IV. Guest Speaker – Dr. Kay Angrove  
Dr. Kay Angrove Director of First Year Experience spoke to members of Staff Council on her FORWARD program (former foster, youth, orphans, and wards of the court or homeless students). The FORWARD program’s purpose is to empower these students to pursue higher education and transition successfully into college. The program also serves as a recruitment and retention resource for these students. To help care for these students, professional development is done for faculty and staff to best understand our role in helping these students. This past fall, Dr. Angrove has identified 174 students who belong to one of these categories here at SHSU. Some of the examples of how FORWARD helps these students include providing housing during residence hall closures, advancing financial aid for books, and providing one on one mentoring to students. Members from identified student service departments serve on a committee to coordinate programs and support for FORWARD students. Student Success Initiatives also communicates to FORWARD students by Vlog & newsletter, 3 times per long semester. Ways that staff members can help these students is by providing preferential status in hiring (per the State of Texas), donating
to the scholarship fund, becoming BFF mentor, joining the webinar series, and supporting a student organization. Dr. Angrove asks that any member of Staff Council that feels that their department can provide services and support to FORWARD students should contact her to get involved.

V. Chairs Reports – Melissa Fadler
Melissa met with the chair of Faculty Senate Dr. Jonathan Breazeale to discuss what their goals were and to present ours for the upcoming semester. Faculty Senate is currently working on ORP retirement reform but staff are ineligible for ORP, we will wait for future collaboration opportunities that effect both faculty and staff alike. A meeting with Dr. Miller is scheduled for January to follow up on her proposal for Staff Council to participate in community engagement. Melissa and Megan were contacted by Mark (the chair elect) from the University of Houston’s Staff Council in regards to creating a Texas State Staff Council Consortium. Any Texas University that has a Staff Council has been participating in regular conference calls to discuss issues, goals, and missions of each member institution. A survey was completed by Melissa and Megan and submitted with information on SHSU’s Staff Council. More information will follow when it becomes available.

Professional Development Conference: Rebecca Gay
The committee met before Thanksgiving to review all the proposals and presentations submitted for the upcoming PDC. Members selected presentations that they felt would best serve the University community and each selected speaker has been contacted. Each presenter is in the process of confirming their session, along with sending in bio’s and headshots for the conference. The committee has decided to
create a new format for this year’s PDC. Staff members will check in and report to a
group opening session instead of going directly to their first breakout session. This
will allow for a uniform message to go out to everyone, welcoming them and
explaining the course of events for the day. Four members of the PDC committee
received talent management training from T.J. Bittick in HR to allow them access to
talent management to prepare them to assist with registration. The program and
marketing team is currently working on the mass email to be sent out to SHSU staff
members to remind them of the event and to register online. Rebecca is also working
with Aramark to finalize a meal for the PDC. At next month’s meeting, the PDC
committee will be asking members of Staff Council to volunteer to help assist in
running events for the day.

Staff Affairs: Natalie Payne
Staff Affairs met to review a SHSU Diversity committee/club that were only for staff
members and the SHSU smoking policy. Kristin Ware and Wilbert Hightower
submitted Natalie’s research on staff Diversity committees at other Texas
Universities. They found that at the researched institutions, that no staff only
committees/clubs existed. Melissa added that Dr. Hernandez informed her that there
is currently a diversity committee at SHSU made up of faculty members, chair by Dr.
