Student Profile Overview

The student profile overview is a quick and convenient way to view a student’s success and progress all in one location. There are a couple of ways to view a student’s profile. The first is to use the Global Search at the top right of the Campus Connect platform by typing in the student’s first and last name, or by their ID #: The second is by clicking on the student’s name from a list you compiled by a search. As a faculty and staff, this will be your view of the student profile overview in Campus Connect.
