## Notes

The DD Form 214 and other military records may be requested from the National Archives at the following website: <http://www.archives.gov/veterans/>. A NA Form 13038 may be substituted for a DD Form 214 upon National Archives verification that the Veteran's DD Form 214 has been lost or destroyed. The Veteran still must prove home of record or place of entry into active duty as Texas per the procedures below.

Veterans with qualifying service on or after September 11, 2001, are required to provide a VA Certificate of Eligibility statement with their application regarding their Post 9/11 GI Bill eligibility (applies to all applicants, except as listed below). *Legacy recipients where the Veteran's DD Form 214 has a separation date after September 10, 2001 and prior to August 1, 2009 do not need to submit a VA Certificate of Eligibility if the type of separation is listed as "Discharge" or "Retirement" (to include those medically retired, temporary or permanent).*

Veterans whose DD Form 214 does not indicate a Home of Record or Place of Entry into Active Duty as Texas will be required to provide a Texas high school transcript indicating their graduation within one year of their enlistment. If the entry date is more than one year after high school graduation, the Veteran will be required to provide one of the following: lease or mortgage documentation, pay stubs, or W2 to verify Texas residency in accordance with Subchapter B, Texas Education Code § 54.
