdown option stating “Mathematics” or “Statistics” will appear, select the option that applies
